ATTENTION! MEMBERS OF THE ALPHA OMEGA CLUB!

The time is far spent for Summer activities under the Sponsorship of the Alpha Omega Club to be under way.

Boys have talked about it, girls have dreamed about it; so now we have decided to do something about it.

If you are 18 years of age or older (not over 30), a high school graduate, (prefer University students) you are eligible for membership in the Alpha Omega Club.

This will be the third summer of activities and though we are making a late start, we intend to cram loads of fun and frolic into the weeks left in July and August.

If you are not a member and are interested in joining call WE 1685 and leave your name, address and telephone number noting a late start, we intend to call WE 1685 and leave your name, not later than Friday.

ALL members or potential members are asked to be on hand at the home of the President, Florence V. Goodlett, 2726 Binney st. at 5 p. m. for a special meeting for presentation of the activities and election of officers.

Bring 25 cents or anything good to eat for a Dutch spread (25) cents.

WHO KNOWS, WE MAY BE PLANNING TO GO TO SOME SPECIAL PLACE AT NO SPECIAL TIME FOR A SPECIAL OUTING!

CAMPAIGN UNDERWAY AT Y COMMUNITY SWIM

The reopening of the Y. M. C. A. pool on July 16 marked the beginning of an intensive swim campaign for boys which will continue through Aug. 30. The "Y" activities and though we are making a late start, we intend to cram loads of fun and frolic into the weeks left in July and August.

Ralph Leake Jr., Dan Holub, Jim Anderson and Maxine Paulson are instructors for the various divisions.

Thirteen specialized classes have been organized with total enrollment of 215 persons. All classes include 30 minutes of supervised instruction and 15 minutes of recreational swimming.

Renovation of the "Y" pool has just been completed. A Duo-Filter system, the first of its kind in the country, has been installed. Water in the "Y" pool is now as pure as drinking, and all requirements of the city and state health departments have been met.

MUSE DRAMA GUILD REORGANIZES!

Y. M. C. A. SWIMMING POOL TO OPEN JULY 16

"Y. M. C. A. swimming pool, with brand new filtration and chlorination equipment, should be ready Wednesday, July 16, announced W. H. Mead General Secretary today. The plumbers finished Monday night or Tuesday they are required to fill the pool and test the new equipment. More definite announcement will be made Tuesday.

The equipment consists of a dual diatomaceous earth filter unit. The one at the Omaha Athletic Club, put in last year, has one filter while this has two. This equipment is of the latest type pool filtration equipment on the market today. This filter until when operated at its designated 150 gallon per minute flow rate, will produce water equally as clear as distilled water.

The entire contents of the pool will be recirculated once every eight hours. The recirculation of this water means that it is filtered and rechlorinated.

In addition to the new dual filters, a new hypochlorinator is being installed. This hypochlorinator is a pedestal type ejection feed with capacity great enough to chlorinate the water during the heaviest bathing load with a wide margin of safety.

This equipment meets the new Health Department regulations. All cross connections between city water supplies and sewers have been eliminated. New distribution inlet fittings have been installed which will distribute the freshly-filtered and chlorinated water, being returned to the pool, evenly over the shallow end of the pool and thence move to the deep end where it is taken out of the pool and returned to the filters.

This equipment when operated properly will produce a swimming pool water equal to the purity of safe drinking water.

Urban League Notes

Details and plans for conducting the Near Northside Business and Industrial Survey have been completed and the actual work will get started this week. The Survey, originating from deliberations of the Urban League's Industrial Committee, will be conducted under the sponsorship of a special Near Northside Business and Industrial Committee, will be conducted under the sponsorship of a special Near Northside Business and Industrial Survey Committee.

Mr. Milton Johnson, Pharmacist and businessman, Mr. Robert Myers, funeral director is chairman and co-chairman respectively, others members of the committee are: Mr. James C. Jewell, Mr. Arthur McCaw, Dr. William W. Peebles, Mr. R. H. Spiegel, Mrs. Carrie H. Duford, Mr. William Sones, Mrs. Christine Althouse and Atty Charles F. Davis.

Gathering factual information about business and economic conditions in the Near Northside area was born out of a desire to aid the improvement of the industrial and economic life of the community, it was learned in an interview last week with Mr. Milton Johnson. Mr. Johnson further emphasized the fact that no factual data on the economic and industrial conditions on the near northside has been gathered since 1932 when it was done then by the Urban League. Mr. Johnson sees a wide productive use of such fact material. He said it might indicate the following: the need for additional businesses to serve the communities for youth and adults; stimulate concerted and unified action by business men in the interest of better businesses and improved community services.

The Committee held its first meeting last Wednesday, July 15, at the Urban League.

The Committee requests all businesses in the community cooperate with their interviewers.
