

# Henninger Warns Draft Deferees 29 through 37

Brig. Gen. Guy N. Henninger, selective service director, warned Nebraska registrants that men, deferred for occupational reasons, are inviting induction when they forsake their jobs for work less essential to the war effort.

He explained that since occupational deferment requirements for men over 29 years of age were relaxed two months ago, some registrants of the older age group have made plans to leave their war jobs and accept employment less essential to the war effort, apparently on the mistaken belief that they are immune from induction.

**NEBRASKA'S "NO SALE TO MINORS" LAW REALLY WORKS!**

Nebraska laws see to it that there shall be no sale of alcoholic beverages to minors. Violation of this law subjects the tavern keeper to revocation or suspension of his license . . . up to \$50 fine for the minor.

This is a good law and this Committee gives it full support. Going still farther, to discourage minors from attempting misrepresentation of age, we provide retailers with "Sworn Statements" which doubtful cases must sign before making a purchase. Signers swear they are 21 years

of age or over. The \$50 fine for misstatement is emphasized.

This is just one of many services to the public by the brewing industry of Nebraska in the interest of law enforcement. It typifies our desire to keep the retailing of beer on the same high plane as the retailing of any food product.

The Pelican above has an excellent "formula for not getting ahead" . . . "let somebody else take care of me." In countries where people are too closely controlled by government, there are peasants . . . men and women without much hope of anything for themselves or their children but continuing peasantry . . . where strict government control has stifled all initiative and ambition.

In America there is no peasant class, because we have held open the door of opportunity to all. The spirit that has made America great is the driving force of free, private enterprise . . . and there is no substitute.

## NEGRO DELEGATES ELATED OVER CHOICE OF DEWEY (continued from p 1)

ious and constructive in the party's history. Many had arrived in Chicago entertaining doubts about the party of Lincoln's attitude for the problems affecting the Negro citizens. Wild rumors to the effect that Senator Byrd might be the vice-presidential nominee, that the party would ignore demands of its colored constituency for specific references to such issues as, the poll tax, lynching, FEPC, and other controversial matters, had a number of them considerably worried. But the report of the Resolutions committee on Tuesday, cleared up the clouds, and convinced the most skeptical that the Republican party is fully cognizant of the strength and influence of the Negro vote in strategic states.

The Overwhelming vote of the 1,057 delegates for Thomas E. Dewey, Governor of New York, as the party nominee for president of the United States, was met with enthusiasm by most of the Negro delegates, alternates, and visitors. Governor Bricker of Ohio's selection, Dewey's running mate, also proved popular, and the record of both governor's in connection with the Negro voters of New York and Ohio is generally conceded to be commendable and indicative of continued and even greater strides to be made by American citizens of Negro descent if the Dewey-Bricker combination emerges victorious in November.

Perry Howard, National Committeeman from Mississippi, now serving out his 20th year, stated that the convention had wound up a great session with an all-out victory ticket. Judge Rivers of New York, Cecil L. Roccolette of Detroit, Mrs. Sarah S. Washington of Atlantic City, and a host of other delegates expressed satisfaction with the Dewey-Bricker setup.

The platform as a whole, met with the approval of most of the delegates and alternates even though it was reported that Dr. S. D. Redmond of Mississippi, only Negro member of the Resolutions Committee had been shunted from the important Labor sub-committee. Key points in the Republican platform of 1944 follow:

**On War and Peace.** . . . "We declare our relentless aim to win the war against all our enemies: (1) for our own American Security and welfare; (2) to make and keep the Axis powers impotent to renew tyranny and attack; (3) for the attainment of peace and freedom based on justice and security."

**On Western Hemisphere Relations.** . . . "We shall develop Pan-American solidarity. The citizens of our neighboring nations in the Western Hemisphere are, like ourselves, Americans. Cooperation with them shall be achieved through mutual agreement and without interference in the internal affairs of any nation. Our policy should be a genuine Good Neighbor policy, commanding their respect, and not one based on the reckless squandering of American funds by overlapping agencies."

