### NPC Places First Rehabilitated War Veteran...

The first Omaha placement of disabled veterans of the present war through the Veteran's Rehabilitation Program has been made in Omaha. Glenn Tharpe, 21, graduate of Boys Town, began work last week in the appliance repair department of the Nebraska Power Company.

Tharpe, while in training in a Louisiana army camp, was beaten by an escaping prisoner. His injury hospitalized him for several months, after which time he was released to civilian life.

Unable, because of the nature of his injury, to return to his pre-war trade, as a machinist, he was given work along a similar line, but in which he lacked training. Through a system of pay-while-you-learn, he will soon be able to make his way alone.

We often wonder if discrimination is increasing or decreasing. It is very strange that we are asked to be patriotic. We shall at all times use our best efforts to be loyal to the U. S. flag and to keep in the trend of law abiding citizens and do all in our power to help win the war as did our forefathers. Regardless of the whip and lash which they were subjected to. They helped build the highways, by cutting down the trees and the hills, and straightening out the roads—hoping and also feeling that their children would receive the same treatment as all American citizens and be respected and given the same opportunities at all times and their places in the United States. Let us hope the day is not very far away.

**AS GOD SPOKE TO 'PROPHET HESS'**  
The Glory of God is still in the children of men. His works are established in truth. Obedience is better than sacrifice. After 2 years' labor telling what thus said the Lord you failed. But I obeyed and took leave of your city at the command of God. For one year at His will not mine, I have returned. In the name of the Lord. That year is almost up and time draws near. My home is the House of prayer. You are always welcome in God's house. He who kept the faith, rejoice and be afraid as the power of God must prevail. He is still unchanging, the same as at the Beginning and will be at the ending. Join me in prayer for peace and watch the papers for opening date of First Mission of God-Sent Light.

**"We're getting along OK on Our Party Line . . ."**

When we moved we had to go on a party line. Couldn't get an individual line because of war shortages.

"At first we ran into the calls of other folks on the line . . . pretty often, too. But then we decided we'd plan our telephone use more carefully. My wife does her grocery ordering early in the morning and keeps all other calls to 5 minutes or less. The children don't make so many evening calls and we've urged them to be brief, too.

"We can't kick about our party line neighbors—and we hope they feel the same about us. Party line service is going to be all right with us until this war is over."
