A TOP FAVORITE WITH OUR ARMED FORCES OKAY WITH THE CIVILIAN FOLK TOO!

"Revelry with Beverly" ... that's how they greet the comely Beverly White who is a "Pin-Up" choice with talent and voice. A favorite with those in the armed forces and the civilian crowd too, Beverly has appeared at the Club Regal, Columbus, Ohio; at the Pershing and DuSable Lounges in Chicago, and featured at the Onyx Club, Cafe Society, in New York—she was "acclaimed" by music critics when she opened the new famous Cabin

In the Sky ntery in Chicago. An alert cameraman "caught" Beverly in the two intimate poses above and upon interviewing her learned that she was the first Negro girl to fill an engagement at Carnegie Hall in New York City where for a number of years she was the featured vocalist with Claude Hopkins Orchestra. Miss White has appeared with both W. C. Handy and Duke Ellington in concert work. In St. Louis Beverly was a sensation at the Club Riviera. At present she is available for bookings through Associated Booking Corporation, 745 Fifth Avenue, New York, N. Y. And, yes, a deluge of fan mail from G.I. guys keeps Beverly up most of the night. That's her hobby!

COLLEGE FUND DONOR. Thomas A. Margan (left), national chairman of the United Negro College Fund campaign and president of the Sperry Corp., receives \$1 bill from Larry Solomon, 3, an ex-Gov. J. Melville Broughton of North Carolina, campaign vice chairman, looks on. Young Larry made his donation at a meeting launching the \$1,550,000 campaign to aid 32 private Negro colleges.

and our nation over on dry land. By his heroic and masterful powers, he crossed them over the Red Sea that was the blood of our people. The enemy pursued but God was with him in his fight, President Roosevelt like Moses, was leading his people out of the wilderness into comfort, peace, and prosperity. Generations of the South will rise up and call him blessed. In my judgement, he is the second Abraham Lincoln.

But Dixie's season of mourning shall become Dixie's season of rejoicing. For the white people and the colored people of Dixie see that the Lord laid His hands on Franklin Roosevelt.

UNITING THE PEOPLE
He laid His hands on Franklin Roosevelt and He told Mr. Roosevelt that He wanted him to bring His children of Dixie together.

Mr. Roosevelt brought them together on the Farm Security Administration projects where white sharecroppers and black sharecroppers, driven off the land by the men with the hard hearts and the heavy whips, learned to live together and work together.

He brought them together in the Southern labor movement where the cotton mill workers of Gastonia and the tobacco workers of Winston Salem learned to sit together in the same union halls and work out those human problems which afflicted God's children of both races.

BABYLON'S PRIMARY
He brought them together at the ballot box when thousands of Negroes went to the polls to vote after a Roosevelt-appointed Supreme Court wiped out the Texas primary law—as once the Lord wiped out the laws of Babylon which kept His children slaves.

And now the Lord has left to the people of Dixie the work that Franklin D. Roosevelt started in Dixie. We will not fail our dead brother and we will not fail the Lord in these days when freedom knocks loud at the door of Dixie.

We will see to it that all the kids of both colors, holding flags in their hands when the funeral train goes by, shall be educated in decent schools to become decent citizens of a decent South.

BLOOD AND SWEAT
We will see to it that all the people of Dixie who want to stay on the land will have a piece of ground and a living. That will be finishing the job which Lincoln meant to do, the job of muzzling the big landowners whose soil is watered with the blood of black tenants and white tenants.

We will see to it that all the people who want to live in the cities will have equal jobs at equal wages whether they be white Southerners or black Southerners. For nobody minds shedding sweat in honest labor, but it's time to stop shedding blood in Dixie.

We will march to the polls with tens of thousands of our Negro brothers come election time next year. We will wipe out of office the men like Bilbo and Rankin and Andy May. We will not stop till the price tag of the poll tax is taken off the ballot.

We will keep faith with the Lord and with our native son, Abe Lincoln, by keeping faith with our adopted son, Franklin D. Roosevelt. We will finish up the jobs that were left unfinished by Reconstruction.

We will build and rebuild. And that stone which is the brotherhood of black Southerner and white Southerner shall not be rejected by the builders.

The Lord Laid His Hands on Dixie

Three weeks have gone by in Dixie, and still the cotton mill workers of Gastonia, N. C., look through the windows when the train goes by.
Three weeks that have passed in Dixie—with the common people of Dixie mourning their adopted son, Franklin D. Roosevelt, dying on Pine Mountain in Georgia, as they mourned their native son Abraham Lincoln, dying in the nations capital city of Washington.
Three weeks that have been like three centuries of sorrow in Dixie and still my friend, Rev. George W. Taylor, pastor of the colored Christian church in Austin, Texas, tells that flock of the Lord which he feeds on Sunday mornings:
"President Roosevelt's death keeps on oppressing my mind, I regard him as a Moses who led our people
