Story, Pastor of the Cleaves Temple CME Church of this city and his congregation, will be host to the Kansas-Missouri, Denver and Nebraska Annual CME Conference to be held here in Omaha at the Cleaves Temple CME Church, 25th and Decatur streets, starting next Wed. morning, Sept. 23, 1942.

BETWEEN THE LINES
(BY DEAN GORDON B. HANCOCK FOR ANP)

WANTED: A THIRD FRONT

Impatiently is the world waiting for the opening of a second front. Like the old proverb about the weather, must be said about it but nothing done.

This matter of opening a second front is becoming grave indeed. For Russia cannot win this war by herself, however valorous her armies may prove in mortal combat.

But our great concern here is not so much the first front on which Russia and Germany are locked in mortal combat this very hour, nor in the one we hope will be established soon, however important these two fronts may be.

We are fighting today because the hearts of the victors of World War I were not right; and unless the hearts of the current victors are right our peace will prove but a truce to a World War III that will be even more devastating than the war that is upon us.

This article is inspired by what is transpiring in India. In the face of its greatest peril, Great Britain seems bent on defeating the aspirations of the Indians to be free.

WAACS in Uniform

Left to right, Miss Vera Harris of Hamilton, Ohio, and Mrs. Mary A. Bordeaux, of Louisville, Kentucky, strolling down the Company Street after drill. Both are Officer candidates in Company 1, First Regiment Women's Auxiliary Corps.

SOLDIER ACCUSED OF MURD'R TO BE DEFENDED BY NAACP

Macon, Ga.—Captured after the biggest manhunt in years here, lasting 27 hours, Private Edmond Reed charged with the murder of a local policeman, will be defended when he goes on trial soon, by the Macon branch and the national office of the National Association for the Advancement of Colored People.

White citizens of Macon, joined by Mayor Charles L. Bowden, formed a mob numbering hundreds which scoured the countryside in search of the soldier.

At this point a city policeman standing nearby stated: "Turn him over to me."

NEGRO VOLUNTEERS NURSE SHIP SURVIVORS

Southport, N. C., Sept. 15 (ANP)—With no fuss and feather—no fanfare—a group of Negro Red Cross volunteer nurses' aides have worked long hours in a local hospital, day and night, helping with the survivors of torpedoed ships.

On four different occasions when the men were brought into the hospital covered with oil, their job was to cleanse them and make the patients more comfortable before actual treatment could be given.

"We are going to have to depend upon these women more and more later on," said the volunteer nurse's aide chairman, Mrs. Mary Ferguson.

DANCING DINAH REVUE RETURNS TO OMAHA AFTER WEEK'S ENGAGEMENT IN LINCOLN

The Dancing Dinah Revue, headed by Eddie Le Monte (Lemons) ace comedian, has just returned to Omaha after a successful engagement with Nat Towles and His Orchestra at the King's Ballroom in Lincoln, Nebraska.

and night, helping with the survivors of torpedoed ships.

On four different occasions when the men were brought into the hospital covered with oil, their job was to cleanse them and make the patients more comfortable before actual treatment could be given.

"We are going to have to depend upon these women more and more later on," said the volunteer nurse's aide chairman, Mrs. Mary Ferguson.

WASHINGTON, D. C., SEPT. 15—(ANP)—That all is not well with the Office of Civilian Defense is indicated by the resignation of Jonathan Daniels, North Carolina liberal, who has often been referred to as a champion of the rights of minority groups.

Mr. Daniels suddenly tendered his resignation to Dean Landis, director of OCD, under circumstances which have not been fully explained.

It was reported last week that Mr. Daniels contemplated resigning. He submitted his resignation to his superior last Monday. It is reported further that Mr. Daniels could not get results and was stripped of most of his authority several weeks ago.

On the other hand, all is not well with the colored personnel at OCD. Apparently, Negroes were never wanted in the setup, for most of those who were there during the Roosevelt-LaGuardia regime are assigned to other agencies and are not on the OCD payroll.

Now there is talk that there is a wide difference of opinion between Mrs. Crystal Byrd Fauset, a competent administrator, and the powers that be. It is known that Mrs. Fauset is seldom in her office in the building which houses OCD, although her secretary makes appointments there for her.

There has been talk that Lt. Col. Howard McQueen, a Washingtonian now assigned to the 368th Infantry in Massachusetts, is to be brought into the Office of Civilian Defense in some capacity.

On the other hand, there is a strong report current to the effect that OCD is planning a system of education for certain persons selected in various cities to do civilian defense work exclusively.

Name Negro Minister To Oppose Rankin

IN MISS. ELECTION

Chicago, Sept. 14 (ANP)—Delegates to the National Baptist convention, unincorporated, in sessions here at Ebenezer Baptist Church last week endorsed the movement led by Edgar G. Brown, director of the National Negro council, to elect a Negro to the congressional seat of Rep. John E. Rankin, (Dem. Miss.) outstanding foe of the anti-poll tax amendment to the soldier's vote bill.

Named as candidate for the office is the Rev. James Arthur Parsells of Tupelo, pastor of four churches in Rankin's home district. That changes to defeat Rankin are excellent was indicated by figures presented by Brown in an address to the convention. He said Rankin was recently reelected by a total vote of only 6,000.

Demand Action In Beating of Two Baptist Ministers

New York.—"Federal action is imperative," to redress the beating of Baptist ministers Dr. J. C. Jackson, 76, Hartford, Conn., president of the New England Baptist Conference and Reverend S. A. Young, Washington, D. C., on September 8, the NAACP told President Roosevelt. The NAACP has offered legal assistance to the ministers.

