**NEW! "BACTERIOSTATIC" FEMINE HYGIENE**

now finding great favor among women...

Many doctors recommend regular use of douches as a precautionary measure for women who want to be clean, dainty—for women troubled by offending odor or discharge.

Some products may be harmful to delicate tissues. But not Lydia E. Pinkham's Sanative Wash! Pinkham's Sanative Wash is gaining great favor among women because it's NOT a harmful germicide. Instead—it's a mighty effective "bacteriostatic" (the modern trend). It not only discourages bacterial growth and infection but thoroughly cleanses and deodorizes. Very soothing—relieves minor irritations and discharge and has a tonic effect on delicate membranes. Inexpensive! Get your bottle of Lydia Pinkham's Sanative Wash today. All drugists.

**THE SHOOTING OF A SOLDIER AT FLAGSTAFF, ARIZONA**

News dispatches Saturday stated that a Negro soldier was shot and killed at Flagstaff, Arizona, while a few others were wounded. Justification for the killing was based on the statement that the soldiers had machine guns and were firing them in the streets.

This is a very unlikely happening and should be impartially probed. All of which reminds us that Colored Public Relations Officers would save such a situation by creating a better understanding between the races and making proper contacts. Such men should be employed in respectable numbers and sent over-

the country, or better still, stationed in areas where we have a large concentration of colored soldiers. Race prejudice is here and it will not vanish at once because we are in the war. Besides, it is a phase of ignorance and education such as suggested here is the only cure for it.

**THE POLITICAL POT IS BOILING**

The politically inclined have thrown their hats into the ring and the battle is on. In state politics chief interest seems to center around the candidates for United States Senator. On the names of William Ritchie, John C. Mullen and Congressman Coffey, most frequently mentioned. On the republican side we hear the names of Kenneth Wherry and Hugh Ashmore more often than any other persons. Among aspirants for governor, republicans present two strong men, Charles J. Warner and Dwight Griswold, the latter being the present governor.

Locally, the legislative race dwarfs all others in interest. Here we have many old timers and many new timers at the bat. And the fight they are making "is a honey". Thus far they have been "hitting above the belt". But if the race really "speeds up", somebody will have to be stopped or the cameras will not be rapid enough to record the photo finish which is in the offing.

We do not know just how the race is taking shape everywhere, but here in the 5th District the race is "rip and tuck". The Acting Editor, C. C. Galloway, your "Hopeful" for Senator, is getting ready for a real race and he will be running until 8 P. M. August 11th, Primary Day. When nominated and elected, he will serve all his constituents faithfully. He intends to stand by his platform pledges. Let the pot boil.

**SABOTAGE AND SABOTEURS**

In recent days a great deal has been published about sabotage and saboteurs. A few of that element have been apprehended and a small number have been placed on trial before a military commission. We do not know what the facts are, but we can say that the thought of it sickens us.

For one hundred and fifty years we have been telling the world about the American "MELTING POT"; how we receive NATIONALS of other lands and makes them citizens and Americans. Well, we are finding out that an oath of fealty to a government must be made by the heart and not by lying lips: if it is to mean anything.

Our theory is excellent, but our practice has not yet risen to the high level of the theory. And while we dislike having to remind Americans about the LOYALTY OF THE COLORED POPULATION the traitorous behaviour of our "enemies within" compels us to do so.

The awful truth is that these Nazis have been preferred to our own colored people; they have been employed while loyal black men have had to stand by and beg for work in our war factories; they have had to stand by while these enemies entered every door, while they could not, even to give their lives to save the liberties of all men everywhere.

We must, therefore, conclude that the master SABOTEUR is color prejudice. Let us slay this monster.

**GIRLS ON THE STREETS**

Everybody moved Tuesday night, can't say they were way out on the outskirts of town—but they were downtown jumping to that famous one o'clock "jump master" "Count Basie."

Whatta crowd! The "Count" came on with his fine music—among the finest were:

You are always in my heart—I'm gonna move to the outskirts of town—Basie Blues—Little Jimmy Rushing really did give—

first and then "put the traitors to the sword".

**COLORED SOLDIERS IN ALL COUNTRIES NOW.**

Colored soldiers are now in all the warring countries. Letters are being received from them from the far places of earth. On the whole they are doing very well. Later on in the war, they will die, ever more and more all over the earth where there will be "lack of woman's nursing and death of woman's tears". In those lands they shall forever lie buried as boys of another generation in the now Nazi desecrated cemeteries of FALLEN FRANCE.

The young men who went away to war a generation ago had in their hearts the rapture of a lofty resolve: they would fight and die gallant, bleeding France, the symbol of all liberty for all men everywhere. Now the sons of the veterans of that other war go forth to fight for something which is not so clearly defined in their minds and hearts.

Those of us who survived that other tragedy know why we fight: to save others that we ourselves might be saved. Lasting Salvation, however, will not be ours, as in the last war it was not, unless we try all men of all colors and all lands. For unless we do this, the world will be made miserable for a thousand years.

China, India, Africa and their peoples not less than Englishmen, Americans and others must share in the good things of this earth. With out these, though we beat the axis on the field of battle we shall have lost the war.

**THE RUSSIAN-GERMAN CAMPAIGN**

The present campaign in Russia presents the grandest scale of military operations developed thus far in the Second World War. Especially is this true as to the number and deadly power of the machines engaged on the ground and in the air. There have been other battles in which the numbers killed and wounded have been greater, but none in which mankind held a greater stake.

Here in America we dimly see the approach of the impending doom should the axis powers win the war. We must see it, and we must utilize all our power and our resources for the fight which we must make. Anyone who can aid should be called to service, now. In this way we can aid to end the campaign in Russia and save what is left of the earth.

