### THE ALPHA OMEGA CLUB

By Frank Wilkerson

There was a great commotion at the corner of 30th and Lake Sts. Sunday afternoon as 27 members of the Alpha Omega Club began their mad scramble to occupy four fine automobiles. We were off to spend an enjoyable evening at Mandin Park, with Harold Matthews taking the lead in the convoy in his Green Hornet, Miss Florentine Goodlett following in her Blue Bird, M. L. Reed follows in his Black Beauty and bringing up the rear was Udoxie and Olesie Goodwin in their Blue Heaven. The convoy was very colorful with the cars filled with fine chicks and handsome boys.

At last we arrived at Mandin Park where we found a grill to roast weiners on and water to make punch. The fire was made by Edsell Hudson and Frank Wilkerson which was little more than a spark. Then there was a mad scramble and the whole gang were trying to roast their weiners at once as the boys tried in vain to convince the girls that boys should be first. Florentine Goodlett and Marjorie Marshall made some very delicious punch. It was so good and sweet I know they must have put their fingers in it.

We were then entertained with beautiful songs sung by Leonard King, Edsell Hudson and George Moore. The songs rendered were "Route 66", "Prisoner of Love", "I Love My Baby". Then George Moore takes the Club for a loop by singing "Some How". After which we played games such as give on, leap frog, hide-and-seek, punchinella, etc. When from out of no where comes Miss Jean Rudd with songs for all to sing, such as "Hey Ba Ba Rebo", "Engine in the Ford", "I've been Working on the Railroad", etc.

The program was prepared by Miss Charlotte Green, Mr. Leonard King and Miss Tessie Edwards. Next week we hope to go on a swimming party.

## Della Green's Summer Evening Gown

### BEAUTY IS ENCHANTING

Nothing is so charming and enchanting as a beautiful immaculately dressed woman. Immaculately dressed winter or summer, spring or fall is what all women strive to be. Modeling for this paper this week is Miss Ruby Hill

the Della Green of the recent Broadway hit "St. Louis Woman". Miss Hill is credited with possessing the most enchanting and refreshing beauty of the current theatre season. Many of those in the know credit her with being the most beautiful Negro woman to tread before the Broadway foot lights in a decade.

You may have seen Miss Hill in "St. Louis Woman" before it closed. If you didn't you really missed something because there she became one of the most coveted beauties ever to fill such a coveted role.

Even as sensational as Miss Hill's beauty and art is the cool summer evening gown she is wearing comes darn near matching its glamour. The gown is made of red dotted Swiss and white organza. Don't you admire that full breezy skirt, the dainty little bow and half-puzzled sleeves. This is just the thing for that crowded summer formal where the heat nearly stifles you.

Beauty and common sense go hand in hand and Miss Hill has plenty of both. If you really want to be smart, you'll get full instructions on how to make these numbers for yourself at a great saving by writing to Mail Dept., 54 Clark Street, Newark, N. J.

### WY GETS THE GUN

Determined not to have her vacation spoiled, "Miss Photo-Flash of 1946" happily kills poison ivy plants by spraying them with a new scientific weed killer. Weed-No-More is a product of Sherwin-Williams research developed from 2, 4-Dichlorophenoxy-acetic acid, a war-born chemical hormone originally intended for war use. Today it is being used to make summers happier for poison ivy and hay fever victims, but unhappy for ugly weeds that infest lawns and gardens.

### NORTHSIDE TRAGEDY

Quite a tragedy over Franklin St. hill Tuesday night in that quiet looking two story frame house nestled behind those big trees. A strange stillness surrounded the scene Wednesday p. m. But there was much evidence of what had gone on before, broken screen and window and human blood on the floors and side-walks and streaming across vegetation out in the back.

### STANLEY R. OSBORN

The Stanley R. Osborn Fund is one of the most constructive compliments ever paid to the Negroes of Nebraska and elsewhere. While the actual benefits will be shared only by a few; it embodies a message of hope for 15,000,000 Americans. The message of hope is derived from the increased realization that many fair-minded members of other groups are not only aware of the artificial and unprogressive barriers set up, but are concerned to the extent of trying in an effective way, to remove such artificial barriers.

Action speaks a thousand times louder than words. Such evidence of friendship as the Osborn Fund should encourage Negro Youth to redouble their efforts towards a recognizable part of our creative, mechanical and cultural civilization.
