have prayed, fought, laughed and wept together for several years—always pushing forward—always keeping our eyes on insurance for all, and with each passing day, due to our tireless efforts, that horizon dawns a little brighter. It has been a hard struggle and a long one, but every effort made, every tear shed, and every laugh that followed, has made an impression and has left its mark in the history of human progress. Little by little since Dr. Francis E. Townsend—more than 10 years ago delivered to this nation, his plan.

How women and girls
may get wanted relief
from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

A SECOND HAZEL SCOTT
IS ON THE WAY

(by Dolores Calvin)

NEW YORK CITY (CNS)—An ambitious, dark-eyed, Oklahoman, Miss Basil Spears, is fast becoming a close runner-up to Hazel Scott. Hazel as you know, now reigns over all boogie woogie playing the classics first straight, then pouring their individual personality into the keys, bringing forth the novelty and exhibiting their own greatness.

Basil is 23; she's played since she was 12. Her father, Rev. B. J. Spears, her father, pastor of the Mt. Rose Baptist Church in Tulsa, had a lot to do with her career. It was in his church that she learned the organ, in addition to the piano, and derived from it a keen sense of appreciation for classic and choral works. And in her school choir at Tulsa, she pedaled the organ's melodious strains for her anxious classmate listeners.

A Talledega Girl.....
Basil then majored in music at Talledega College where she finished in 1941. Finding her talents definitely ala Scott, she struck out in the field by playing 6 months at Monroe's Uptown House, 2 months at Hotel Billis in Utica, New York, a summer in Atlantic City, 8 months on a USO tour, 8 weeks at Lindseys, a return date for 15 more weeks and 8 weeks at Tondaleys in New York. The western miss is now fingerling through 16 weeks at Washington's Bengasi Club.

Hobby Is Music.....
For relaxation, Basil can play a good game of tennis and basketball, but she treasures most of her collection of records, many of which are classics. She, too, puts accent on clothes and cosmetics, feeling that an artist before the public must look her best always.

The boys, especially those she's entertained on her USO tour, adore her. But Basil isn't yet engaged and emphatically denies interest. However, we think that the someone will be included in the young lady's post war plans.

She likes ear-rings and young red nail polish. And she enjoys losing herself in a "moment of madness" by rushing patterned black and white keys together—Spears style.

Modest Basil laughs if you rate her with Dorothy Donegan, the Chicago wonder who rose from \$6 a week to a Hollywood movie and a Broadway success. But Basil, like Dorothy, is "up and coming." In fact, the score reads Scott, Donegan and Spears!

Yes, right now Hazel is sepien queen of the ivories. But with her own unique technique and likeable mannerisms, it won't be long before Basil Spears, too, has the keys to the kingdom!

SEAL SALES ENCOURAGING
THROUGHOUT NEBRASKANEEDS ALL POST-SEAL
SALE RETURNS.....

Omaha, Nebraska (Special) Monday was Christmas, 1944. For many families throughout Nebraska, this was a different Christmas because there were many faces missing from the war-time group enroute to church and gathered around the Christmas tree. But it was still Christmas. And the joy and happiness synonymous with Christmas still was present.

It was Christmas for the Nebraska Tuberculosis Association family too. The celebration of every year's great day rang down the curtain on the annual Christmas Seal Sale, sole support of the Nebraska Association's battle against tuberculosis.

The popular surety advanced at the end of the thirty-eighth Seal Sale, was, "How did the sale go?" This year, Association officials elected to wait a few weeks before answering that question.

They said that seal sales have been encouraging throughout Nebraska. But since there are many people who have not yet sent in their money for seals, an announcement at this time would fail to include all citizens' support.

The Association emphasized that though Christmas has passed, Nebraskans who have forgotten during the holiday rush to pay for their Christmas Seals may do so now. They added that the real success of the Seal Sale cannot be determined until all returns are received in the next few weeks.

