STARTS TRAINING
Fort Des Moines, Iowa, Feb. 14—Auxiliary Christine Boyd of 2604 N. 22nd St., Omaha, Nebraska, has started her training in the Womens Army Auxiliary Corps at the First WAAC Training Center here.

Auxiliary Boyd is now in basic training, which will give her the Army background and the knowledge of Army procedure necessary for any job she may do in the WAAC. At the completion of basic training she either will be selected for specialist training or will go directly into a non-combat job with the Army to release a soldier for combat duty.

Ninety-six different jobs are now open to WAACs, including office work, motor transport work, cooking, radio work, photography and other jobs with the Army in this country and overseas.

Infantry drill is one of the most important subjects Auxiliary Boyd is learning in basic training, for it is essential in orientating WAACs to Army surroundings and teaching them military precision. She also is learning company administration, supply, military customs and courtesies, and other general

"And He said unto me, Son of man, stand upon thy feet and I will speak unto thee."

We were favored with the presence of two visiting ministers. At the morning worship period, Rev. P. P. Jones of Detroit, Michigan Pastor of Corinthian Baptist Church and our former pastor, delivered a very able sermon from Ezekiel 21 which everyone enjoyed.

At the evening worship Rev. E. W. Beasley, son of Mr. and Mrs. Will Beasley brought to us a message from Heb. 11:8 subject "The Ultimate Faith that Guides." This was an highly intellectual sermon as well as spiritual. Rev. Beasley is the pastor of Cumberland Street Baptist Church, Jackson, Tenn. Rev. Beasley is also a student of Fisk University.

IN MEMORY
of my beloved husband, who departed his life a year ago today, Feb. 18, 1942.

He is just over the hill—'tis well worth the endeavor climbing the slope till the summit is won. There to look down where our rest shall end never—After the wearisome climbing is done.

Sunday we had a grand time in the Lord. We had a lovely Sunday School. A grand attendance of 23 pupils.

The Morning service was grand. Our pastor preached on time. It was a wonderful text. There is a time for all things, there is so much to be learned from it. And Rev. Nichols made it so plain that even a child could get something out of it.

Sunday night Sister Mary Henderson led a wonderful testimony service full of fire. After which Sister Dollie Mae Brown brought a short sweet sermon full of the spirit. The Pastor closed out with a stirring sermon. Subject "What Manner of Man is this that even the wind and the sea obey." Oh how we did feast on the word of God.

Our Overseer Rev. Wiley Scragus of Topeka, Kansas was with us on Wednesday and Thursday and Friday nights. He is truly a man of God. He preached some stirring sermons the three nights he was with us. We are expecting him again soon. So watch this paper for his return.

Our pastor's text for Sunday morning Feb. 21, 1943 will be "I am the resurrection and Life," Sunday night "Choose you this day, whom you will serve." You are invited to come out and hear him.

NEGRO WOMEN HIRED IN WASHINGTON NAVY YARD FOR THE FIRST TIME
For the first time in history, Negro women are now being employed in skilled jobs in the Washington Navy Yard. Within recent months more than 300 specially trained machine workers and mechanic helpers have been given jobs there at wages averaging \$45 per week and more are being employed at the rate of 50 a month.

This development resulted from the efforts of the National Youth Administration and the Project manager and staff of the NYA War Production training school at 1327 S Street, N. W., Washington, D. C. This school now working on a 24-hour basis, offers free training in arc and gas welding, sheet metal work, aircraft riveting, drafting, clerical work, radio construction, small parts assembly, code receiving and sending, and in other jobs now in demand in the war production battle on the home front.

The school is open to youths of all races between the ages of 16 to 25, but because of Selective Service requirements and demands of the armed forces, most of its pupils are women. The average enrollment ranges from 500 to 550 and in addition to placing workers regularly in the Washington Navy Yard, the center has placed its graduates in war plants in such distant points as Miami, Ohio, Hartford, Conn., the Norfolk Navy Yard, in Virginia and the Philadelphia Navy Yard, as well as in ordnance plants throughout the country.

of J. P. Bond, Jr., project manager, who was formerly in charge of the NYA program for Negroes in North Carolina. Mr. Bond is a trained educator, having taught for several years at A. and T. College, Greensboro, N. C., following his graduation from Howard University. He now has a staff of sixty persons with Edward R. Rodriguez as a personnel officer; Rudolph Jones, financial officer; and David Jefferson, operations officer.