The NAACP wire, told how Dr. Jackson, a passenger on a Memphis-bound train, was struck in the face, breaking his eye-glasses and cutting his eyes and lips, because a white passenger objected to the minister's passing through the white coach on the way from the dining car to his seat. Reverend Young was also

struck and his eye glasses broken for the same reason. Pointed out to the President was a similar attack on Professor Hugh M. Gloster of Morehouse college, who was thrown off a train at Tupelo, Miss., on Sept. 2 by policemen and a conductor, beaten, imprisoned and fined, because he requested that Negroes standing in the Jim Crow car be permitted to sit in an empty white car adjoining.

"This Association has presented to the U. S. Attorney General and the Office of Defense Transportation the facts in other brutal assaults on Negro soldiers in trains, buses and other public carriers in the South," the wire stated. "This

Association has done all within its limited power to secure redress. But there is a limit to human endurance. It is apparent that subversive forces in the South are deliberately provoking some of these attacks, hoping that riots and other clashes may occur," the NAACP statement continued.

"Those responsible for such attacks are destroying at a terrible rate the already low morale of 13 million American Negroes. In doing so they injure America's war effort and effectively aid the cause of the Axis. We submit that the situation is so grave that federal action is imperative."

CAA NOW ACCEPTING PILOT'S APPLICATIONS

Washington, Sept. 14 (ANP)—As revealed exclusively through ANP several weeks ago, the Civil Aeronautics administration has received authorization from the army to train Negroes in its new program of preparing noncombat pilots for the air forces and is now accepting applications.

The bulk of the Negro trainees are destined for service as instructors in line with Sec. Stimson's recent statement that "final approval has been given to a plan which calls for the pilot training of a further limited number of Negroes."

All applications for CAA training under the army plan must be from 18 to 36 years of age inclusive and if under 27, must be declared ineligible for training as combat pilots by an aviation cadet selection board of the army. They must, however, be able to pass the CAA physical and mental examinations.

Courses lasting approximately 36 weeks will be given at Tuskegee Institute and Coffey school of aeronautics, Chicago.

ASKED TO INVESTIGATE "TERROR" CAMPAIGN

BY GA. WARDEN

New York... Information the members of the Georgia state highway patrol have been instructed to "stop and search every Negro who saw on the highway after 9 o'clock at night, use our blackjacks on them, jerk them out of cars and search the cars. Run them off the highways," was transmitted by the NAACP Friday, September 11, to Wendell Berge, assistant U. S. Attorney General, asking an immediate investigation of the state highway patrol.

These instructions are attributed to Commissioner John Goodwin of the Georgia State Highway Patrol Commission, and are quoted in a affidavit signed by a district commander of the Georgia Highway patrol, who was designing. The district commander also stated: "He said we should tell all the troupers to do this to all Negroes."

Goodwin's instructions are a clear violation of the civil rights statutes, the NAACP told Mr. Berge, adding that it is a type of terrorism which also would hinder the war effort in hindering Negroes in going to their jobs in Georgia factories.

Officials are loathe to discuss the problems since OCD has been a sore spot for a number of months with no one to know just what is going on as far as its program is concerned.

Negroes have not been wide awake to the possibilities of the OCD and there has always been a color question raised whenever the problems of war were discussed.

There is a general feeling that OCD should stand a little investigation as far as its treatment of Negroes is concerned and that the public is entitled to know some of the things it plans to do and how it plans to do them.

The courses are to be conducted by military officers under immediate supervision of the war department. This would lend some credence to the charges.

The courses are to be conducted by military officers under immediate supervision of the war department. This would lend some credence to the charges.

TEXAS CAPITAL BLOC STRONGEST? Washington, Sept. 15 (ANP) That the south is in the saddle in the government is a well known fact, but the most influential group of southerners operating in the capital is the Texas delegation, which never fails to get what it wants.

In the matter of war industries, Texas is reported to have more than any other state in the union and it is the general belief that the powerful influence of the Texas delegation caused the present postponement of the FEPC's contemplated El Paso hearings.

UNION HALTS DISCHARGE OF NEGRO WORKERS BY MOBILE FIRM

WASHINGTON, D. C. SEPT. 15 (ANP)—AFL President William Green congratulated Harry Stevenson, president of the International Molders and Foundry Workers Union of North America, for courageous action which prevented an employer in Mobile, Ala., from getting away with a particularly vicious example of racial discrimination against Negro workers.

The Mobile Works, Stevenson reported, discharged a number of Negro workers and finally brought about a crisis by firing the Negro financial secretary of the local union when he took three days off because of a death in the family.

The other Negro workers then quit their jobs. Stevenson, after conferring with representatives of the Navy Department, prevailed upon them to go back to work with the understanding that the case of the financial secretary would be taken up later. However, the company refused to take the Negroes back.

Stevenson then notified Conciliation Director John Steelman that his organization would give the discharged Negro workers full financial support. He also ordered the forty white workers in the plant to quit the job.

Explaining why he acted in this way, despite the AFL no-strike policy, Stevenson said: "I told the men that this company had defied the President of the United States who had asked that there should be no discriminations toward colored workers in this country."

The company was finally forced to take back all the men, including the discharged Negroes. In a letter to Stevenson, President Green said: "The best interests of the American Federation of Labor will be served by accepting Negro workers into membership in our unions and by according them an opportunity to work in manufacturing plants where AFL unions are certified as collective bargaining agents. I can see by this policy and that you are officially trying to carry it into effect."
