

13 Million War Workers will be Needed

When she mixes a Broadway soda in a Main Street drugstore, she makes you think you are drinking Champagne on the Main Stem.

Which is one way of telling you about the excitement which Lana Turner brings up in "Slightly Dangerous."

The title is an understatement. This new M-G-M comedy is a-p-i-o-d-e-s with excitement!

Robert Young starts off as Lana's Boss but ends up in her arms—after suffering from a beating heart and an ailing of steamdrilled beauty!

In this "rags to rinks" story of a small town girl with great big ideas you get a tale of laughter and a breezy romance that's going to send your spirits soaring!

You'll go for Lana in a gingham uniform. You'll keep on going for her when she puts on silks and satins!

Lana is loveliness—personified!

This M-G-M picture also includes Walter Brennan, Dame May Whitty, Eugene Pallette and Alan Mowbray in its cast.

And it's directed by Wesley Ruggles!

Leo's directions are simple!

They just say "go!"

See you at the pictures.

Movies Build Morale.

FOR YOUNG MEN, AND YOUNG WOMEN

During the next year thirteen million new war production workers will be needed, according to Paul V. McNutt, Chairman of the War Manpower Commission. The War Manpower Commission, through the National Youth Administration has been given the responsibility by the Congress of the United States of preparing out of school youth for jobs in vital war industry. As the war continues and more men are taken into the armed forces, women will be needed at a rapidly increasing rate and for this reason young women as well as young men, are being trained for a place in war industry. Of every 100 men inducted into the armed forces, 63 are assigned to duties requiring specialized training.

ELIGIBILITY FOR NYA EMPLOYMENT:

Youth between 16 and 25 years of age who are out of school and unemployed are eligible. Youth must be citizens of the United States, must sign an Oath of Allegiance before assignment, and must agree to accept employment in industries related to National Defense if and when offered in good faith.

Each resident youth is required to pass a physical examination provided by NYA before starting work in the shops. Physically handicapped youth are often eligible for assignment if the work which they do is not dangerous to themselves or others.

TYPES OF WAR PRODUCTION WORK AND TRAINING AVAILABLE:

Welding: Training in arc welding, spot welding and gas welding is offered at Bellevue, Kearney and Omaha.

Machine Shop: Work experience and training is offered on lathes, milling machines, shaper machines, grinders and other types of machine shop equipment at all resident centers.

Sheet Metal: At Kearney and Bellevue sheet metal work is offered to youth that will qualify them for jobs in shipyards and aircraft industries. Sheet metal is available to local youth in Omaha.

Radio: Youth at Kearney may qualify as a licensed radio operator or technician and is eligible for civil service jobs upon completion of this training.

Drafting: Training in mechanical drafting and blue print work is offered to a limited number of young women at the Lincoln Resident Center.

Industrial Sewing: Work experience and training in the operation of factory type power sewing equipment is offered to young women in the Lincoln Resident Center. This training enables girls to qualify for jobs with war production garment manufacturers in Omaha and Lincoln.

Length of training period: Youth are assigned to the shops for 160 hours a month. Ordinarily a youth is able to get a job in a war production plant after approximately three months of work experience and training.

Living Accommodations for Girls: Young women live in a comfortably furnished resident house at 1245 H Street, Lincoln and in a newly constructed dormitory at the Kearney Resident Center. The Resident in Lincoln houses 50 young women and the dormitory at Kearney houses 100 girls.

Living Accommodations for Boys: Young men are housed in dormitories located on the campuses of the resident centers at Bellevue and Kearney.

Meals: NYA dining rooms are located in the main dormitories of each of the centers. Good food and enough food is essential to good work. You get it at all of the centers.

Youth's Personal Property: Youth must furnish their own dress clothes and any personal belongings they want in their rooms. Work uniforms are furnished youth in the shops.

Health Program: Adequate health facilities and doctors are available. A nurse is on duty at the Kearney and Bellevue centers at all times. The Lincoln center is very near all necessary medical facilities.

Counseling and Guidance: Each youth is interviewed when he enters the center. A complete record of his educational background, work experience and other data is compiled. A complete file is kept of the youth's work record, work attitude, disciplinary problems and other essential information that will be of help in recommending the youth for private employment. Youth who find it necessary to be absent from the project must have a permit from the youth personnel representative or the supervisor.

Employment Opportunities: Placement of youth in war industry is handled by the United States Employment Service. After a youth successfully completes his training he may be placed locally or transferred to a War Production training center in Clinton, Iowa, St. Paul, Minnesota, Seattle, Washington or some other location. Transportation costs are paid by the National Youth Administration when a youth receives a transfer to another state. Every effort is made to place youth in Nebraska.

