## Serving the Nation

### 912 NORTHWESTERN BELL EMPLOYEES IN ARMED FORCES

Some serve on fighting fronts half a world away. For others, there is service nearer home.

Each day, millions of telephone calls are helping to speed the production of war materials and the movement of men and supplies.

The 14,200 Northwestern Bell men and women on the home front are providing service for many more telephone users and handling many more long distance calls than ever before—at a time when the shortage of materials prevents addition of lines and equipment. Each day, they are striving to make the best possible use of the facilities we have and to do the telephone job so that it will contribute its full and vital part in the united drive for victory.

For your patience and understanding in these days when telephone service is not always up to normal peacetime standards and when many civilian telephone needs cannot be met, we are sincerely grateful.

# Meet Senator FILIBUSTER

This is Senator Filibuster . . . Senator Filibuster doesn't want ten million American citizens in eight Southern states to vote. It means little to him that the poll tax holds back the war effort. It's nothing to him that our enemies use the poll tax to discredit us among our colored Allies

Senator Filibuster doesn't like anybody who tries to make democracy work. Senator Filibuster was "elected" by a handful of voters. A "permanent" politician, he keeps coming back to Congress term after term . . . and he has a death-like grip on important Congressional committees.

In the last Congress, he killed the Geyer-Pepper anti-poll tax bill in the Senate after it passed the House. He has threatened to filibuster again this fall—for 15 months if necessary—to keep the Senate from voting on HR 7, the anti-poll tax bill which passed the House in May of this year by 265-110.

**YOU PERSONALLY CAN LICK SENATOR FILIBUSTER.** His endless speech making can be stopped. It is called invoking cloture and it takes a 2/3 vote of the Senators. Millions of Negro American citizens must write their Senators to vote for cloture—and CONTINUE to vote for cloture until debate IS limited.

In September, the Senate comes back to Washington to go to work. If you, your friends, and every Negro organization write their Senators today to vote for cloture and passage of HR 7, the poll tax and Senator Filibuster will go down to defeat.

**MAKE DEMOCRACY WORK. ASK YOUR SENATORS TO VOTE FOR CLOTURE AND PASSAGE OF HR 7.**

## Who Does Your Thinking?

by RUTH TAYLOR

"Hold on" you are going to say. "I do my own thinking. No one tells me what to say."  
Perhaps that is true—but is it your head or your heart or your cussedness that dictates what you think?  
We are no nation of regimented slaves. What restrictions we have placed upon us. What regulations we obey, we accept of our own free will. They are OUR laws, and we will obey them because they are the traffic signals at a dangerous curve in the road.  
We are no nation of group thinkers—An American Europe, drawn each way by conflicting interests and hamstringed at every turn by barriers of age-old misunderstandings. We are free men who cooperate but who do not belong in groups. Under our democratic form of government, we are free to determine our own thoughts, and that implies a personal responsibility as to what we let rule our thoughts—our head, our heart or our cussedness.  
When our head rules, we can think calmly and dispassionately and determine what is the logical course to pursue for our own interest. When our heart rules, we follow our emotions, too often mistaking the will-o-the-wisp of fancy for the steady flame of idealism. When our cussedness rules, we obey our prejudices—prejudices based on lack of knowledge of our brothers' needs or motives.  
Just as we need three branches of government to check the usurpation of power by any one, so we need to let the three—head, heart and cussedness—rule our thoughts. Unquestionably we must first think with our heads, for we need clear and logical thought. We need to face and assimilate facts, to be realistic and practical in time of national tension. But we must also think with our hearts, that we may add the leaven of compassion to our thoughts, that we may have faith and hope and charity, that we may work in harmony with our fellow Americans because we think in harmony with them.  
To these two we must add the spice of cussedness, turning it from personal prejudices against people to an active determination to fight against an evil which seeks to divide and disrupt, to set religion against religion, race against race, class against class—and color against color—an evil which seeks to control by destruction of that unity which is democracy.  
Who does your thinking? You are but one—but as YOU and YOU and YOU think, so will the nation act. The responsibility is great—and it is up to you!

Here's one right and proper way to moisten hard dry passages and obtain more gentle "easy" movements. Every morning for 5 days, 15 minutes before breakfast, drink a glass of hot water to which one teaspoonful of Kruschen Salts has been added. While you are eating breakfast the hot water and Kruschen will be feeding moisture to those hard, dry passages. They become soft, moist, easier to expel. No need to strain and thus risk painful rectal irritation. Usually within 30 minutes wastes are expelled smoothly and gently. You feel gloriously fresh again. Be sure to follow the simple easy directions. Don't delay—you can get Kruschen Salts at any drug store.

Atlanta, Sept. 9 (ANP)—More respect for the church and its ministers was asked here Sunday by the Rev. Borders is pastor.

"We'll never become a great race unless we learn how to appreciate the church and its preachers," asserted Dr. Shepard, who attracted nationwide attention during the 1936 National Democratic convention when Sen. "Cotton Ed" Smith of South Carolina walked out of the hall as the minister was praying.

The church, he said, is the foundation of all progressive business and educational institutions. Praising the work of the FEPC Dr. Shepard contended that the committee couldn't do everything. "We
