In a Glass Last Night?

Thousands do and wonder why their dentures remain dull and stained — why they suffer with offending denture breath. They fail to realize that water alone is not a cleaning agent — but now, there's a great formula perfected by a dentist, called Stera-Kleen that thoroughly cleans false teeth like magic—no brushing! Simply put a little Stera-Kleen Powder in a glass of water—soak your teeth — now they sparkle, are really clean and look like the day your dentist said. "Don't they look natural?" Try Stera-Kleen — lasts long — costs only 30g. At all druggists.

Some way must be found to save Joe Louis from his exploiters. Secretary Stimson has done Joe and the cause a great service. It is our hope that Joe will stay out of the ring until he is his own bose The press that popularized Joe and his pugilistic prowes is ready for the next man as can be seen in the subtle satisfaction evinced in telling the "Joe Louis is slipping"
