'RACIAL GAINS HOPE OF NEGRO FIGHTERS

New York-A captain of the 99th Fighter Squadron, Negro veterans of air campaigns in Africa, Sicily, and Italy, last Saturday said, that the American Negro fighting men are looking toward postwar improvemen

of conditions for their race. Capt, Lemuel R. Curtis, 28, holder of the air medal for 150 hours of combat flying, said he believes that "the Negro in battle is concerned with what postwar conditions will be and there are many Negroes in farflung corners of the world who are getting a new slant on things."

NEW! "BACTERIOSTATIC"

now finding great favor among women...

Many doctors urge the regular use of douches for women who want to be refreshingly clean — for women troubled by offending odor, itching

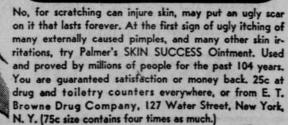

Some products may be harmful germicides which burn, harden and damage sensitive tissues. But NOT Lydia E. Pinkham's Sanative Wash! Instead—Pinkham's Sanative Wash is an effective "bacteriostatic" (a new modern trend).

It not only discourages growth of the more vulnerable bacteria but cleanses, deodorizes, relieves minor irritations and discharge. Despite its great strength—Pinkham's Sanative Wash has a beneficial effect on delicate membranes. Inexpensive!