Typical of the results achieved at the NYA War Production Training School is the case of Miss Juanita E. Gray, 20, of 226 59th Street, N. E., Washington, who began her training in the machine shop in April, 1942. She completed her training in September of the same year and was placed in the Washington Navy Yard, where she is now earning \$45 per week. She is a graduate of the Dunbar High school and prior to taking the NYA training she worked in domestic service.

Hundreds of Negro women are taking advantage of technical training opportunities offered by the National Youth Administration. New employment opportunities are opening every day for women in industry. Their skills and a chance to work are helping to defeat the Axis.

SAYS RETURNING NEGRO SOLDIER TO BE DIFFERENT
LITTLE ROCK, Feb. 19 (AP)—The Negro soldier who returns "with a global experience" will be a different Negro from one with only a farm hand's experience in Arkansas, Alabama and Mississippi, the Rev. G. Wayman Blakely, pastor of the Bethel A.M.E. church, told more than 1,000 colored and white persons attending the sixth annual meeting of the Urban League of Greater Little Rock at the Wesley Chapter Methodist church Tuesday.

"The Rev. Blakely warned against the danger of minorities assuming that all majorities are indifferent to their well-being," he said. Negroes returning from the war have a right to expect a greater equality of opportunity than exists at present.

"There will face us the problem of disfranchisement in State and municipal affairs that continue to breed ill-will and dissipate the energy that could be utilized in constructive activities," he said. "We shall face a new Negro with a new outlook and world vision."

"We want no part of Hitler, Mussolini and Hirohito. The Negro is no less patriotic today than he was when Crispus Attucks became the first offering on the altar of democracy. This meeting is proof of the soundness of our beliefs, for meetings such as this where both races are gathered together to discuss their problems are inconceivable in countries dominated by the axis powers."

Rev. Blakely was introduced by A. J. R. Booker, vice president of the league. Clifford E. Minton, executive secretary, pointed out among other achievements of the league during the year that:

(1) Seven Negro policemen had been appointed in Little Rock in line with league recommendations and that the league was requested to submit names of candidates.

(2) A Negro public health nurse had been appointed by the city health department which had been recommended on several occasions.

(3) The employment of Negro skilled production line operators by the Arkansas Ordnance plant, after a 10 month series of conferences and over-coming many discouraging factors. The league was called upon to select and refer the first group of 125 workers, including line leaders, inspectors, supervisors, and a stenographer.

(4) Establishment of the Amelia B. Ives Memorial scholarship for social work; the selection and enrollment of Miss Pauletha V. Petty as recipient, who is enrolled at the Atlanta University School of Social Work.

CALLS FOR PLANNED ECONOMY
Calling for a planned economy to prevent another post war depression, Major General Philip B. Fleming, Administrator of the Federal Works Agency, urged a national program of post war public works, in a Lincoln's Birthday address before the Providence, R. I. Urban League. Discussing the role of the Negro worker in the post-war period, General Fleming declared:

"The Negro worker is the present beneficiary of a war-time situation. Thanks largely to the manpower shortage, the Negro is taking a long step forward along the way to economic emancipation. The problem after the war will be to hold the gains already made and to extend them. That is not going to be easy."

"If this war should be followed by another deep and bitter depression, I think it is a foregone conclusion that most of the Negro's new gains are going to be lost. His best hope for the future, and incidentally the best hope for all the rest of us, also—is that we may continue an economy of full employment with equal opportunities for all. I think we will be able to do that. To the extent that the Federal Works Agency may be permitted to contribute to that objective through its participation in a national program of post-war public works, I can assure you that the same degree of non-discriminatory protection will be afforded the worker, whether white or black, in peace time as in war."

WHY CANNED FRUITS, VEGETABLES, AND SOUPS ARE RATIONED

Every week we are sending shiploads of canned goods to feed our fighting men and our fighting allies in Africa, Britain, and the Pacific islands. We must see that they get all the food they need.

