

The SPORTSCOPE
By Jocko Maxwell

NEW YORK, N. Y. (Global)—We're still recovering from a severe case of footballitis. Watching the football experts select the winners of the various gridiron clashes and then eat their words on Sunday morning, it affords a big laugh. We note that Levi Jack-

son, Yale's great freshman full-back continues to play spectacular ball. Against Brown university last Saturday he figured in every scoring play Ole Eli made. His brilliant 73 yard touchdown jaunt one of his three six pointers was a lulu. Another colored American youngster who is clicking, is Fredy Burgess, the former Morgan college star. Burgess his pay dirt for N. Y. U. as the Violets upset a favored Lehigh university team 13 to 3.

Replaying the Army-Notre Dame game is an interesting pastime these days. Both teams were at their best on the defensive side but really 'froze' when scoring opportunities popped. We believe that the excellent scoring job performed by the two clubs, of course there were none—ha ha, can be credited to the brilliant tasks performed by the scouts. They didn't miss a thing. We believe they knew what the opposition's stars had for breakfast, dinner and supper. Indeed scouting is one vital factor in football these days. In our book expert scouting makes for a carload of upsets. Perhaps that's the reason that only Georgia and UCLA are as we write this pillar the only undefeated teams in the nation. Um just look at the scoreboard and we note that UCLA is in a score less tie with Oregon. What next? Jersey Joe Walcott, the N. J. Cinderella man didn't quite come up to par when he met the hard hitting Florida gentleman, Elmer "Violent" Ray in a 10 round bout at the Madison Square Garden. It was a close combat.

SPORT NOTES

Ray Robinson certainly is taking chances in battling top-flight middleweights these days. The Levine bout we believe was a bad one if Sugar Ray can't find suitable opposition in the welterweight class he should hang up his gloves. The bigger boys will wear him out and lest we forget Ray Robinson isn't getting any younger. Three cheers for Douglas Hertz the congenial Gotham sports promoter who bankrolled the inter-racial football game at the Polo Grounds last Monday. Eddie Hurt's Morgan college powerhouse appears to gain momentum each week. Bluefield was the latest team to feel the Marylander's touchdown touch. Joe Louis when asked if he counts ten when he becomes angry replied,

"Now the referee does that". We are pulling for Jess Miles' Orange Triangles to click in that classy N. Y.-N. J. play for pay basketball circuit. Our New Sunday hat is off to Nevada and Penn State for refusing to play two Southern colleges who wouldn't let their Negro stars play. Some time we wonder if we did erase prejudice and promote freedom in the recent War, evidently not. If Wallace Triplett, Penn State reserve back continues his sparkling play it will be difficult for Bob Higgins to keep him on the bench. We wonder when Branch Rickey will announce the good news that the Brooklyn Dodgers have signed Jackie Robinson. Maybe it will be a Christmas present eh Mr. Rickey. Too bad Morgan lost their star back Mitch Whittington via

in and talk with Mrs. Ware on Thursday night after school. The classes are conducted at the Near Northside Branch YMCA. At last Tuesday's Rhythmics class little Janet Myers, Willard "Butch" Wright, Margaret Levison and "Joe" Watson made quite a foursome when they danced the Baba Polka to the tune of "Americillies". Enrollment for the class is still open to children between the ages of 3 and 5. They will enjoy a pleasant educational hour playing nursery games, singing and dancing.

Lake Street BOWLING Alley News
By Mildred Martin

The time has come once again to visit that happy little spot on Lake Street, where there is always plenty of fun and excitement. The motto is "See no evil; speak no evil and hear no evil" as you bowl your cares away. You know that why bowling is taking its place as the top sport because no matter what gets on your mind or how bad the world treats you, you can always take it out on those ten little pins. If you're mad at your wife, neighbor or whoever it chances to be; just step up to the Lanes and choose your ball and bowl always pretending the pin is the one that's spiting you and you'd be surprised how quick your anger leaves and the sun appears once more. So that takes us again to the famous balls of the week. James Smith of the Junior Hellcats has purchased his ball and has decided to call her "Lena, The Hyena". Why? Because she scares him the way she takes off down the alley. Roscoe Knight, the manager also has a very popular ball known as "The Spitfire". If you wonder why a name like that, ask him on your next trip to visit the alleys. We'll let that conclude our balls for the week as we find out about our League nights.

