GOP OUTLOOK VERY GOOD

We notice in all the conventions and primary elections the voters and the delegates have their minds centered on good government which we are living under but it is like fishing sometimes we can have better luck by changing to another place up the creek. And from the way the great state of Wisconsin voted we are forced to sit up and take notice.

The Republican party is in the upgrade to make some very much needed improvements for the good old U. S. A. and we all should register and vote for the GOP in November. Now give it one little serious thought, will you?

LABOR DAY

We are approaching another Labor Day... And it should be celebrated in a very common sense way. We know there will be many speeches made at the picnics and we should be on our very best behavior and let the public know a laboring man can be a law-abiding and peaceful citizen and with the salary he is receiving, he can make an effort to improve his condition and at all times be a valuable help in the community in which he lives.

ARMY-NAVY POSTAL
EMPLOYEES PREPARE FOR
THEIR BIGGEST JOB

You Can Help Greatly BY Mail-
ing Your Christmas Parcels to
Services Men, Women on Time

Approximately 33,000 uniformed men and women in the Army and Navy postal services are preparing for their biggest job...that of moving an estimated 70,000,000 packages of Christmas presents (three times as many as last year) to the military men and women overseas, the Office of War Information reported today on the basis of data obtained from the Army and Navy.

Army postal officers are preparing their organization to move about twice as many Christmas parcels as were handled in 1943, when 20,000,000 holiday packages were sent overseas.

The Navy Mail Service expects nearly four times the volume of gifts handled in 1943 through fleet post offices in New York and San Francisco. A total of 7,480,000 packages went through the fleet post office last year, 3,480,000 of them to advanced bases or ships at sea and 4,000,000 to ships putting in at American ports, the Navy reported.

Both Army and Navy said that this year more facilities have been established all over the world to assure prompt delivery of properly wrapped and properly addressed packages to service men and women overseas on or before Christmas Day. That's why "Christmas Mailing Month" has been set for September 15 to October 15.

The only packages that were late in arriving or not delivered at all last year were those incorrectly addressed, wrapped or improperly packaged.

Packages should weigh not more than five pounds and have combined dimensions of not more than 36 inches. Be sure to address packages plainly and correctly, the Army and Navy officers said. Don't use labels that in handling, may come off. Put an extra address inside. Don't send perishables and above all, don't try to put edibles such as fruit cakes or cookies in the same box with wrist watches, pocket knives or other durable gifts soldiers appreciate. If the edibles spoil they may destroy the entire contents of the box.
