D. C .- The man I love has a bus iness in which I work. When started to work he said he wanted someone for a wife that would be able to help him go ahead. Now that he is about to get on top he wants to get rid of me although I try very hard to do the right thing Now tell me if I should break away from him altogether?

Ans: It might have been your employer's intentions to marry the woman who could step in and fit the bill but if he doesn't love you, you certainly would not want him under these circumstances. If you continue on this job, allowing him to monopolize your off duty hours when you know that he does not intend to marry you, it will lessen your chance at other friendships Don't mix friendship with business ...be his employee and nothing more. Otherwise get you a job some place else,

T. A .- Does my daughter have lung trouble and can she be cured or not?

Ans: Carry your daughter t the local clinic for X-rays. If the doctors find her lungs diseased sethat she is put in the hospital, for immediate treatment. Have your daughter examined right away.

J. P.-My husband is awfully nice to me until on Thursday afternoons when he comes home. You see he knows my first husband is living here now and I am off my job on Thursday afternoons. Of course you know there is the beauty parlor to go to and bills to pay and shopping to do, so if I come home late that afternoon or even get home about the time he does, he gets angry and tells me every since I saw my first husband I have been ! running to a certain place. He stays angry for 3 or 4 days, and will not eat my cooking nor sleep on the same pillow with me until he is all right again. Then he treats me like I am an angel just
