LEGION SIDELITES

by JULIUS E. HILL HINTS FOR LEGIONNAIRES You need the Post and the Post needs you. We can't rest on our laurels. Pay your 1944 dues and keep your post on top of the heap.

Help your auxiliary all you can. Remember its relation to your post is important to its continued success as well as the post's. Allow the men you have elected to office to do their work unhampered by your fault finding, especially when you are not sure of what you are finding fault about or get your information second handed.

Don't come to a meeting for the sole purpose of starting a squabble. All will know you are present just as well if you conduct yourself in a more orderly manner. Wear your Legion button. Buy War Bonds and War Saving Stamps. Remember others were buying to aid you when you were soldiers in the last war.

Jammed In spite of the inclement weather the Lounge was literally packed and jammed last Saturday night. Generous The Auxiliary very generously assisted the Post in obtaining things necessary for the banquet for the delegates and visitors attending the 25th 8th District one day Convention, Friday, October 29th. Our Auxiliary has never let us down if there has been any way in which they could come to our assistance.

THANK YOU, Mrs. Kennedy Through the columns of the Omaha Guide, The Women's Auxiliary of Roosevelt Post wish to express its appreciation and thanks to Mrs. Anna Mary Kennedy and committee for their wonderful help when it was making preparations for helping to entertain delegates and visitors attending the 25th Eighth District Convention that met in Omaha for one day last month.

Through their untiring efforts a lovely program was presented to the public the day of the meeting. And to get it out costs money. So what? That didn't bother her nor her zealous committee one bit. Out they stepped and quickly

SAYS COLOR TESTS THE CHURCH Chicago, Nov. 9 (ANP) The Christian Church can no longer evade the test of color: Its responsibility is to practice the brotherhood which it teaches or pack up its Bibles and call it a day, says James M. Yard, director of the Chicago Round Table of Christians and Jews, in an article, "Color Tests the Church," in November issue of Negro Digest.

The Rev. Mr. Yard, a Methodist minister and for many years a missionary in China, lashes out against the "plati-tudinous hands in lap attitude" of an institution which preaches a theoretical "brotherhood of man" yet carries "escape clauses in its back pocket."

In explaining the reason for such a wide gap between profession and practice concerning the fundamental teaching of Christianity, the writer blames ignorance of the facts about race and tradition as the foremost causes of the failure of the Christian church.

He declares that resolutions passed by great church gatherings will have no effect if they are backed up by a determination of the individual congregations to become real friends of Negroes with whom they come in contact. Where is the white church that has gone to the authorities to demand that the bill of rights be put into practice? he queried. The ministers concludes: "The church must practice brotherhood in restaurants and housing and schools and jobs," or her cause is lost.

LAST SUNDAY MORNING! (BY JULIUS E. HILL) The slack shirt tails that once did fly. Before the leaves began to die. Now no more with breezes play. For they are carefully tucked away. Say!...wasn't it cold last Sunday morning?

Slack suits are quite scarce today. Not popular like they were in May. Most slack shirts closed now at the throat— And hid beneath an overcoat... Man it sure was cold last Sunday morning!

The winds that whistled through the trees Eliminated all BVD's. Women are even seen dressed warm.— Not for style or added charm— Ladies, it sure was cold last Sunday morning!

When old winter comes to town And casts on me an icy frown, That's when I get a sudden flare For nice, warm, fleecy lined underwear.... I sure was one cold bird last Sunday morning!

GEORGIA MEDIC SHORTAGE FORCES USE OF NEGROES

Atlanta, Nov. 8 (ANP) The doctor shortage in Georgia has become so serious that there have been "recent instances of veterinarians and Negro doctors delivering white babies and otherwise administering to the sick," Dean Herman D. Jones of the Oglethorpe school of Medicine said here Wednesday. The statement, which observers said was "just horrible," was made by Dr. Jones in an effort to strengthen his argument before the Grady Hospital Board of Trustees, urging them to open the wards of the hospital to the use of Oglethorpe medical students. Use of the hospital facilities must be obtained by Oglethorpe before it can achieve an accredited status. Opening of the hospital to Oglethorpe students is being opposed by the Emory university medical school, which now enjoys use of the facilities.

MORNING WINS PLACE ON CLEVELAND'S BOARD OF EDUCATION

Second Negro in City's History Cleveland, Nov. 8 (ANP)—When John Frew Morning, with 60,095 votes, won a place on the board of education it marked the first time since the death of Mrs. Mary B. Martin for a Negro to win representation on the city's school board. Morning became the second Negro in Cleveland's history to be elected to the body.

Morning's victory over two other candidates, Franklin A. Polk and William B. McDiarmid, marks his second trial at the post. The other time he annexed a large vote but failed to win. A graduate of Wilberforce university, 42-year old Morning is district manager of the Supreme Liberty Life Insurance company. His other activities include presidency of the East End Community Center, a member of the board of managers of the Cedar Ave. Branch YMCA, membership in the radio board in his district, a recent appointee by Mayor Lausche to the Cuyahoga County Fair Rent committee.

Dynamite FREEDOM OR SLAVERY?

Chicago, (For Press Photo Service, Inc.) For over 75 years Negroes have been supposedly free in some states we have been 7 percent slavery in the rest of the country we have been half slave—half free. For years America has had an oriental exclusion act; limiting all orientals to certain numbers annually. Last month the U. S. Senate and Congress voted to void this Chinese exclusion act to admit larger numbers of Chinese because of the radiant fight the Chinese are making in saving the lives of white men, by holding the Japanese back in the Far East. British and American interests have exploited China for years, taking advantage of a backward people. While they, the white men, have had the upper hand until Japan drove them out. They only recently saw their mistake but not until China made a brilliant fight with human losses amounting to millions. Filipinos are guaranteed their freedom now, but Japan promised to free the Filipinos immediately—and America had to plan quickly. These are the same Filipinos that American Negro soldiers helped to conquer after the Spanish-American War. The Indians of this country have been paid, or partly paid for this country which was invaded by whites running away from high taxes and slavery in Europe—whites resented both and fought their way into this country, conquering the Indian, causing bloodshed on both sides. They tried to make slaves of the Indian—but the Indian says—No good—. Out of all the races or nations involved the Negro is the only one that has absolutely laid down on the job—he has accepted slavery without a fight he has listened to SPINELESS "YELLOW" RACE LEADERS WHO TELL THEM to keep quiet—until the war is over. China, the Filipinos and the Indians have shed blood for their freedoms. The Negro is resolved to be meek and humble for eternity. We are such cowards. We don't really want to be free—DO WE?

MIXED COMBAT UNITS COMING

Chicago, Ill., (Special) Whether or not that Negro Servicemen would be taken from Service Battalions and given a chance to fight the Nazis and "Japs", Congressman William L. Dawson, this week told representatives of this newspaper that they would. He said that with the Casualties list mounting with such rapidity he believed that mixed combat units would soon take place on the fight fronts. He said that a lot of people will soon change their minds about what to do with Negro troops. Shown