"Rochester" Wows 'Em in Canada

EDDIE ANDERSON, the "Rochester" of radio fame, makes a few sure-fire laugh suggestions to his companions at an informal "rehearsal on wheels" aboard a Canadian National Railway train during the Canadian tour of the Jack Benny company. Seated in the Canadian National car with "Rochester" is Jack Benny, while Dennis Day (left) and "Schiepperman" (Sam Hurn) listen in. The Benny show played before huge turnouts of Canadian soldiers, sailors and marines in Montreal, Ottawa and Toronto, covering the route in special equipment furnished by Canadian National Railways.

Hours of Work and Earnings: Under the National Youth Administration War Production Training Program the resident youth are scheduled for training not to exceed 8 hours a day. No charge is made for the training. For the production work which is carried on in the shops for local, state and federal agencies, and the armed services, each youth is compensated on the following basis:

1. Local youth working in shops \$24.00 per month.
2. Local youth who take their meals at a resident center, \$23.40 per month.
3. Resident youth—board, room, medical expenses, laundry, plus \$10.80 per month.

Social Life and Church Activity: All youth who live at the War Production Resident Center may attend the church of their choice. Each resident center plans a program of recreation including social activities and physical education. The resident center youth council assists in planning the recreation program at all centers.

Health Program: Adequate health facilities and doctors are available. A nurse is on duty at the Kearney and Bellevue centers at all times. The Lincoln center is very near all necessary medical facilities.

Counseling and Guidance: Each youth is interviewed when he enters the center. A complete record of his educational background, work experience and other data is compiled. A complete file is kept of the youth's work record, work attitude, disciplinary problems and other essential information that will be of help in recommending the youth for private employment. Youth who find it necessary to be absent from the project must have a permit from the youth personnel representative or the supervisor.

Radio Programs to Highlight Job Campaign
(continued from page 1)

The week's program, Miss Ann Taneyhill, secretary of the League's Bureau of Guidance and Placement who is in charge of the campaign said, "We are particularly gratified that the networks are giving time to the League to 'go on the air' with our message. We shall dramatize not only the important contributions Negroes have made, and are making to the building of America and to the defense of democracy, but we shall also present the Negro's demands for equality of employment opportunity. Many League friends will remember our radio broadcast during the Vocational Opportunity Campaign in 1941. Our program over the CBS Network this year promises to be as interesting. In addition to unusual and outstanding entertainment, we will bring to our audience messages direct from Negro women working on production lines in war centers throughout the country, and greetings from Negro women who are in the services of their country in foreign fields in the war zones."

In addition to an hour-long program over the CBS Network (KOIL) on Saturday afternoon, March 20, from 1:30 to 2:30 P. M., the League will broadcast programs over the Blue Network (KMA) Monday, March 15, from 2:45 to 3:00 p. m., and over the Mutual Network (KBON) Saturday, March 20, from 2:30 to 2:45 p. m. A schedule of all programs will be released by the League during the week.

Columbia Broadcasting System, (KFB) "Wings Over Jordan" on Sunday morning 9:30 A. M., Lester B. Granger, Executive Secretary National Urban League will be heard.

NEGRO SOLDIERS CLEAN TOILETS OF WHITES AT CAMP WHEELER, GEORGIA FORCED TO RISE EARLIER TO PERFORM MENIAL TASKS,

Washington, D. C. . . . Why re Negro soldiers required to rise an hour earlier than white soldiers at Camp Wheeler, Georgia? The Washington Bureau of the NAACP demanded this week of Secretary of War Stimson.

Reveille is sounded at 5:30 A. M. for colored soldiers only. Upon rising they clean their own barracks and mess halls, after which they are required to clean the toilets used by white soldiers. White soldiers at Camp Wheeler rise at 6:30 A. M.

In the letter to Stimson, the NAACP declared: "relegation of Negro soldiers by the United States Army to the status of menials gives democracy an empty sound to those who are called upon to sacrifice, fight and die for it."

The NAACP cited the treatment accorded Negroes assigned to the medical detachment as being especially objectionable.

7-DAY OVER LAP PERIOD

To aid consumers who may run out of ration stamps for processed foods before the first ration period expires, the Office of Price Administration has provided a 7-day overlap period. . . . the last week of March—during which time consumers may spend both their first period and their second period stamps.

Stamps A, B, and C are valid for the first period and may be used from March 1 through March 31. Stamps for the second period may be used from March 25 through April 30. During the overlapping period March 25 through March 31 stamps for both March and April may be used. After March 31, however, Stamps A, B, and C will not be valid.

In explaining the overlapping period, OPA pointed out that it will help consumers who have a few low value stamps left at the end of the ration period. These stamps, which might not be sufficient to buy any desired items, can be used with stamps of the second period for the purchase of any of the rationed foods.

Consumers are reminded that since storekeepers cannot give them change in points, they should whenever possible, use high value stamps first rather than those of low value. For example, in buying a can of peas worth 16 points, they should use two 8 point stamps rather than an 8, a 5, 2 and 1 point stamps.
