## MARIAN ANDERSON AND MARY McLEOD BETHUNE LAUNCH BOOKER T. WASHINGTON

Los Angeles, Oct. 1 (ANP) Marian Anderson, world famous contralto and Mary McLeod Bethune, national administrator for the NYA, both were honored guests here Wednesday when the Booker T. Washington, "first of the new series of government ships to be named for a Negro," was launched from California shipyard. Miss Bethune spoke at a mass meeting held previous to the launching at the Second Baptist church, and Miss Anderson broke the traditional bottle of champagne over the bow to christen the ship. Theme of the program at which Miss Bethune was principal speaker was "The Negro Pioneering for Democracy." Others appearing on the program were Clarence Muse, popular moving picture actor; Hall Johnson, conductor of the Hall Johnson choir; Edward Anderson, of the American Federation of Labor; and Revels Cayton, representing the Congress of Industrial Organizations.  
Pete Ross, a foreman of the California shipyard and honorary chairman of the program, suggested the name, "Booker T. Washington," for the ship.

## YOUTH GROUP HONORS FIRST LADY

Philadelphia, Oct. 2 (ANP)—The second annual Youth Center award for "splendid work in the development of interracial good will" was given to Mrs. Franklin D. Roosevelt here Sunday by a group representing Philadelphia's Negro youth center. Mrs. Roosevelt, who came here to accept the award, made a tour of the center before the brief convocation, and followed it with a visit to the Richard Allen homes, a low cost housing project for Negroes.  
The First Lady's hosts on her tour of the project were Mr. and Mrs. Sylvester Stevenson, who welcomed her with their two children, Louise, 8, and Sylvester Jr., 6.  
Introduced at the center convocation by John B. Kelly, former Democratic city chairman, Mrs. Roosevelt told the group:  
"Men who have had this sort of training are going into the world now and they are learning what other countries lack. When they return they will have a better understanding of what we have here. This war has taught us to be internationally minded, that what affects other countries is obliged to hurt us."

## BIRMINGHAM VETERANS DENIED LEGION MEMBERSHIP

Birmingham, Oct. 2 (ANP)—Two members of the Birmingham unit of the Brittain McKenzie American Legion post of Tuskegee, Moulton Gray and Mose Chapman, received notice last week of their suspension from the post in a communication from Dr. Trotter Jones, department adjutant. At a loss to understand the reason for this action, Gray and Chapman observed that the action might have been taken because of efforts to get an American Legion post in Birmingham for Negro veterans of World War I.  
A charter for the Birmingham colored veteran group has been denied although Negroes are banned from membership in the white legion posts.

## Editors Expose Abuse of Negro Labor

Kenneth Chapman, Herman Love and LeRoy McElroy are just three of the three thousand jobseekers stranded in California, as revealed in "Graphic's" exclusive story.

## "Graphic," New Picture News-Magazine, Tells of 3000 Colored Harvesters Stranded in California

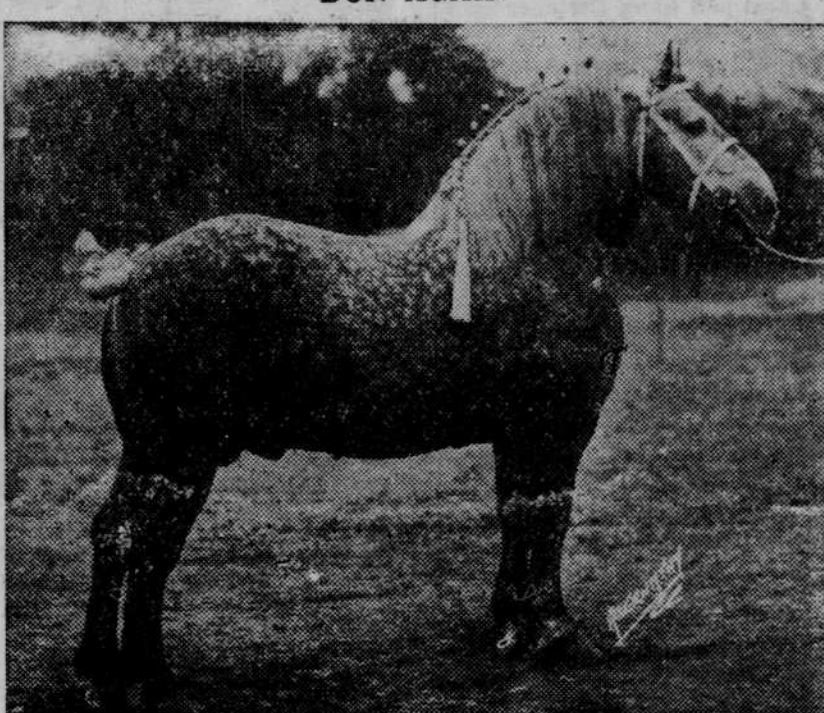

Brutal treatment accorded to 3000 Negroes imported to save the crops of California farmers, is vividly exposed in the first issue of "Graphic," new national picture news magazine which has just made its appearance.  
The article, entitled "Poor Suckers—They Didn't Get Jobs," reveals how California farmers inveigled colored men into leaving their homes in the Deep South to come there and work on the crops—and how the Southern Pacific Railroad lured them with promises of work on the railroad.  
And then, when the men recruited by this hit-and-miss system arrived, there were no jobs for them! All they could do was loaf around, for they had no homes, no money, no place to go.  
These recruits were given a dizzy runaround, left stranded without food and lodging, penniless in a strange, suspicious community.  
The fruit needed picking and these men needed jobs. Yet they were allowed to wander jobless.  
And while these American Negroes were being stalled off from their promised jobs, the federal government's own State Department

was laying plans to import thousands of laborers from Mexico to pick the fruit!  
A sum of \$500,000 was to be appropriated to bring in these Mexicans to the very spot where Negroes already were, begging for work!

Although ponderous statements from the War Manpower Commission declared that no Mexican labor should be imported until all available domestic labor had been used, the Negroes were not employed.  
That half-million dollars is ready—and it's the Mexicans who will be received with open arms!

Though most of the Negroes had been lured by the promise of jobs at El Paso, few of the trains bearing the men even stopped at El Paso. Most of them wound up at Los Angeles, then were shuttled around the Pacific Coast, each station disclaiming responsibility for the strays.  
No social agency, no employment bureau, no health clinic turned a hand for the helpless young Negroes.  
Today weighty machinery is in motion to bring in the Mexicans instead.  
If they are accorded the same hit-and-miss treatment, they won't like it any better than the Negroes did.
