

Chatter-Box

"A Youthful Column"

by Doris Ann McGill

BUZZ — The Carnival is in Pig Town so if you have nothing to do go to Pig Town and have some fun.

While talking about Cupid and his Arrow of Love, Uncle (Sam) stepped in and grabbed one of the popular single young wolves, Paul D. he's greatly missed by all—(J. M.)

There's a Stranger in Town — Why does Mass P. think she's cute it is because her Cox is in town and why did she tell her best girl friend that she would have their jobs soon if you do get it good deal (BUT) you won't. He! He!

STOP — LOOK — and — LISTEN — the Hay Ride was a good deal and ever one enjoyed themselves.

To Be Mentioned — The Party given by Miss Betty Sherman for Coven from Council Bluffs was strictly fine and everyone had all that they could eat — Pop and Sandwich, Music free and fine (boys.)

WHO AM I — I saw it on the street — I did — But it slipped off somewhere and hid — Who am I?

SURPRISE — There will be a Party on the 29th of this month given for Jacqueline — by Bernice Bragg between 24th and 25th on Blondo, so get your guys and gals and come one — Come all —

GOING — GOING — GONE — has Baby Lewis made up his mind about certain people — if not Louie it's a try of 3 days — If you know what I mean maybe —

STOMP — the dance Friday was strictly on the beam — as usual Buster-LaRose and other got hi — everyone knocked themselves out at the going away party for Reuben Pierce — Chicken had her eyes on F. J. because she was going to peck someone, Hay Georgia —

Good News — So Jack Marrian is stuck on a certain Betty S. — Does she know it Jack? —

Seen — Why did R. P. go to the Park Sunday and who did I see him with — was it your good friend June Bush — I wonder.

I WONDER — to the young lady who has been spreading gossip about certain people. I think you had better check yourself and get your stories straight — just remember M. P. — not to talk too much for a slip of the lip might sink a ship —

STOP — What has happened to the Glamorettes — We want to hear from U soon.

MOP — MOP — Yesterday while at the Ball field, who did I see strike out. Could it have been No-18 — and why was he so pleased — was his girl friend watching him or what was the matter — Suit Case.

Fun on the Run — The Git Together Sat. nite was a good deal everyone had a nice time including myself at the house on the Hill.

QUOTED — a mother Sunday — Lowsy Me — What a peculiar little boy —

Don't throw the Omaha Guide away, send it to some Service man. The Guide is the Kid Bible.

If yo miss the pleasant face of Roy Marshall, you know he accepted Uncles (Sam) invitation — Good Luck Roy.

It looks as though M. P. and J. C. has called it quits for the last time. Jean is one happy soul.

We're wondering why J. S. C. and D. A. M. didn't go to S. C. as they had planned?

Who is known as the Doctor Butter Cup — Description, six feet tall — slender nice face — and fine hair. So be on the look out for Dr. Butter Cup (At the Rock)

SHORT POEM

A soldier got a letter from home saying the butcher had a accident — he backed into the meat grinder and got a little behind in his orders.

Have you heard about the Negro Dr. — he went to the hospital and ask, "Where is the Patient" and the desk girl asked "What do you want to see her for. He said "To Visit."

Well last week loud talk wasn't in. Wonder what kept it out, can't they find any new or have they said enough already.

Why does N. R. wear leg make-up? It looks like powder on a black board. Take my advice Nona and take it off — (L. E.) said it didn't look good.

Chatter Box Signing Off.

Visual Defects

Surveys indicate that about one out of every five children graduating from grammar school has visual defects. After boys and girls leave school their eyes continue to deteriorate. At 20 years, 23 per cent of the population have visual defects, surveys indicate. At 30 years, 39 per cent have short-comings in vision. At 40 years nearly half, 48 per cent, have impaired vision. From then on eyesight falls rapidly, chiefly because of the hardening of the lens of the eye, causing what is known as "old sight." At 50 years, 71 per cent have short-comings in vision, and at 60 years, 82 per cent. Most persons during their 40s should have glasses to read with.

Moisture Needed

Fertilizers are of no value to the plant unless the soil contains ample moisture and air. Fertilizers should not be applied to dry soil; so, during periods of drought, artificial watering should be practiced. On soils known to be highly acid or deficient in calcium this condition can be corrected by applying agricultural ground limestone or hydrated lime at a rate of 50 to 70 pounds per 1,000 square feet. The rate of application of lime should be based on soil tests, and lime should be applied only if analysis shows it is necessary.

FATS OVER TOKYO!

Madelon Mason, Cover Girl, examines the new 500-pound incendiary bomb that is being used on Japan, when she visited the Army Ordnance Display in New York. The gelatinous liquid which she holds is gasoline thickened by a secret formula using salvaged fats, and inserted into the bomb. The M-1 cluster on the right, contains 38 such bombs.

QUOTES OF THE WEEK

"American women are pretty. But Russian women are really beautiful."—Harry Hopkins, in Moscow.

"Sailors just don't like bell-bottom pants."—Sen. Langer, North Dakota, sponsoring bill to banish them.

"Here's a chance to save \$42,000,000 a year and end a menace!"—Rep. Gavin, Pa., in hearing to abolish or extend OWI.

"Labor today has its greatest stake in averting all conditions, through taxation or in any other way, that militate against free enterprise."—Dave Beck, Seattle, AFL leader.

"Direction of private output by public authority in peacetime is repugnant to American ways of thought."—War Mobilizer Vinson.

"We've concluded that the Near East is near enough!"—Sen. Scooper.

Appliance Fuel

Some oil companies make and supply a special lamp and stove fuel for gasoline appliance use. Certain grades of naphtha make good fuel for gasoline-burning appliances and many times is available when suitable gasoline is not. However, only the naphthas that appear on the approved lists mentioned above are recommended for use in gasoline-burning appliances. Be sure to check this with your local service station. Use of a good grade of fuel will insure many additional years of satisfactory service from your gasoline appliances.

Another Term Needed

When President Roosevelt completes his fourth term, he will have served 15, 10 months and 16 days as chief executive—longer than any other man. But he will not have equaled Pres. George Washington's record as commander-in-chief of the armed forces—16 years, 3 months and 24 days.

Distributor's Costs

Eighty per cent of every milk distributor's dollar goes to the farmers and labor and the 20 per cent must cover all other costs.

THE CHURCH OF LIVING GOD

(C. W. F. F.) Rev. S. K. Nichols, Pastor The Sunday School was largely attended. The lesson, "It is better to obey God than man." The children were really interesting. The spirit ran high in the morning services. Our pastor really preached out of his heart. We are still planning on building our church. We are having a rally Sunday on our drive and this will be the first Sunday in July. On the 27th of June, Wednesday night, there will be a Baby Contest and Style Show at 23rd at Charles. Women Work will be Friday and I am asking each member to be present. Sis. Willie Long, Chairman.

Glamour In Industry

The modern girl who works in a war plant may seem to lack glamour while on the job but who knows what a pair of coveralls can really cover? This is Marilyn Tribolet, Freuhauf pin-up girl for Southern California.

Marilyn is 19 years old, has been with the trailer company in Los Angeles for 16 months and, as the Spanish costume (?) suggests, is of true Castilian and French descent. We might add that she doesn't work in this brief outfit but normally wears a trim black suit.

Mad Anesthetist Strikes Again

MATTOON, ILL. — This photographically portrays how the so-called "mad" anesthetist has struck at a number of citizens in the town of Mattoon. Here Mrs. Aline Kearney points out the window to father-in-law Roscoe Van Seyo where mystery gas entered and overcame her daughter, Dorothy Ellen, three years old.
