King Cole Trio Time

Nat Cole, the ol' King himself, gets a kick out of a new song he wrote weekly on his own show every Saturday (5:45 EST, NBC), "Joining to the World" is J. J. Maurer, advertising manager of the Wildroot Cream Oil Co., sponsor of the song. Why "Wildroot Cream Oil Co.," of course.

Yale's sensational freshman full-back is still a marked man. Last week Howie Odell used him as a decoy in the disputed 6 to 6 dead lock with Cornell. However, it was Jackson's potent 11 yard plunge through the Big Red's line that gave Ole EH it's only score. We believe that Jackson will blossom into one of collegiate football's greatest fullbacks before he receives his sheepskin from the Connecticut college. He travels with the power of a Sherman tank!

Kenny Washington, yesterday's great forward passer, ace while UCLA is having a particularly tough season with the Los Angeles Rams. It seems as if Adam Walsh, the Ram's coach, is using the famous T formation system. The system as you know calls for a signal caller who can handle the ball flawlessly and has good legs. Washington is not exactly a stranger when it comes to carrying a pigskin. However a recent operation on Kenny's knee has slowed him down to a cake walk. The former UCLA sensation is finding the opposition plenty rough on a gridiron who can't maneuver his legs to suit the various situations. Father Time holds the answer to Washington's predicament. Meanwhile he continues to hold his own in the intercollegiate football. Jersey City's Street Wonders under the leadership of Capt. Bertha Dodd, tangling with the Trojans under Capt. George Jackson. The Lake St. Indiana is playing a major part in the success of Bill Owen's club thanks to his knack of catching passes.

We believe that the majority of Colored-American sports enterprises are missing the best, in publicizing their events, by not using the radio in its advertising campaigns. This is a known fact that a steady radio advertising program plus the broadcasting of the games will bring results. When the Negro sport moguls see the light. In these days of close competition they are certainly missing a good bet. One need but look at the success the Brooklyn Dodgers attained at the turnstiles to realize that the use of the microphone brings good results. We assure you that it was not alone the unpredictable wizardry that aided Branch Rickey's amazing ball club. Radio played a major part in the success, with Red Barber and Desmond's clever mike work attracting the doubtful baseball bobbies to Ebbets' Field, where anything is liable to happen and usually does. Now it's time to cease hitting this trusty typewriter and forecast next Saturday's football games. Gee I wish I knew which way that leather will bounce.

See you next week and hope your alma mater wins.

that you build yourself so she can build her dream house at will. You should have been near to have seen the expression of surprise on her face when she saw her prize. She exclaimed, "It must be a joke! I have no babies or small children! What will I do with a doll house?" But later we were informed that someone offered to buy it from her at the Elks club and she refused to sell. So Clara must like her hope house after all.

ARE YOU A PART TIME CITIZEN

By Ruth Taylor

Being a citizen in a democracy is a full time job. In other forms of government, the citizenry make up the background, appearing only in mob scenes to "yes" the rulers of the nation.

But there is no room for part time citizens in our form of government. Our government is us... what we make it. Ours is the fault if the wheels of government do not run smoothly, for the laws we make are the roadblock and the men we elect are the machine.

Are you a part time citizen? Do you fulfill all your duties as a voter. Do you just show up at election time to cast your vote without due consideration of the full qualifications, record and principles of all candidates... or do you help to select proper candidates at the primaries?

Are you a part time citizen? Do you obey the laws you have

had a hand in making; or is it your only thought when you do break what seems like an inconsequential little law, how you can get away with it?

Are you a part time citizen? Do you evince interest in all issues or only in those problems which directly concern you... and then object when other groups do the same and infringe on your prerogatives? Only as citizens work for the common good of all can democracy progress.

Are you a part time citizen? Do you lend an ear to alien subversive elements who tell you how much better conditions are or would be for you were there a different form of government? Do you thoughtlessly pass on these tales without checking on their accuracy or considering their source?

Are you a part time citizen? Do you stand up for democracy or do you condemn its mistakes without consideration for the good

it has to offer? Do you see only its shortcomings and never its long range program which slowly but surely and in spite of stumbling, discriminations and detours has made this country of ours the best in which we live.

Now as never before the United States needs the full time allegiance of all its people. Peace can be established only by the concerted effort of ALL citizens. So don't be a part time citizen!

LISTEN VOTERS—ELECT J. M. RONCKA COUNTY COMMISSIONER

WE NEED HIM

From where I sit... by Joe Marsh
Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different."

Well, plenty of them have returned to our town, and a finer, staidier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, some of them, and setting up families)... renewing the same old friendships.

Even their amusements are the

same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly, wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

Vote early

Long Ballot This is one of the most important elections in Omaha's history. The issues are many, the ballots long. Give yourself time to vote carefully.

Heavy Vote Everyone is vitally concerned with the questions to be decided on November 5th, including the Special Commissions. The polls are apt to be crowded and the lines may be long.

Why Special Commissions? The Special Commissions which voters are asked to approve will supervise the development and completion of the recommendations of the City-Wide Planning Committee as provided by the Bond Issues. They will be non-partisan and non-political, regardless of any changes in the City Administration, and will serve without pay.

Avoid Rush Hours Vote as early in the day as possible. Early voting means leisurely voting. If you can, vote before the evening rush hours—but above all, early or late, GO TO THE POLLS AND VOTE!
