

Cooperation

Complete co-operation is very much in evidence as a WAVE and sailor work together in decorating a Christmas tree. The feminine touch is guaranteed to improve on the appearance of the finished product.

*Especially when Important Public Questions that are of Such Vital Interest to the Life-Cord of Every Home in Our City is being discussed.*

There are a few people living in this world yet with backbones and not wishbones. We haven't been one sided in this matter. We are admitting we haven't been in a position to talk with all who might have been willing to state their position in this public issue, for this we apologize and hope you may be privileged to join with us further down the road in this important question that the Citizens of Omaha must at some time another pass on in the voting booth. We have stated to those who we did talk to and written to that we wanted their statement for publication. The following is a list of Omaha Citizens who have shown they have the STAMINA, the COURAGE, and the CONVICTION to pass their opinion on public issues of importance regardless of the effect it might have on their future statistics in life ECONOMICALLY, POLITICALLY, and SOCIALLY. To tell you where they stand on this NEBRASKA POWER CO. question and why.
