**HOW WOMEN AND GIRLS MAY GET WANTED RELIEF FROM FUNCTIONAL PERIODIC PAIN**

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1- Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2- Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.
