ASTROLOGY READING
for the **GUIDING LIGHT**
for your HUMAN RELATION PROBLEMS
by ABBE WALLACE SERVICE
Let Us Reason Together In Wisdom and Understanding

MY NEW 1943 ASTROLOGY READING ARE READY.

C. S.—I am lost in a fog. Am I really in love with my boss man or just infatuated? At times I can't get him off my mind and I can hardly bear to have him out of sight. Do I care that much for him or am I fooling my own self? Does he think the same of me, or should I stop asking him to do anything for me? Sometimes I think he is pretending.

Ans: You are certainly a glutton for punishment to let yourself be in for as unrequited affair such as this is. Your boss cares for you, but he also cares for his wife and two or three other girl friends. In fact, he is just a wolf out on the make... and why an attractive girl who could have any number of boy friends would be satisfied to accept the few crumbs of affection he offers is more than I can understand. You have thrown yourself at him... and he accepted it. But you are the loser... not he. Your chances with the single men of your city are fast slipping thru your fingers, for they know the price this Manpower asks.

E. L.—My husband and I would like to buy a home. Do you think we should at this time? We have been married quite a while and have had to pay rent all that time.

Ans: You and your husband have paid out practically enough rent, since you have been married to pay for a home. Why continue to put out your money and get nothing but rent receipts? A home in your case would be a good investment. Your monthly payments would be like rent... and you could rent out an extra bed room if you like.

L. H. T. S.—I am a young boy suffering from some kind of complex. I have been told that I am handsome and I don't get conceited over it. I can dance and sing well and I am told I have a swell personality. Yet lately I have trouble making friends... and I want to know what is wrong with me.

Ans: This pretty little girl you just met has you floored, doesn't she? It seems that she knows all the answers... and is used to the same attention you have always had. She likes you all right. But she is accustomed to having boys seek out her company, rather than vice versa. Better get in the chase and turn that personality on her before someone with a smoother line beats your time.

R. K.—Will my boy friend ever use his head for anything except to hold his hat on and to keep his ears apart? He lets everyone tell him what to do. Now he and an old sweetheart of mine are big buddies and this old flame tells him not to go with me and keeps us confused all of the time. I am getting tired of staying in a strain all of the time.

Ans: If your boy friend is willing to put this other fellow's opinion before yours... then why not give him a dose of his own medicine? If you will play up to this other fellow and date him a few times, the boy friend will probably see the other boy's motive in running your affairs and change his tune. Invite the Big Buddy everywhere you go until your boy friend gets thoroughly fed up with him.

F. M.—I was married to a very fine man for eight years and have been divorced from him for four years. We have a fine son who is with me. I think of him constantly, I love him and feel that he loves me. His present marriage was of spite and I believe he is miserable as well as myself. Please offer me some helpful advice.

Ans: It is too late to start raking over the coals of your past love. It is just unfortunate that you did not realize you loved your husband before you divorced him. Now he has made a new life for himself with his wife and children. Accept the fact that you gave up all claims to his love when you left him. It would be far better for you to stop living in the past and build a new life for yourself with someone else. He can find happiness with his present family if you will leave him alone and give him the chance to do so.

OPA ORDERS SPECIAL STUDY OF PRICE INEQUALITIES
(Continued from page 1)

ed by the OPA to study the problems and devise feasible means of wiping out price inequalities in Negro communities.

Pointing out that if higher prices are found in New York City as the study, "Food Costs More in Harlem", the NAACP, stated the cost to the Negro on a national scale is in excess of 100 million dollars a year. This figure is based on a modest estimate of an expenditure of \$3.00 a week per person as contrasted with the Bureau of Labor Statistics estimate averaging expenditures including those of the Southern sharecropper as \$5.00 per week per person.

On the basis of the Office of Price Administration's action, Walter White wired NAACP branches in Chicago, Philadelphia, Detroit, Richmond, Los Angeles, Atlanta, Kansas City and other important cities that it is "of utmost importance that your branch make study of prices in your city and rush results to us. Urge utilization of available resources in persons trained in making such comparative studies. Wire status of local study and when we may expect findings."

The NAACP, asked for and was assured of speedy action by the newly formed OPA committee by Leon Henderson, Mr. Harris and other officials.

NATIONAL CRIPPLED CHILDREN'S SOCIETY CONVENTION POSTPONED

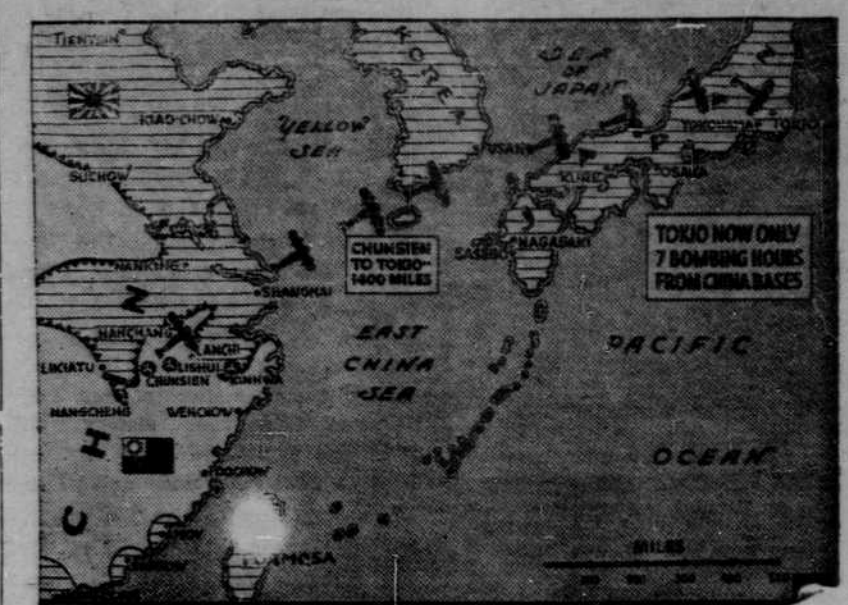

The Annual Convention of the National Society for Crippled Children scheduled for Omaha this month has been postponed until the war is over, according to Mr. Harry E. GETTING WITHIN PUNCHING DISTANCE OF TOKIO

NEW YORK—Recapture of the air bases of Chusien, Lishui and expected recapture of Kinshwa by Chinese land forces, places United Nations air forces in position for long-range bombing of the Japanese capital. Tokio is now but seven hours from these Chinese bases. The big Japanese industrial centers of Nagasaki and Osaka are much closer. So from now on Mr. Moto can be looking aloft for an encore to the performance of General Jimmy Doolittle and his merry men.

Girls, does an out-dated TABOO mean you don't know this help?

Very few women cling to the old-fashioned notion that certain intimate facts form a forbidden topic of conversation. That's why many women who have suffered the cramp-like agony and nervous strain of periodic, functional distress at least know about CARDUI.

Try CARDUI, which may help in one of two ways: (1) as a tonic, it may pep up appetite, aid digestion, and thus help build up energy for the "time" to come; (2) started 3 days before the time, and taken as directed, it may aid in relieving purely functional, periodic pain. Women have praised CARDUI's help for 62 years. Try it!