This policy (accepting money after Christmas) is coherent with the work of the Association. The Association works the whole year fighting tuberculosis. So, money from Seals, even though late, will do just as much toward eradicating tuberculosis as that received weeks ago.

The Association needs all the financial support Nebraskans can give it. Because statistics show the sad fact that there was an 11 percent increase in tuberculosis deaths in Nebraska last year as compared to 1942. To set up a barricade against further rise in the death rate, the Association needs all post-Seal Sale returns.

AMONG DARKER RACES

New York (C) The American Mission of Lepers met this week to combat in the postwar the vicious disease leprosy in eight main countries. It has been discovered that there are 1,000,000 cases of leprosy in India; 1,500,000 in China; Burma 200,000 cases; Belgian Congo 200,000; Ethiopia 100,000; Korea 75,000; Thailand 20,000 and Liberia 15,000.

The Mission has outlined a five year plan at the end of the war so as to improve treatment and help pre-

"WE RESOLVE TO STICK TO OUR JOB!"

vent the spread of the dreaded disease. Dr. William Schieffelin, president of the organization, is seeking \$500,000 as initial fund.

CELEBRATES BIRTHDAY.....

Harry Sampson of 2609 Lake St., celebrated his birthday and Christmas together, Dec. 25th, 1944. He had a swell time. Repast, turkey with all the trimmings, cake, coffee, candy and nuts.

Not so many inmates, but just enough for his small house were present, namely: Mrs. Mose Bryant, Mrs. Rose Ellis, Mother Woody, Mrs. Bertha Hawkins and friend, Mrs. Alberta Milton.

On October 17th, 1944, his two brothers paid him a visit. They were Mr. Herbert and wife Mattie, of St. Paul, Minn., Mr. Ellwood Bonner and wife Reatta, of Pontiac, Mich., and Sister in law, Mrs. C. C. James of Chicago Ill. Harry's sister, Mrs. Wilda Hopkins of St. Paul, Minn., Mrs. Helen Sampson, the mother of them all. She was so happy, she had to have the doctor owing to her weakness. He had all settled folks at his party.

TODAY'S NEW HOLIDAY
SHOW TOPS BROADWAY

(by Floyd G. Snelson)

New York (CNS) Tondaleys, Broadway's popular rendezvous on Swing (32nd) Street, offers the biggest thrills in the intimate night club spots with a brand new show for the Ule holidays.

The Peter Rabbit Trio, a combination of the most fantastic musicians in versatile entertainment, headliners of the new bill, is the last word in clever: talent and artistic ability. The boys of Peter Rabbit Trio, of dapper appearance, are immaculately attired and display the most spectacular design in modern rhythmic performance, with utter satisfaction and emotional desire that makes for a grand evening of enchantment and alluring intrigue. Masters of a dozen instruments, their musical gyrations are almost better than perfection and reach in every clime to excellence. Just completing a long run at the Swanky Club Bengasi in Washington, they were hailed as the best by corners from all corners of the earth.

ASK COMPLIANCE WITH ALL
OFFICERS IN TRAFFIC LAWS

The Nebraska Safety Patrol asks everyone to support all officers in securing compliance to the laws during the holiday season.

Many persons feel that the gentility of the season is an excuse for reckless and even drunken driving. Some expect the police to show leniency and tolerance.

There are enough extra hazards in December, such as more darkness, icy roads and heavier holiday traffic, without drivers celebrating by careless driving. Back up the police, and help make this Christmas a time of happiness instead of sorrow.

A further need for more safety on the part of all motorists is to protect the excellent safety record, which is now being established in Nebraska. There were 6 traffic fatalities in Nebraska for the first 15 days of December, as compared to 9 for the same period last year. This year's total fatalities number 152 as compared to

The November activity report of the Patrol shows that 1,012 stalled motorists were given assistance, 479 dangerous obstructions were removed from the highways, 13 stolen cars were recovered and 103 accidents were investigated. To further the need for traffic safety patrolmen gave 41 safety talks.
