

PLAN NEW CURB MARKET FOR N. C. COLORED FARMERS

So successful have been the colored curb markets in North Carolina that a new one is planned for Halifax County, according to reports reaching the U. S. Department of Agriculture. D. J. Knight, colored county agent, says that a temporary shed will be built in Scotland Neck on the vacant lot where a new post office is to be erected after the war.

The progress of the other curb markets is shown by a report from S. T. Lloyd, assistant county agent of Edgecomb County. He points out that the curb market at Rocky Mount sold \$115.09 worth of farm products on Saturday, October 14th.

Here's a Gala Thanksgiving Pie Made of Quick-Frozen Squash

EVEN if you can't get some of the goodies you are used to for this year's Thanksgiving celebration, you can still manage a feast fit for kings. And if you do a little skillful planning and careful buying, you will be able to work out a delicious menu, without spending hours of your precious holiday in the kitchen.

You will find work-free quick-frozen vegetables a big help in cutting down K.P. duty. All chores of preparing quick-frozen vegetables are done before quick-freezing seals in their full quota of vitamins and minerals, as well as farm-fresh flavor. Quick-frozen squash and baked beans are cooked before quick-freezing, and need only to be heated for serving. Other quick-frozen vegetables cook in half the usual time required for ordinary vegetables.

The squash is delicious not only as a vegetable but also as a "pumpkin" pie filling that tops off your holiday menu with distinction. Just thaw, add sugar, spice, eggs and milk, and bake into a golden-brown pie.

You can add to the holiday atmosphere of your dessert by decorating the pie with star cut-outs, made of pastry, delicately browned. If you make individual tarts, place a star on each for decoration.

Thanksgiving Pie

1 box (16-oz.) quick-frozen cooked squash, thawed
1/2 cup light brown sugar, firmly packed
1/2 cup granulated sugar

1 teaspoon cinnamon
1/2 teaspoon ginger
1/2 teaspoon nutmeg
1/2 teaspoon salt
2 eggs, slightly beaten
1 1/2 cups milk
2 teaspoons melted butter
1 recipe Pie Crust

Combine squash with remaining ingredients in order given; strain Line a 9-inch pie plate with pastry rolled 1/8 inch thick, allowing pastry to extend 1 inch beyond edge. Fold edge back to form standing rim and flute with fingers. Fill with squash mixture. Bake in hot oven (450°F.) 20 minutes; then decrease heat to moderate (350°F.) and bake 30 minutes longer.

How to Heat Quick-Frozen Baked Beans

Top-of-the-Stove Method: Put the quick-frozen baked beans with 2 tablespoons of water in saucepan, cover, and heat slowly, 25 minutes if frozen, 10 minutes if thawed. Stir gently several times.

Oven Method: Put the quick-frozen baked beans in a baking dish, add water, and bake in a moderate oven (375°F.) 1 hour if frozen, 30 minutes if thawed. Stir gently three times during baking.

Squash with Sautéed Onion

1/2 cup diced onion
2 tablespoons butter
1 box (16-oz.) quick-frozen squash, thawed
1/2 teaspoon salt
1/2 teaspoon pepper

Sauté onion in butter, add squash, heat, and season with salt and pepper.

HOME LOAN OFFICES FOR VETS OPENING UP

The Veterans Administration opened four new offices for the purpose of processing home loans to veterans which are to be guaranteed by it under the provisions of the GI Bill of Rights. These offices will have no direct contact with veterans, but will deal with banks and other prospective lenders seeking guaranty of proposed loans, the Veterans Administration said.

The four offices opened are in New York City, Washington, Chicago and San Francisco. The New York office will serve the New England States, New York and New Jersey. The Washington office will serve the other Middle Atlantic states, the Southern States, and the District of Columbia. Chicago will serve the Middle West and San Francisco the Far West.

These four are the first of a number of offices the Veterans Administration plans to open in connection with the guaranty of veterans' loans. The act authorizes the guaranty of 50 percent, with a maximum not to exceed \$2,000 on approved loans to veterans that are made for the purpose of purchasing, repairing or otherwise improving a home, a business or a farm.

With the opening of the new offices the Veterans Administration issued forms that will be required to secure its guaranty of loans, together with an explanation of the home loan guaranty.

The forms in general supply the information that would be required by any prudent business man before he would endorse a note, the Veterans Administration said.

Of these, the only one that is out of the ordinary is a Certificate of Eligibility, the administration said. This is a summary of the service record of the veteran together with a statement of the amount of the loan to be guaranteed. The Veterans Administration completes the form with a certificate that credit has been reserved and the loan may be guaranteed if approved.

The other forms merely establish the conditions of the loan, an appraisal of the property, a statement of disbursements to be made and the final certification of guaranty by the Veterans Administration.

NAACP ASKS TO FILE BRIEF AMICUS CURIAE IN RAILWAY BROTHERHOODS BLAS CASE

Washington, D. C.—The NAACP has asked permission to file a brief amicus curiae in the case of Tom Tunstall and Bester William Steele, Negro firemen who appeared November 14, before the Supreme Court in argument against the Louisville and Nashville Brotherhood of Locomotive Firemen and Enginemen. Instances of the Brotherhood's use of the framework of the Railway Labor Act, to discriminate against Negroes, have been accumulating since 1938.

Attorney Charles H. Houston, counsel for the two petitioners argued, that while the Brotherhood represented all the firemen on the two systems as exclusive bargaining agents, it barred Negroes and even made agreements with the carriers that resulted in demotion and unemployment for Negro firemen. He maintained that under the principle of majority rule the majority could not use the Government to exploit the minority. It was brought out also that under the provisions of the Railway Labor Act, the union had made an agreement, February 28, 1941, with a group of Southern roads that not more than 50 percent of the firemen in any seniority district should be "non-promotable." In this instance Negroes were designated "non-promotable," which meant that des-

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.