**SCOTTSDALE DEFENDANT IN PRISON AGAIN**

New York, July 17 (ANP) One of the boys released in the Scottsboro rape case and brought here five years ago awaits sentence in the City prison this week, under \$2,500 bond, accused of having annoyed a young woman in Brooklyn. He is Willie Roberson, who has admitted he was one of the Scottsboro defendants released in 1937, police report.

**SCIENCE AGAIN PIERCES RACE MYTH**

Washington, July 15 (ANP) That racial claims made for propaganda purposes have no anthropological basis was again supported recently by Dr. John R. Swanton, veteran anthropologist of the Bureau of American Ethnology, in a new publication of the Smithsonian Institution. Even the earliest nations, like Egypt and Babylonia, show no uniformity in racial types, declares Dr. Swanton. There were at least two distinct physical types common in ancient Egypt in addition to the Mediterranean type commonly thought of as representing the Egyptian race. As for modern Germany, the article continues, few of the larger nations of history have less claim to a mystical national unity, despite the insistence of claims made by Nazis.

Observing the crowd: Everyone was Yes Indeed. Kenneth Myers was really knocking himself out. Walterine Wright wore a beautiful blue and white dress she had special ly designed for the dance. She wore a turban to match the outfit was a B..... and who do you think we found in all that crowd? None other than "pants" in a burnt orange Vogue creation. She was looking fine as usual and that suit the "Erown" cat is wearing...he look like he's straight from Chicago when he pins that fine draped pin stripe light beige suit. To say nothing of "Moons" suit...if he ever looked like a moon it was last Tues. nite, because Joe Wright was really looking fine in his white draped suit—We believe it was the only one there beside the fine draped jacket Joe Milton was modeling, and Herman Franklin had on white draped peg drapes, but only Joe had the whole suit. (score)...and just because Lawrence Gaskin decided to cut in on Lloyd Gray and Genevieve Butler had nothing to do with how long Lloyd stayed with Genevieve and he really did look fine. Lloyd's pants were three extreme draped creation.

"Rocking Oliver Hodges" had a little chic from Council Bluffs or somewhere strung on to him. I don't imagine Harriet Green liked that so well. Guy Rucker kept up with Millie Green, both looking very fine.

Most every guy there had two or three chicks didn't they Cappell Curtis?

Can you imagine who came out all of a sudden in a draped suit... David Hughes... he and his chic came on like a lite. (a djm one.)

...and Simon walked around with two new chicks (the cute one wore a stripe sweater boys.)

Joyce Blair stayed near Elwood Hicks mos' every session and you can be betting that Lola was with Mac and Mac was with Meyer S. (who was looking so nice.)

Spotted Lawrence Keys, Lloyd Hunter's piano player pickin' up a note to add to his numbers...he was spelling to Sally Wells.

The whole sold place was packed like sardines and we are inclined to believe that Dear old Uncle Sam has taken all the fighters. There are not a single fighter. We are proud of our gang...for once... everyone there was looking their best. All the boys were draped and all the girls wore those jersey green and white dresses (Was it a bargain for a deal.)

Oh, it was a few that missed out on that green and white sale and got black and white or red and white.

**THE DURATION**

We must not forget to menshun that not a single couple could cut those patties. Luther Taylor and his wife, Arista were the only couple that could last during the duration.

**CANDY BARS TO EMBARKING ARMED FORCES**

CHICAGO, ILL.—PIXPAGE—Yeoman William Demand, of the United States Navy, receiving from Lois Johnson first of the candy bars that are being given by Otto Schnering, president of the Curtiss Candy Company, to every service man in the United States Armed Forces, as he embarks for foreign service. Each bar is in an especially made package bearing the message, "Good Luck from Curtiss!" First shipment of several thousand bars has been started on its way from plants of Curtiss Candy Company here, to undisclosed ports for distribution through Army and Navy channels.

**HAVE YOU SEEN HERMAN?**

Verdel with the new chic from St. Joseph, Mo., Mary Lois Strawn... she is very cute and I'm sure Herman V. is having not a hard time showing her Omaha. Othar R. seems to think Herman needs help. (naturally)

**P. S.—**

Roscoe Alston is seen in North Omaha here lately on twenty seventh and Erskine. Could Verdel Johnson be his new love? Wonder if he'll win—you know she also goes with a soldier.

**TRANSPORTATION**

...was a problem. Those who had their own cabs couldn't find parking space and those who rode public cabs were in there packed. Corners of all downtown were crowded after the outfit. Cabs and Chicks looking up cabs. Everybody had a fine time—I did.

**ACROSS THE POND**

We received a letter this week from Donald Stewart... he wrote it three months ago and when it got to us most everything was cut out. Anyhow we was awful glad to hear from him.

**FROM DETROIT, MICHIGAN**

**TANKS DON'T FIGHT IN FACTORIES!**

These formidable fighting machines can not take part in offensive action until they reach the theatre of war. No matter to what extent production is stepped up, transportation still remains a vital factor. That's where Union Pacific is doing a job of which we are mighty proud.

Over the Strategic Middle Route, connecting the East with the West, gigantic freight locomotives are hauling tanks, guns, plane parts and other war materials. Trainloads of troops roll over the steel rails. A great army—in workmen's uniform—are "keeping 'em rolling." That's their job—and they're doing it!

**The Progressive UNION PACIFIC RAILROAD The Strategic Middle Route**

Elijah McClellon always has a carload now. Sunday he and handsome Richard Gaskins had a couple of girls from Iowa.

Albert Wright who pins Omaha every summer is here again to excite somebody. Seen him take his old flame to the show last week. C. S.

Visiting Florence Tripplett in Ward Bell. A very good looking guy. He is from Minn. Take it slo hoss.
