**CONFERENCE MAPS BATTLE AGAINST HIGHWAY SLAUGHTER**  
Nebraskans are again being called to arms in the traffic safety program. At a State-Wide Traffic Safety Conference which will be held Friday, October 31, 1947 at Lincoln, Nebr., in the Hotel Cornhusker, the people of Nebraska will again have an opportunity to express their opinion, voice their suggestions and lend their support to a program of vast importance—that of stopping the slaughter which is occurring almost daily on our streets and highways.

Nebraska Mayors have been asked to appoint official representatives from their communities to attend this Conference so that some of the problems on the local level can be presented. Many state-wide associations will have representatives at the Conference to discuss traffic safety problems of the state level and the local level and also to present their organization's traffic safety program.

The Nebraska State Safety Council Board of Directors will also be present guiding the discussions in the individual committee meetings which will be held during the morning session. These committee meetings will be segregated as to Engineering, Enforcement, Education, Laws and Ordinances, Motor Vehicle Administration, and Publicity. All representatives of the Conference will be given the opportunity to offer their suggestions.

All of these individuals will be doing their utmost during this intensive one day session to make the necessary plans of action to curb Nebraska's traffic toll which is daily rising at an alarming rate.

The morning session will be opened by an important message from Governor Val Peterson, and at the noon luncheon the distinguished speaker, Mr. Norman Damon, Vice-President of the Automotive Safety Foundation will give a most pertinent and informative talk entitled "Speak Louder, Please."

One potato will supply 100 calories or about one twenty-fifth of the amount of calories recommended for the average adult for daily consumption. However, it is essential that a balanced ration be utilized.

**CLEAVES TEMPLE C.M.E.**

Rev. C. P. Raines  
Jeanie English, reporter

After spending a part of last week at the bedside of his infant son in Texas, Reverend Raines was with us this morning. His son was seriously ill with double pneumonia but he was improved, and is on his way to recovery.

Reverend Raines spoke to us from the Acts of Apostles 26:2 Theme: What of the Future. Future means something that is about to be. Many people spend a lot of time wondering about the future. Most persons who plan to advance spend most of their time thinking of the future.

**HOPE LUTHERAN CHURCH**  
30th & Corby  
H. H. Schauland, Pastor

If you have a shovel full of burning coals and put one here and another some other place, and spread them all around, it will not be long before all these coals of fire will go out. But if you keep the coals together and stir them a bit, you will have a fire that lasts. In the same way, it is good for Christians to get together. "Keep the home fires burning" by "not forsaking the assembling of ourselves together as the manner of some is. We also need Christian fellowship.

Hope Lutheran not only offers you the Word of God but also Christian fellowship thru it's mens and ladies organizations. Although all organizations within the congregation help its members to serve the Lord in a greater measure, they also provide Christian fellowship. Of such fellowship the Bible says: "Behold how good and how pleasant it is for brethren to dwell together in unity."

To such fellowship Hope Lutheran invites you. The Men's Club meets on the first and third Tuesday of the month and the Dorcas Society on the second and fourth Tuesday of each month. Services on Sunday at 11 a. m.; Sunday School from 10 to 11 a. m.

**The Veteran Asks . . .**

Q. Can I borrow on my permanent National Service Life Insurance, and if so, what interest rate will I have to pay on the loan?

A. After your converted NSLI policy has been in effect by payment of premiums for one year or more you can borrow up to 94 percent of the policy's cash value. You will be charged four percent interest on the loan. For further information, visit or write your nearest Veterans Administration office.

Q. If I can't meet payments on my guaranteed loan, is the pay by the government a gift to me?

A. No. Payment by the government of the guaranteed portion of your G. I. home or business loan is not a gift. It must be repaid, and if the government pays the guaranteed portion of the loan to the lender, then you are obligated to the government for that part of the loan.

Q. Are there any penalties in case a veteran accepts readjustment or subsistence allowances to which he is not entitled?

A. Yes. Any veteran who knowingly accepts an allowance to which he is not entitled will be ineligible to receive further readjustment allowances. Also, the law provides for fine and imprisonment for anyone who fraudulently obtains payment or makes a false statement in order to

cause allowances to be issued.

Q. It is that National Service Life Insurance pays the insured veteran \$5 per month for each \$1000 of insurance in force while he is totally disabled?

A. If a total disability income provision is added to a policy and if the veteran pays the necessary extra premium, he will be paid \$5 per month for each \$1000 of insurance in force after he has been totally disabled for six consecutive months. Application for the total disability as amended income provision may be made at the time application is made for NSLI, or at any time thereafter while the insurance is in force under premium-paying conditions.

