LEON NEWS (BY JULIUS E. HILL)

Mr. Stanley Madison, wife of Stanley Madison, former manager of Johnson Drug Store, but now of Muskogee, Okla., is expected to be here this week end with her daughter, to visit her sister, Mrs. Dell Moore, 2715 Wirt St.

COMPLETES PRIMARY AIR TRAINING

Tuskegee Army Air Field, Ala. June 18—Aviation Cadet Woodrow F. Morgan, son of Mrs. Alma Morgan of 2907 North 27th St., Omaha, Nebraska, recently completed his primary training at the Training Detachment at Tuskegee Institute, Alabama, where he will begin actual flight training.

MID-STREAM

It will soon be time for election of officers for the next year. This should not be a difficult job. For there should be no change in officers. When one considers the wonderful strides made by those now in office, and at the same time bear in mind that they haven't yet got fairly started... would it not be wise to let them finish out their program. This they will surely do if returned to office.

Legree of Mississippi

We wonder if Bilbo the Simon Legree of Mississippi Who hates the Negro so. Prefers the German Gestapo. Or would he be more pleased To receive the Japanese.

We wonder about his "Back to Africa" stuff. And to be correct in his dialect "Boy, would we evah get ruff—sho nuff"

Does Bilbo think he is greater Than the Almighty Creator Who from one blood created all men To dwell upon the face of the earth?

And does he think his creed or birth, Gives him a deed to any one part Of God's great earth? If so, he and Hitler wear the same shoes.

For Bilbo's prejudice and hate Has forced him to undertake To do what Hitler chose To do against the Jews, To banish the Negro race From the United States.

Will some day be their own undoing? Like Hitler who learned too late The bitter price of hate— And who, now trembles in his shoes, As he sees the hour of doom Which is coming soon; When he shall pay his just dues For the slaughter of the Jews, And just as sure as night follows day, Bilbo will be Pharoah. Will also reap his pay!

RATIONING

COFFEE—Stamp No. 24 in War Ration Book One remains valid through June 30. SUGAR—Stamp No. 13 in War Ration Book One remains valid through August 15. Stamps No. 15 and 16 in War Ration Book One are valid for 5 lbs. of sugar each, for use in home canning.

ACCIDENTS ARE COSTLY

The skill and strength of our industrial workers must be guarded against accidents and diseases so as to carry through the war production program. With this end in view Secretary of Labor Frances Perkins' Committee to Conserve Manpower in War Industries has compiled a list of do's and don'ts to keep workers from getting hurt. This is the first of a series of articles prepared by the United States Department of Labor so that all workers can check the hazards applying to their own jobs and safeguard life and limb in their own interest and that of war production.

THANKS TO PARTICIPANTS

Prophet Hess, officiator and Ora Robinson Secy of The First Mission of the God Sent Light Church, 2734 Blondo St., wish to extend their gratitude of thankfulness to visiting churches and friends who participated with them the past week. You who failed to come certainly missed a treat on last Thursday evening. We all feasted in songs. Everyone present felt the spirit of God, on Sunday evening at 8:30 pm, our pastor brought to us a soul stirring sermon, subject—"You have not chosen Me, I have chosen you" St. John 15-16 vrs. You are always welcome to our humble Mission. Readings daily by appointment, JA, 0448.

PAULINE MYERS, MOWM SECY ILL IN HOSPITAL

New York City—Among the shocks and surprises in the ranks of the March on Washington Movement was the sudden illness of Miss E. Pauline Myers, National Executive Secretary who is now recovering in the Wadsworth Hospital in New York City.

WASHINGTON REPORT

BY HOWARD BUFFETT (Congressman, 2nd Nebraska Dist.)

There are now about 75,000 girls in the WAACs. The Army wants a half million. But, recruiting has fallen off and the girls are refusing to enlist with the same ardent fervor that they rushed for uniforms a year ago.

Abraham Lincoln said, "I have faith in the common people. Tell the people the truth and the nation will be saved."

United States government expenditures during the month of May exceeded governmental receipts by \$5,954,000,000. Nebraska's share of that deficit on the basis of population is 1 percent, or \$59,000,000. Stated another way, the United States government would be...

In a Brookings Institute Report, "Is There Enough Manpower?", Harold Metz states: "Great Britain out of a total population of 48,000,000 there are about 4,000,000 in the armed services or about 8.3 percent of the population. An American armed force of 12,000,000 would be 9 percent of our population."

Favorite Congressional phrase used by a Representative seeking the passage of legislation: "Mr. Speaker, This is a bill to shorten the war, and save the lives of American boys...etc." It would be rather difficult to quarrel with that goal.

According to the best estimates, over 90,000 people are on the governmental payroll in connection with the solving of our food problems. During the last year the Food Administration had on its payroll less than 3,000.

There are lots of people in Washington who are on what Mr. Average Man calls the "gravy train". But dog-gone few are eating strawberry shortcake. The strawberry crop along the East Coast was almost a total loss due to late freezes. Nebraska newspapers freezing numerous ads about Large, Jumbo, juicy, full-ripe, extra sweet, home grown, Nebraska strawberries do not improve our appetite for East Coast synthetic pectin desserts.

Faces from home this week... Frank Fogarty, Omaha, Nebraska; A. P. McCullough, Omaha, Nebraska; Betty Jean Assman, Omaha, Nebraska; Loyal E. Shannon, Nebraska City, Nebraska; Mr. and Mrs. R. E. Fitzsimons, Omaha, Nebraska; W. D. Lane, Omaha, Nebraska; John W. Barth, Omaha, Nebraska.

national government in the month of May went into debt to the tune of \$50 that is chargeable against each man, woman and child in the State of Nebraska.—and that is just the Nebraska citizen's proportion of the total.

During the twelve months ended May 31, 1943, the national debt increased 67 billions of dollars. That debt increase is equivalent, on just Nebraska's share, to over \$2,000 for each family of four in the State. Wars cost money!

There is a great deal of discussion about wages and prices. Officially wages were frozen on May 15, 1942. On May 5, 1943, the House of Representatives passed a measure giving about 2,490,000 federal workers an increase in pay which the Bureau of the Budget estimates will cost \$58,000,000 annually. That's more than John L. Lewis is asking for the miners, and the miners do produce some thing.

The Senate Military Affairs Committee is holding hearings on the Austin-Wadsworth National War Service Act. This bill would provide for selection and assignment of every man between the ages of 18 and 65 and every woman between the ages of 18 and 50, subject to specified exemptions and deferments.

It is hoped that long standing squabbles and legal tangles over the boundary between Iowa and Nebraska will soon be ended. These boundary troubles, caused by the changing moods of the Missouri River current, are settled by a bill now before Congress. The legislation had previously been passed by the Iowa and Nebraska legislatures. Permanence of the boundary will depend upon Ol' Man River. The Army Engineers claim to have Him pegged down.

In a Brookings Institute Report, "Is There Enough Manpower?", Harold Metz states: "Great Britain out of a total population of 48,000,000 there are about 4,000,000 in the armed services or about 8.3 percent of the population. An American armed force of 12,000,000 would be 9 percent of our population."