Tuesday, opening nite found the Bacchantes tangle with the Lefties who won two the Bacchantes one. Wednesday was the Elks vs. the Lakestreet Wonders. The Elks taking two; the Wonders one. On Thursday the Lions against the Trojans. The Lions winning two; the Trojans one. Sunday the Trojans against the Junior Hellcats the Trojans taking three straight. Seems as if the women were left out on prizes for the week since not one woman bowled a score of 150. Earl Jones however, decided the men should be in the running and he came in with top score of 217 for the week. For his trouble, he received a case of 7 Up.

So you see the prizes are getting better each week. The crowd is getting thicker, so join the big throng and abide by the motto: "Bowl your cares away". So long until next week.

NEW YORK—Fifty foreign countries, meeting here in the United Nations General Assembly, cause no more civic commotion than attends the sessions of the City Council in Kokomo, Ind.

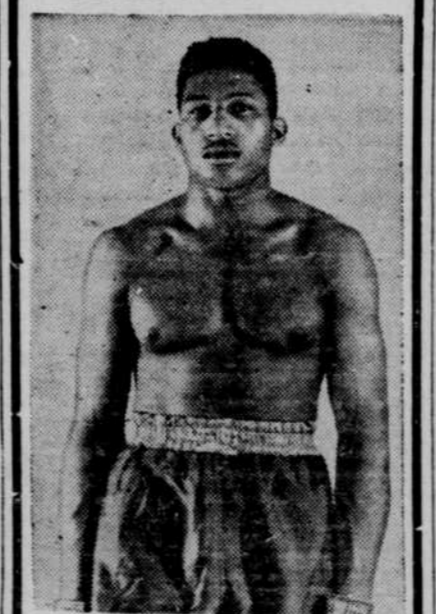

Perhaps it's because the little people of the world's nations have been here all along; you can find generations of them listed in the telephone book, settled residents. The General Assembly only makes it official that this is the Capital of the World.

Midland critics are quite right—New York is NOT America. It's never been, from the day the Indians sold it to the Dutch for \$24. Americans are, as they've always been, drawn to it by rewards of fame and fortune like flies to sugar. And, like flies, they get entangled, and stuck.

Because it is the veritable treasure trove of modern times, today's center of art and culture, New York is a thrilling place for Americans to visit, as once they visited Paris and Rome.

Meantime, on 5th Ave., you jostle over turbans and togas, the head men of Czechs, Ukrainians, Peruvians and Poles. New York absorbs and forgets them.

IS THERE SUCH A THING AS PERFECT WOMANHOOD?

"No"—claim medical authorities, who ought to know! Nature has so constructed and physically endowed woman that in many cases she's apt to suffer certain distressing symptoms during her life. For instance, when she enters womanhood—or during the menopause, the period when fertility ebbs away. Now if on 'certain days' of the month—female functional, monthly disturbances are causing you to suffer from pain, nervous distress and feel so tired, cranky, you snap at your children and husband—then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this purpose. Made ESPECIALLY For Girls and Women Pinkham's Compound does more than relieve such monthly pain. It also relieves accompanying nervous tension, irritability and weak, highstrung feelings—when due to this cause. Taken regularly throughout the month—this great medicine helps build up resistance against such distress. A thing any sensible woman should want to do! Lydia Pinkham's Compound is also very effective to relieve hot flashes and other embarrassing feelings during the years 38 to 52—when due to the functional 'middle-age' period peculiar to women. Pinkham's Compound is worth trying!