Q. Can I change the "option of settlement" under which my National Service Life Insurance is to be paid to my beneficiary?

A. Yes a veteran may at any time change the method of settlement to be used in payment of his insurance. He may choose lump-sum payment or one of several types of installment plans. Information on the various plans may be obtained at any Veterans Administration office.

Q. Does the government pay the first year's interest on a G. I. loan which is guaranteed?

A. No. When the loan is reported to the Veterans Administration for guaranty, VA makes a "gift" to the veteran of 4 percent of the guaranteed portion of the loan. This sum is then applied against the principal of the loan; or, if the borrower wishes, he may use it to pay part of the first year's interest on the loan. For example, if the VA guarantees \$4,000 of an \$8,000 loan, it will pay the borrower 4 percent of 4,000, or \$160, which the borrower can apply against his total loan.

**"SMART WOMAN" PRESENTS STORY OF BE BOP STREET**

CHICAGO—The story of "Be Bop" street, America's jazz mecca, located near New York's famous Rockefeller Center, gets an airing in the November issue of Circuit's "Smart Woman". The new magazine for colored women, featuring styles and beauty aids, made its debut this month.

Allen Morrison, staff Negro correspondent on the staff of Stars and Stripes during the war, and an authority on the things in the jazz world, describes the fascination that Be Bop street holds for musicians and their admirers the world over.

"The Street," writes Morrison, "can now be classed with these other famous thoroughfares which have helped make jazz history: Basin Street in New Orleans, Beale Street in Memphis, and Chicago's State Street—Now one of the main arteries of the jazz world, it has established itself as one of America's 'Streets of Distinction' with a flavor and personality all its own."

Like other famous centers, contin-

ues Morrison, "the Street has been damned, praised, romanticized and sneered at, but it continues to present practically all of the most gifted jazz performers in the country."

**NO TIME FOR SELFISHNESS**

Few there are, of course, who can make the proverbial prayer: "Lord, bless me and my wife, my son John and his wife; us four and no more." Its reach ends only with "each".

Any selfish souls should remember that (1) they, too, are being helped in one way or another, directly or indirectly; (2) we never know where lightning will strike next—before the year is over our own loved ones may be needing more help from these agencies; (3) last, but not least, our gifts are deductible for the purpose of income taxes.

Nearly all agree that the Chest is a fine idea, that it serves a practical over-all purpose. Then will all support it? We do hope so. In a gambler's language, this is a case of "Put your money where your mouth is!"

We can give without loving, but we cannot love without giving. And we haven't really given until we "feel" it a little. We should be urged to "Give until it hurts".

Each wants to count on his community. Here is where it wants to count on him.

May those who compile the financial lists C. U. in the Community Chest!

"I'm very absent-minded," said the professor, "I often find names and telephone numbers written in my notebook, but I can't remember what persons they represent. Recently I had a general checking up. The name and address of one man baffled me, so I wrote to him asking if he had ever heard of me and if I was supposed to do something for him. He wrote back a cordial letter, saying that I had already done it. He was my wife's first husband."

## THE HOLLYWOOD LOWDOWN

**INSIDE BRIEFS!!!**  
STARTLING STATISTIC: Of the 33 stars and featured players under contract at Warner Bros., 20 came from families that never before had produced an actor! — Marlene Dietrich is enroute here from France. She is understood to be in line for one of the three starring roles in "A Foreign Affair" — In a wintry scene just filmed for "Winter Meeting" at Warners, Bette Davis' new leading man, Jim Davis, was pelted in the mouth with some lovely, soft snowballs made of pineapple sherbet! — "And to think that I was the 13th actor tested for this part!" said Davis. Amazing new preparation on the market here is called D. B. C. It sweetens the breath-of dogs!—Your favorite swashbuckler, Errol Flynn, has lost none of his skill. From ten full days of intensive swordplay practice for his forthcoming starer, "The Adventures of Don Juan," he emerged without so much as a scratch—Eleanor Parker has returned from her extended European honeymoon in time to see the forthcoming press preview of her latest Warner starer, "The Voice of the Turtle"—No one, anywhere, can be hidden from the eyes of talent scouts, Martha Spry, a former WAVE, is being screen tested at Fox. When spotted, she was studying glandular diseases at UCLA — Jack Carson has installed a gadget to heat the water in his swimming pool this winter. "For the comfort of my pals," he said. "Ma, I'm rugged" Time very ultimate of horror; Boris Karloff is doing a character whose fingers are like the tentacles of octopi and whose chin breathes!
