USO-CENTER NEWS

A day of festive happiness was exemplified Thanksgiving day at the Soldiers and Sailors Recreation rooms when over 150 soldiers and their lady friends, and many beautiful hostesses, partook of a most tasty and elaborately appointed dinner. Served buffet style from the very attractive table which was set to reveal the spirit of Thanksgiving, trimmed with the traditional decorations of the season and a large pumpkin hollowed out and filled with fruit. The table was an object of splendor laden with the palatable and delicious food that brought "ah's" of delight and satisfaction from the happy diners. That the dinner was a success, one need only note the expressions of delight and hear the words of praise that came from our soldiers. As an added treat through the efforts of Sgt. George Bivens, Dreamland hall was secured and Basie's Bombardiers, 14 fine young men who by day do their part in aiding the mass production of bombers at the Glenn L. Martin Bomber plant, donated the music for an evening of dancing and socializing. The soldiers and their guests had a very enjoyable time. A sight that could have made your heart happy was when Sgt. Bivens had the orchestra play the Star Spangled Banner and to see our boys stand at rigid attention—every inch a soldier. It made us proud of them.

On last Sunday, the public had an opportunity to enjoy the beautiful surrounding of our center, when we held our "Clarette Tea". The admission was a pack of cigarettes that will be used by our soldiers here at the Center. With three large candles at each end of the table and a centerpiece carrying out the motif of winter, covering with silver and crystals, the table was indeed beautiful. Assisting with our guest and serving at the tea table were many attractively attired hostesses. While a lovely time was had by all. Many cartons and packs of cigarettes were received, for which we are indeed grateful and that shall bring much pleasure to our soldiers.

Don't forget our Bingo party that will be held at the Elks hall on December 4th. The admission will be 28 cents. Please support this effort as the returns will be used to maintain the center.

Remember Pearl Harbor

(Continued from page 1) international good faith, with a clear conception of the sacrifices called for and a flaming determination to see the job through.

REMEMBER PEARL HARBOR WORK—FIGHT—SACRIFICE These words, and these two days that mark a year of war, must surely bring to every man and woman a realization that this is a war that touches us all, personally and intimately. No longer is war fought solely by the soldier and sailor, and sacrifice demanded only of those whose men may go and may die. This war, if it is to be won, must be fought by the nation... by 130 million people... abroad and at home. The factory, the mine, the farm, take on equal importance with the battlefield. Sacrifice, going far beyond such surface sacrifices as rationing of sugar and gasoline an attire, is called for by ALL.

As we remember Pearl Harbor we must remember it as a symbol of the character and ruthless determination of our enemies. We must put behind us the luxuries and easy ways on which our enemies counted and strip our lives to bare, fighting essentials.

We must develop the understanding and the spirit which will make us willing and eager to make the necessary sacrifices individually, voluntarily, without selfish hesitation, without waiting until we are sure that our neighbors will be forced by law to make equal sacrifices.

It is a part of the observance of this anniversary of Pearl Harbor that our citizens should take stock—both of the material achievements and shortcomings of our war effort during the past year and of our spiritual attitude toward the essential values of both national and international life. We must face the question as to whether modern war in the air has not put an end to our mental as well as our physical isolation.

Again, observing the similar fate of nations which acquiesced to the Nazi philosophy and might and those which were conquered by it, this is a time for every American man and woman to determine that this nation MUST NOT be conquered.

The Negro people consider this action of the Senate as pure treason not only to the cause of the victory of democracy in this war against the Axis powers but to all of the institutions and forces that must develop a decent and civilized new social order. The liberal Senators failed and failed miserably in upholding the principles of American liberalism, which have found expression in struggles for income tax, abolition of slavery, woman suffrage, and social and labor legislation.

The Senate's action causes the Negro people to feel they must rely on themselves together with the truly liberal forces of America and the mighty masses of yellow-brown and black peoples of China, India and Africa.

The faith of the Negro people in democracy in America was already strained by the government's perpetuation of the pattern of segregation and Jim Crowism in the Army, Navy, Air Corps, U. S. Marines, WAACS, and defense industries, as well as the various federal agencies, and the exhibition of Republican and Democratic submission to totalitarianism in the Senate served completely to break the backbone of the hopes of the Negro in our American Tweedledum and Tweedledee political system.
