## For Christmas Hospitality

Turkey is king of the Christmas feast! Be sure yours is tender, brown and juicy—let it be filled with a good old-fashioned bread stuffing, deliciously savory with its subtle blend of seasonings.

And here's the tip-off. For a smooth, unbroken, golden-brown crust on the bird, plus tender, juicy meat that fairly melts in your mouth, roast your turkey or chicken this new way. Just follow directions in the recipe. Also be sure to fry the bread crumbs and onions lightly in hot Spry. Spry, you see, is the purer shortening that lets all the savory goodness come through.

Share your Christmas and share your feast with some of the boys

in the service. Better clip the recipe now, so you'll be all set for the big occasion.

### Roast Stuffed Turkey or Chicken

Roasting turkey or chicken (rub inside with salt). Savorly Stuffing Melted Spry. Brush trussed, stuffed turkey or chicken with melted Spry, cover with a piece of white cloth, and brush cloth thoroughly with melted Spry. Leave cloth on during roasting. Roast bird in moderate oven (350° F.), allowing 20 to 25 minutes per pound. Turn during latter part of roasting to brown bird uniformly all over.

### Savory Stuffing

3 quarts soft bread crumbs 2 tablespoons parsley, chopped 1/2 teaspoon salt 1/2 cup onion, minced 1/2 teaspoon pepper 1/2 cup butter 1 teaspoon sage 1/4 cup water (about) 1/2 cup boiling water (about)

Combine bread crumbs, salt, pepper, sage, thyme and parsley, and mix thoroughly. Melt Spry in skillet, add onion, and fry 2 minutes. (Do not brown onion.) Add bread crumbs and fry until very lightly browned, stirring constantly from bottom. Melt butter in boiling water and pour over crumbs, tossing lightly with two forks. Add more water if additional moisture is needed. Makes enough stuffing for one 8-pound bird.

## What's Cookin' for Christmas?

### ROAST TURKEY, of course!

Or maybe it's going to be chicken. The government is asking us to use more turkey and chicken in preference to beef, veal, pork, and lamb. That's no hardship at Christmas, because to most of us Christmas MEANS turkey. A noble bird, roasted to a rich-golden brown glisten—meat so juicy and tender it melts in the mouth—stuffing seasoned "just enough" but not too much. Just the thought of it sets one's mouth to watering!

Chicken or turkey—here's the story of an easy new way to roast it to mouth watering perfection. With Savory Dressing, it will truly be King of the feast, hub of the home and hospitality which many of us will be sharing this Christmas with servicemen in our midst.

**FAR REACHING CHANGES IN BUDGET OF AVERAGE FAMILY**  
Far reaching changes in the buying and budgeting habits of the average family in the Middle West are forecast by the Office of Price Administration in a survey of the outlook for 1943.

The housewife will be cooking

more products sold in bulk or bought in fresh from the farm with out passing through a cannery. By next summer there will be fewer kinds of canned goods in metal tins on store shelves. Tin can metals are needed for our war machine. The bulk of canned goods, if they continue to be sold, will come in glass or other metal substitutes.

Point rationing of many scarce commodities will be in effect before Spring and wartime demands for labor of all kinds will be felt in almost every home in the country. Federal officials estimate that by the end of 1943 about 70 percent of all persons in the United States between the ages of 15 and 65 will be employed or in military service. Of this total, about 20 million are expected to be in war industry.

libraries in the WAAC have equal opportunity to qualify for the specialist training, for which selections are made on the basis of ability and aptitude as demonstrated in tests and performances in the basic course.

In the basic course, trainees are given the fundamentals of Army life, including discipline and military customs and courtesies. They are also taught military sanitation and first aid, principles of property accounting and company administration, organization of the Army, an defense against air and chemical attack. Infantry drill and training are also included in the course, which lasts four weeks.

Auxiliary Ellis was employed on an NYA Braille and wood working project before joining the WAAC. She is a former student of Technical High School in Omaha, where she received three medals in track and a school letter in basketball. For 11 years she has been a member of the Urban League Center. "I joined the WAAC," she explains, "because I wanted to be of some help to my country while it is engaged in this great combat."

## A Hosiery Gift Will Be Treasured

THE gift of gifts this year will be lovely stockings. When you go out to select stockings for yourself or for gifts, you'll find new rayons which will appeal to your own exacting tastes and meet with the approval of your friends. The high twist yarns used in today's rayon stockings give them a sheerer, duller appearance and improve resistance to snagging. While the special high strength rayon yarns, perfect for hosiery, which science has developed, are being used in the war effort and cannot be produced commercially until after the war, rayon stockings have definitely been improved as far as conditions permit. If you have a thorough knowledge of your new rayon stockings, know how to handle them, how to wash them, care for them, select them, they'll give you pleasure, good wear and satisfaction. A helpful leaflet, "The Selection and Care of Rayon Hosiery," containing all the facts you should know about rayon stockings you'll be wearing, may be obtained by sending a stamped, self-addressed envelope to Woman's Feature Department of this paper.

## Gay Potholders are Useful Gifts

ORIGINAL and amusing potholders which are easy and inexpensive to crochet, make splendid Christmas gift choices. The "Three Little Maids" will add a gay, frivolous note to any kitchen, yet serve a more practical role when necessary. The pair of mittens is designed to keep hands "cool"—and the fish will help keep the cook out of "hot water." One ball of lustrous mercerized crocheting cotton will make any two potholders. Directions for crocheting these potholders may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design No. 9220.

### GO TO CHURCH

We had a grand service throughout Sunday. Our Pastor preached a wonderful sermon Sunday morning. Sunday night our pastor preached at a White church on the Southside. It was packed with people wanting to hear the word of God and our Pastor really preached the Word to them. Oh, how they enjoyed him. For God is of no respect of person and does not see as

man sees. His subject was "Patience."

While our Pastor was away Sister Dollie Mae Brown was carrying on.

When the pastor returned, she had a wonderful service going on. Our pastor's text for Sunday Dec. 27, will be "And she shall bring forth a Son, and thou shall call His name Jesus."

For He shall save his people from their sin." Sunday night's subject—"I am the way, the truth and the Light and no man cometh to the Father, but by me."

Come and hear our pastor deliver these sermons.
