GOVERNOR GRISWOLD TO SEND 29,000 PERSONAL LETTERS TO NEBRASKA WOMEN
URGING NEED FOR WAC MEDICAL, SURGICAL ASST.'S
Lincoln, Neb., (Special)—Governor Dwight Griswold announced he was sending approximately 29,000 Nebraska women a personal appeal to serve as WAC medical or surgical assistants to aid the country's war-wounded at the Army general hospitals.

The governor's personal letter to "give these boys the patient, skillful and understanding care they have bled for" gave direct support to his recent proclamation declaring a state of emergency in Nebraska until the state enlists its minimum quota of four platoons during the WAC "Purple Heart" campaign. The women will care for sick and wounded soldiers at Fitzsimons General hospital, Denver, Colorado.

"Women who serve in hospitals have a special place in the hearts of all of us—especially the soldiers they serve," Governor Griswold wrote the women. "The art of healing bodies and minds has always required a woman's touch. (In army hospitals) women like yourself are feeding the helpless, seeing for the sightless, writing letters for the armless, keeping medical care records—a multitude of things a woman does better than a man. "You'll receive invaluable training, a chance to develop your skill for a post-war career, and a preference in post-war opportunities," he said.

Accepted applicants for the Nebraska "Purple Heart" platoons will be sent to Fort Oglethorpe, Ga., for basic training, then to an Army Medical Technician school for six weeks. After this training the applicant will be assigned with her platoon of other enlisted Nebraska women to Fitzsimons General hospital.

In his letter, Governor Griswold asked women interested in the "Purple Heart" plan to communi-

America I Love Me

From Winchell's Mirror Column
February 9

(Copyright 1945 by Harry Singer
65 W. 45th Street, New York City)

To help keep America from being destroyed by some of the children of the very people who built her into the strongest and richest country in the world.

Have you ever stopped to ponder... why some "AMERICANS" have so long raved that it's from our very own neighbors... that our country must be saved?

Didn't the Puritans found America... to escape from persecution but didn't they quickly make the Quakers the object of retribution?

When the early Dutch first settled here... in the land called "the free", weren't they labeled "dirty foreigners" by our Indians, on a spree? But the Dutch, they were a hardy lot... they quietly settled down.

They went about their business... and established New York town.

The Irish, fighting the British... heard some exciting news that America welcomed all comers... with or without their shoes.

Many sons of Erin soon set sail... westward across the ocean but weren't they often badly beaten... for their "foreign" religious devotion?

The Latins, the Slavs, the Aryans, the Jews... soon discovered with great elation that making their homes in the U. S.A. was like a permanent vacation.

When the Negroes joined our swelling hordes... to add their racial strains of all the people landing here... they alone were brought in chains.

Then our Civil War unshackled them and disproved a master race that blacks and whites are equals... is a fact even scientists now face.

Thus, we've built our America rich and strong... with tolerance as our basis.

Your own ancestors would be the first... to call it God's oasis.

But some "Americans" forget all this... and keep their hatreds aflame when trouble arises, they look around... for another religion to blame.

The Nazis know this all too well... it's the one thing that can lick us.

So they've planted "divide and conquer" here... in our weakest spot... they've kicked us.

In Gentile cars they've steadily whispered... that our enemies are the Jews.

They've egged on all good Protestants... the Catholics to accuse.

They would set the Negroes against the whites... the rich against the poor.

They know that class and religious hate... is a most irresistible lure.

Those whippers you hear are Nazi lies... they prove America's been invaded.

They're Germany's one last desperate hope... against a giant she has underrated.

Wise Blacks and Whites know all too well... that it's "STICK TOGETHER" or a post-war hell.

That's why Jews and Gentiles fight side by side... to knock off Hitler and Hirohito as well.

America still has one terrible foe... it's the toughest that she faces.

It's those gullible, misguided "PATRIOTS"... Who hate all other creeds and races.

So our country's greatest danger lies... not from robot bombers.

It comes right from within ourselves... from our racial and religious alarmers.

Remember how France fell part in a month... from fifth columnists she never sighted?

Mightn't France have avoided catastrophe... if her people had stood united?

The Nazis were being pulling their same old tricks... to sell YOU the hate of your neighbor.

America's future depends on YOU... can YOU resist Hitler's old enslaver?

YET US NEVER FORGET THIS IMPORTANT FACT... AS WE LOOK FOR SOMEONE TO ABUSE: IN THE LAST TEN YEARS, HITLER'S HOKUM HAS KILLED MORE WHITES THAN BLACKS. MORE CHRISTIANS THAN JEWS.

CAUTION IN BEER LICENSING URGED BY C. E. SANDALL
Careful consideration of the qualifications demanded by the Nebraska liquor control act for all who are licensed to retail alcoholic beverages in this state is requested in a letter sent to mayors and council men this week by State Director Charles E. Sandall of the Nebraska Committee, United States Brewers Foundation.

Noting that new and renewal applications for the license year beginning May 1 soon will be received by local governing bodies, Mr. Sandall writes that "passing upon these applications is an important matter, both to your community and to the brewing industry." He declares "the brewing industry desires that licenses be granted only to those who by their past records have shown a proper regard for public interest, and the desire and ability to comply with the law in every respect."

Mr. Sandall calls special attention to Sections 27, 28, and 29 of the liquor control act, dealing with beer retailer qualifications, and concludes, "Strict adherence to these provisions, and strict enforcement of all provisions of the law after licenses are issued will give this state the soundest method of handling alcoholic beverages, and will aid in the promotion of the health, safety, and welfare of the citizens of this state. To this end the Nebraska Committee stands pledged to render support and assistance."
