How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress.

- 1-Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. 2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Cattlemen from all sections of the state, professors of animal husbandry and 4-H Club boys and girls "sat at the feet" of Teddy to study the "margin of magnificence" which sets him apart from ordinary steers.

The 1170 pound Hereford arrived here in the gleaming mobile stable in which he is traveling to agricultural colleges throughout the country where he is appearing as the perfect example of a perfect steer.

Teddy, who competed against a record entry list of 790 in winning the title is the fourth champion owned by Firestone.

The first was Mercer, an Aberdeen Angus purchased at the 1938 International; the second was Sargo the 1939 world champion and a Hereford, and the third was the 1941 title winner, Loyal Alumnus The Fourth, a shorthorn-Angus.

POWER OF THE PRESS SHOWN IN SIXTH WAR LOAN DRIVE

The Sixth War Loan was the most successful sales program in the history of the world—total sales amounted to \$21,621,000,000.

That news, was made by news. In every department the press of the Nation pounded away with powerful front page stories—editorials—special articles—comic strips—comic panels—editorial cartoons—special features—pictures etc., with the urgent message of our Nation's financial needs.

The proof of the power of that tremendous support by the press is shown in the final sales figures of the greatest of all money raising programs—the Sixth War Loan Drive.

The importance of War Bond sales cannot be overemphasized. As some of our leaders have said on many occasions, "Next to the actual fighting, the War Bond Program is the most vital part of our war effort."

Your cooperation with the Treasury through the Allied Newspaper Council and the Newspaper Editorial Advisory Committee, both under the chairmanship of Frank E. Tripp is proving most helpful to our program, and all of us here at the Treasury sincerely appreciate the out-