**On Social Security.** . . . "We pledge our support of the following:

1. Extension of the existing old-age insurance and unemployment insurance systems to all employees not already covered.
2. The return of the public employment-office system to the States at the earliest possible time, financed as before Pearl Harbor.
3. A careful study of Federal-State programs for maternal and child health, dependent children, and assistance to the blind, with a view to strengthening these programs.
4. The continuation of these and other programs relating to health and the stimulation by Federal aid of State plans to make medical and hospital service available to those in need without disturbing doctor-patient relationships or socializing medicine.
5. The stimulation of State and local plans to provide decent low cost housing properly financed by the Federal Housing Administration or otherwise, when such housing cannot be supplied or financed by private sources."

**On Labor.** . . . "The Republican Party accepts the purposes of the National Labor Relations Act, the Wage and Hour Act, the Social Security Act and all other Federal statutes designated to promote and protect the welfare of American working men and women, and we promise a fair and just administration of these laws."

**On Foreign Trade.** . . . "We assure American farmers, live stock producers, workers and industry that we will establish and maintain a fair protective tariff on competitive products so that the standards of living of our people shall not be impaired through the importation of commodities produced abroad by labor or producers, functioning upon lower standards than our own."

**On A Proposed Two-Term Limit for President.** . . . "We favor an amendment to the Constitution providing that no person shall be President of the United States for more than two terms of four years each."

**On Veteran's Aid.** . . . "We approve, have supported and have aided in the enactment of laws which provide for reemployment of veterans of this war in their old positions, for mustering-out-pay, for pensions for widows and orphans of such veterans killed or disabled, for rehabilitation of disabled veterans, for temporary unemployment benefits, for education and vocational training and for assisting veterans in acquiring homes and farms and in establishing themselves in business."

**On Racial and Religious Intolerance.** . . . "We unreservedly condemn the injection into American life of appeals to racial or religious prejudice."

We pledge an immediate Congressional inquiry to ascertain the extent to which mistreatment, segregation and discrimination against Negroes who are in our armed forces are impairing morale and efficiency and the adoption of corrective legislation.

We pledge the establishment by federal legislation of a permanent Fair Employment Practice Committee.

**Anti-Poll Tax.** . . . "The payment of any poll tax should not be a condition of voting in federal elections and we favor immediate submission of a Constitutional amendment for its abolition."

**Anti-Lynchings.** . . . "We favor legislation against lynching and pledge our sincere efforts in behalf of its early enactment."

The plank on the Negro represents a victory for the several groups who have filed vigorous pleas and protests to the Republican National Committee headed by Senator Taft of Ohio. These groups included the NAACP, headed by Walter White, the Executive Secretary, the Planning Committee for United Minorities, of which Robert Church of Memphis is chairman, the National Negro Council led by Edgar G. Brown, and the National Community Relations Advisory Council. Perry Howard expressed his opinion of the Platform by stating, "the platform of this convention as it affects our group is the best the party has had since it was formed. We have pledges touching lynching, army discriminating general segregation, FEPC and everything else we could possibly desire or request the party to promise."

"We invite the New Deal boys to compare our platform with the Democratic steers and donkeys of those Texans, and South Carolinians who are planning the plank in the Democratic platform against the Negro."

**Housing and Entertainment.** . . . Chicago turned out to be a pretty good host if the comments of the many delegates and visitors are accepted. Sightseeing trips and many social events were scheduled for the entertainment of the guests. Citizens of the South side threw open their homes so that there was not too much difficulty encountered in getting rooms.

Every hotel welcomed Negro delegates, alternates and visitors. Perry Howard of Mississippi, C. B. Powell and Judge Rivers of New York, Editor Payne of Cleveland and D. F. Martinez of Jefferson City, Missouri going his Bluejacket Naval Boot training at the Great Lakes Naval base in Illinois.

**HOME FROM HOSPITAL.** . . . Dr. Clarence H. Singleton, prominent dentist and civic leader of our community has returned to his home from the hospital last week end. At this time reports indicate that he is doing fairly well.
