YOU—Not the Beer Industry—Select Your Licensees

Neither the beer industry nor this Committee has anything to do with issuing the tavern licenses in your town. It is YOU, and the other citizens of your town who do that, with and through local and state governing bodies.

You are thus offered an opportunity to serve your community by acting to see that only good tavern-keepers are selected. The taverns in your community can be as good as a majority of the citizens want them.

It is your privilege and duty as a good citizen to report any violations that have been made, any conditions that should be corrected.

Make your complaint to the local governing body that issues licenses. They must be guided by any such findings before acting. Do this important civic duty now.

The Kitchen Is the Heart Of The Home

Food is a manufactured product. The kitchen is the assembly line where the different ingredients are put together to produce the family meal. The more complete the assembly line the more easily can the housewife complete her task. Why not make the kitchen where so much time is spent, bright, cheerful and efficient.
The Home Service Department of The Metropolitan Utilities District have placed on their show room floor a life sized model of a perfect kitchen.
This was done so that any Omaha family who wish to build or remodel can have the advantage of scientific research in kitchen planning by the countries best home service specialists. These plans are yours for the asking without any charge.

Here are the reasons why the range is placed in the center of the kitchen, the refrigerator on the left and the sink on the right in our display kitchen.
The number of steps between each appliance in the preparation of 28 planned meals and the time consumed were taken with a stop watch before the kitchen was designed. Here are the results of that study:
74.2 minutes were spent at the refrigerator,
68.9 minutes were spent at the sink,
35.5 minutes were spent at the

4 pm. is something short of a sensation in the religious world of today.
Rev. Boddie and his wife were guest of Mr. and Mrs. Gregg Williams 2122 Burdette street for the week end of March 22. Mrs. Boddie is a sister of Mrs. Williams.
We look forward to another visit from them in the near future.
Welcome to our city, Rev. and Mrs. Boddie.

VISITS IN DENVER

Mrs. Zenobia Hickman returned Monday from Denver, Colo., after visiting two weeks with her niece Mrs. Cora Peters and family also Mrs. Gloyd Mitchell.

Mrs. Hickman had formerly lived in Denver and she was glad to meet so many old friends. There were many courtesies extended to her.

GIRL SCOUT NEWS

The Girl Scout Troop met at Mrs. Cleone Murrell. We gave our report about the cookies and the 3 highest girls are Cleone Harmon

range.
Now as to the steps taken. The study shows the following:
57% of the steps taken were between the refrigerator and the range.
32% of the steps taken were between the sink and the refrigerator.
25% of the steps taken were between the range and the refrigerator.

Now examine our kitchen aides when you look at the model kitchen. The air controlled cabinet above the range filters the air and removes all smoke and cooking odors from seeping through the house. The dry storage cabinet above the refrigerator captures the warm air from the back and removes it from a vent in the top. This makes an ideal storage space for salt, sugar, crackers, etc. A small curved door at the base of each hanging cabinet pulls down to form a handy shelf for spices, seasoning, etc. This keeps your working space uncluttered. Cubby shelves for extra equipment, snack bars and comfortable upholstered benches may be added. You may select any color from the rainbow to personalize your kitchen and make it completely your own.

All these time savers are incorporated in the Utilities Home Service Kitchen. The plans are yours for the asking.
124 boxes, Lois Artison 49 boxes, Janice Hall 47 boxes, altogether we need 369 boxes. We opened with Girl Scouts together and the Girl Scout pledge. Cleone Harmon from our troop is running for "Cookie Queen". We are having First Aid today.

Audience Held Enthralled By Edrose Willis Graham's Presentations At The Organ DEDICATE NEW ORGAN AT ST. PHILIPS CHURCH

Members and friends of the Church of St. Philips the Deacon, gathered on Sunday afternoon on March 21st, at 5 p. m. to hear Omaha's own and a member of St. Philips Church, Mrs. Edrose Willis Graham in an Organ Recital.
The appreciative audience was thrilled and carried away into the land of musical fantasy by Mrs. Graham's playing. Mrs. Graham in the presentation of each selection, showed indication of a master touch with all the finish and completeness thereof.
Mrs. Graham having taken lessons on the organ less than a year of playing, was a credit to her teacher and her skill in mastering the organ in such a short time. Her playing of "Finlandia" by Sibelius and "A Cloister Scene" were excellent examples of her finish due to long and tedious study for this successful and remarkable presentation.
Mrs. Dolores Blackwell sang "O Divine Redeemer" by Gounod, accompanied at the organ by Mrs. Graham.
Mrs. Ruth V. Wheeler sang "Come Unto Me" by Coenen, accompanied at the organ by Mrs. Graham.
Other numbers played well by Mrs. Edrose Willis Graham, which were thoroughly enjoyed by the audience were as follows: Prelude and Fugue in D Minor by Bach Sonata for Organ by Browksi, and Berceuse and Priere by Guilmant.
Mrs. Edrose Willis Graham's skill in mastering the organ shows promise of becoming one of the finest organists in the city as well as one of the finest pianists. If she chooses to continue her study
