MOTHER'S DAY by Dean Smith We find ourselves on one of the most important days that we should give the highest honor-MOTHER'S DAY, and may we at all times show our very highest respects as it was through her suffering and pain that we were brought into the world. She faced the ordeal with a smile, feeling that what she was undergoing was true love from the bottom of her true love from the bottom of her heart. And let us keep in mind to give in return more love and at all times cherish all of our very sweet smiles that will remind her that God will take care of His own.

## Never Must Be a Long Time"

Remember when Daddy went away? He told us to take good care of Mommy, 'n' when he got back, he'd take us fishin' . . . he'd build a boat that'd really sail . . . take us for walks in the woods so you could chase rabbits . . . 'n' we'd pick flowers to bring home

When the wind blew, I was scared 'cause it howled ... 'n' you crawled under the bed ... but he said not to be afraid . . . wind was made just so little boys could fly kites. When he came home, he was gonna make us a kite 'n' show us how to fly it on the hill.

Now Mommy says we don't have a daddy any more like other kids . . . he won't be home to tuck me in at night . . . or take us all on Sunday picnics . . . or hold Mommy's hand by the fire when he thought

When Mommy told us Daddy would never be home ... ever again ... she cried. Never ... that must be an awful long time.