HOW they are rationed

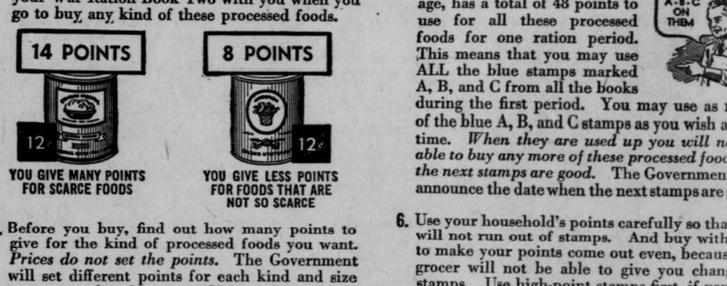

- 1. Every eligible man, woman, child, and baby in the United States is being given War Ration Book Two. (This book will not be used for sugar or coffee.)
2. The BLUE stamps are for any kind of Canned or Bottled Fruits and Vegetables, Canned or Bottled Juices and Soups, Frozen Fruits and Vegetables, Dried Fruits. (The red stamps will be used later for meat.)
3. The stamps in this book are POINT stamps. The NUMBER on each stamp shows you how many POINTS that stamp is worth.
4. The LETTERS show you WHEN to use the stamps. The year will be divided into rationing periods. You can use all BLUE stamps marked A, B, and C in the first rationing period. A, B, and C stamps cannot be used after the first rationing period ends.
5. You must use the BLUE stamps when you buy ANY KIND of the rationed processed foods. See the official list, showing every kind of rationed processed food, at your grocers. Different kinds of these foods will take different numbers of points. For example, a can of beans may take a different number of points from a can of peas.

- 6. Of course, the more of anything you buy the more points it will take. For example, a large can of peas takes more points than a small can.
7. The Government will set the points for each kind and size and send out an Official Table of Point Values which your grocer must put up where you can see it. The Government will keep careful watch of the supply of these processed foods and make changes in point values from time to time, probably not often than once a month. The Government will announce these changes when they make them and they will be put up in the stores.
8. The number of points for each kind of processed food will be THE SAME in ALL STORES and in all parts of the country.
9. ONLY BLUE A, B, and C STAMPS CAN BE USED IN 1st PERIOD
Use Your OLD Ration Book for SUGAR and COFFEE

HOW TO USE YOUR NEW RATION BOOK TO BUY CANNED OR BOTTLED FRUITS, VEGETABLES, SOUPS, AND JUICES; FROZEN FRUITS AND VEGETABLES; DRIED FRUITS

- 1. The Government has set the day when this rationing will start. On or after that day, take your War Ration Book Two with you when you go to buy any kind of these processed foods.
2. Before you buy, find out how many points to give for the kind of processed foods you want. Prices do not set the points. The Government will set different points for each kind and size no matter what the price. Your grocer will put up the official list of points where you can see it. It will also be in the newspapers. The points will not change just because the prices do.
3. When you buy, take the right amount of blue stamps out of the book. Do this in front of your grocer or delivery man and hand them to him. The grocer must collect a ration stamp, or stamps, for all the rationed processed foods he sells. Every rationed processed food will take points as well as money.
4. Do not use more stamps than you need to make up the right amount. For example, if the food you buy calls for 13 points it is better to tear out an 8-point and a 5-point stamp than two 5-point stamps and a 2- and a 1-point stamp. Save your smaller point stamps for low-point foods. You can take the stamps from more than one book belonging to your household if you need to.

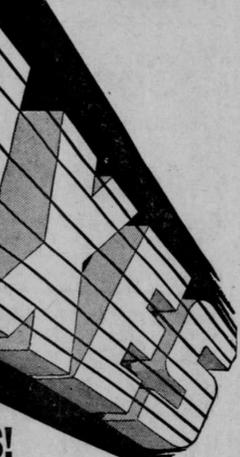

IMPORTANT
You may use ALL the books of the household to buy processed foods for the household. Anyone you wish can take the ration books to the store to do the buying for you or your household.

A FAIR SHARE FOR ALL
We cannot afford to waste food or give some people more than their fair share. . . . That is why canned fruits and vegetables are rationed and that is why meat is going to be rationed. Rationing of some foods is the best and fairest way to be sure that every American gets enough to eat.

BE SURE TO READ OTHER SIDE
Here is the OPA's consumer instruction sheet on point rationing. This leaflet will be given to consumers when they receive War Ration Book Two around the end of February. The leaflet explains how point rationing works and how to buy canned and other processed foods with the new point ration stamps.

\$1,800,000 in Taxes Paid by Our Company in 1941 Have Gone—With Yours—To Help Win the War

If our taxes are sky-high compared to what they were a year ago—if they're colossal compared with their amount 10 years ago, you can be sure there's a good reason: UNCLE SAM NEEDS THEM TO HELP WIN THE WAR and we're glad we're able to help supply what it takes!

Don't forget that other way we can all help buy the equipment our soldiers must have to save our freedom . . . buying war bonds and stamps. It's not only a duty—it's a privilege! And, for several reasons, investing in war bonds is the shrewdest investment any American can make!
