VOTE NO on Prohibition
General Election, November 7, 1944

AN ACT PROPOSED BY INITIATIVE PETITION
300 YES
301 NO
Nebraska set forth in Chapter 116, Laws of Nebraska for 1935, and all amendments thereto.
THIS IS THE PROHIBITION BALLOT
Read it carefully! Note that it prohibits not only the manufacture and sale of beer, wines and liquors in Nebraska, BUT PROHIBITS THE USE AND POSSESSION OF THEM. It makes you a criminal if you take a drink of beer or have a bottle of beer in your home! If this proposal is adopted by voters on November 7 the state Old Age Assistance fund, as well as county and local governments will lose \$3,500,000 a year in tax revenues, which will have to be made up with new and increased taxes on you. If passed, it will make the state legally "dry" and leave Nebraska without any state liquor control laws... and our state will immediately become a bootlegger's paradise. For those who honestly believe in prohibition, this proposal is IMPROPERLY DRAWN. DEFEAT THIS DANGEROUS PROPOSAL! Be sure and vote the small ballot... vote "NO"... put your X in the box numbered 301.

We are just 3 days away from the November Election and we truly hope all of our votes will be cast in the trend of our beliefs as to whether we will get the consideration and representation we are entitled to as we are only asking for what we should have. It was given in exchange for food, clothing, medicine, books and papers.

Townsend Club No. 11
We are glad to say we held our mass meeting on Sunday October 22 at 2608 Franklin St., in the Morning Star Baptist Church and it certainly was a grand success. We were a little disappointed in some of our speakers not being present, but they sent their regrets and we were just as glad to hear from them.
Mr. Fred Moore was our guest speaker and he told us something that was really worth while. I am sorry you were not here to hear yourself the good things all the speakers had to say about the Townsend National Recovery Plan. We added a large number to our Club roster and so many of our old delinquent members renewed their membership cards, and on Monday night we held our regular meeting at the Urban League Center 2213 Lake St. and we were delighted to have so many out with us and we continued to take in new members. Our drive is still on. We are trying to get the Townsend Plan into every home in the United States of America. The newspaper predicts that the outcome of the November election will depend largely upon the pension issue, granting that wartime problems will command top attention. Here are the important extracts from the editorial: there is an important domestic issue struggling for adequate recognition in this campaign. So far it is largely an issue of the people. The issue to which we refer to is that of social

security Mr. Roosevelt built up a social security program under the influence of Dr. Townsend's public pressure. Mr. Roosevelt's new deal has taken the credit for it, but the credit belongs to Dr. Townsend and the credit must go to him, also for his continued urgency against its inadequacy.
We are engaged in the most important campaign in our history. There is much work to be done in such short length of time with every member accepting a share of the work, we can march forward to victory this year. I hope to see you every second and fourth Monday night in the month at 8 pm. at the Urban League Center, 2213 Lake Street.
