They make wonderful informal refreshments. If you ask neighbors to come on a hot evening for a friendly game like Camelot, Rook, or Monopoly, you can do a last-minute job of the cookie baking, or you can keep your cookie jar filled for such agencies. All you need, besides the sweetened condensed milk, is peanut butter and any one of these five additions: nuts, raisins, corn flakes, bran flakes or dates. Just mix the three ingredients, drop the batter in spoonfuls on a greased cookie sheet, and bake.

Lack of sugar needn't mean unsweetened lemonade, either. If sweet oranges are available, they help the sweetening. Strained honey or syrup may be used. And a spoonful of orange marmalade stirred into each glass gives sweetness and delightful flavor. You can always add to the festive appearance of your lemonade by putting a sprig of mint into each glass. Another decorative touch is ice cubes frozen with a berry, a cherry or a cube of orange pulp in each.

Your line is busy

That telephone line you want run in to your place, that telephone instrument you're waiting for—they're pretty busy elsewhere.

In just one landing operation against a Jap-held stronghold, our warships were equipped with more than 48,000 telephones, hundreds of switchboards, and 5 million feet of telephone cable.

Even though the war in Europe is over, our forces in the war with Japan will continue to require vast quantities of communications equipment. That's why there isn't enough to go around here at home.

We feel sure you understand that any delay in supplying service is unavoidable. If you are waiting for a telephone, thanks for your patience.
