The Legionnaires are still going strong in regards to their membership drive. Mrs. Hicks of course, is still walking and talking herself into a frenzy. But in doing so she is showing results. She has signed up most of the new members. Not merely because she is in charge of the drive, but more because she can out talk them ...

Chicago, (For Press Photo Service) ... If I were white, I probably would be as prejudiced as my white brother, toward the Negro. But if a Law was passed by white men making it legal for Negroes to be citizens, I would either obey the law or try to have it repealed.

SOUTHERNERS SCARED TO DEATH
Back of the scenes for the past week the "pole" tax Senators and Congressmen have been amusingly jittery. It is the irony of fate catching up with them. The sword of Damocles hangs over their heads in the soldiers' vote bill. They had hardly finished laughing up their sleeves as they presaged the doom of the anti-pol. tax bill by the usual filibuster than this very real and immediate threat to the continuance of the Southern disfranchisement and dis-crimination against 10,000,000 American voters because of race and color has met them head on.

THE GOP. RDES ON
Congressman Chester O. Carrier (Rep.) Kentucky, comes to Washington this week after defeating Dan Tolbert, a Democrat "big shot" at the special election in the long time Democratic 4th District, of the Blue Grass State. Mr. Carrier won by the approximate number of colored voters, who joined their fellow Americans in redoubling the GOP principles of yesterday. Hodgenville, the birth place of President Lincoln is located in this Kentucky district.

202 COLORED NURSES
The National Negro Council registers a ten pin strike before the Senate Appropriations Committee by pointing up the unbelievably small number of Colored nurses, two hundred and two (202), which is the so-called quota limit according to the reports from those colored women applying to the War

chief law officer of the United States in his speech before the colored lawyers meeting gave no explanation, apology or denial of his recommendation to stop race riots in Detroit and other northern industrial war centers by keeping the colored people down South to stew in the lynchers and disfranchises bloody justice, while the Ku Kluxers would have his blessings to bring their bigotry and prejudice above the Mason-Dixon line.
