Shoes of Tomorrow
Air conditioned shoes are now available for industrial footwear for workers who have athlete's feet or blisters. The insole is made of fine plastic meshlike material. Every step pumps air into the shoes. An Austrian shoemaker has announced electrically warmed shoes. A small battery fits into a cavity in the heel and keeps the shoe constantly warm. Eighty-five per cent of all the 20 million cattle hides consumed annually in the United States are used in the manufacture of shoes.

Plow Under Cornstalks
Plow under those cornstalks, is the advice of soil experts. Like other crop residues, cornstalks are important in helping rebuild organic matter. A ton of cornstalks is estimated to be as effective as three-quarters of a ton of fresh manure for organic matter. Cornstalks also are a source of nitrogen, phosphorus and potash. Returning crop residues should be a part of every good soil management plan. Liming and use of fertilizer are other vital practices.

New Oyster Stuffing
Oysters long have been trading their shells for the protection of a tin can so they might move into the markets of the world. Now they're teaming up with bread and seasoning to make their bow as a stuffing for use with fowl, meat or fish. The meal planner merely has to empty the contents into a bowl, stuff with a fork and the stuffing is ready. Besides oyster slices, this dressing contains bread crumbs, salt, butter, nut meats, ham and bacon fat, sage, onions, curry and pepper.

Add Years to Life
Proper oiling of electric motors will add years to their lives. Now is a good time to make a check on the alignment of the bolts and to clean dirt and dust away from the ventilation holes of the motor. If you don't have a delayed-action fuse to protect the motor against overloads, it might be a good idea to install one. All in all, a motor checkup right now may save you hours of time and trouble later on.

Young Go First
Many young birds, including those of the Red-Wing, migrate south before their parents, thus disproving the old adage that the adults guide the young on their first southward flight. In other species the migrating young and adults remain in family groups. Canada geese follow this pattern, the families combining into large flocks but retaining their unity. With no calendar or compass to guide them, birds set forth along ancestral routes each fall at much the same time for their southern wintering grounds and return as punctually each spring.

ST. JOHN'S A.M.E. CHURCH
22nd Willis Ave.
Reverend E. B. Childress
Mason M. Devereaux Jr.—reporter
Presiding Elder John Adams in his quarterly message to St. John's on Sunday February 22, 1948 said, "He that places a bearer in front of his brother isn't in harmony with God's program. The program the church must reach the innermost boundaries of the earth. No man helps his pastor or any other man when he tries to make the following impressive thought that there is more peatous, envy, greed, lack of community spirit in our community and city than any other community or city similar in size."

Mr. L. L. McVey and the Goodwill Choir are to be congratulated for the splendid 8th Annual Goodwill Spring Musical Choir Service Sunday Febr. 22nd. The excellent response in attendance and support we are sure made you all very happy and pleased, for we enjoyed the service and especially the address by Reverend E. B. Childress.
The Sunday School is now holding its Easter rehearsal under the direction of Mrs. E. B. Childress Saturday afternoon at 1 p. m.
The Allen Christian Endeavor is pelading for additions members from our Young Peoples group.
All the members of St. John's are urged to come out and hear Dr. E. Booker Tenor from Philadelphia, Pa. on Friday February 27th at 8 p. m. at the church.

Need Running Water
Running water still is lacking in 75 per cent of the farm homes of the nation. Only 5 per cent of city homes lack running water. A farm family of five with a fair amount of livestock uses about 300 tons of water in a year if they have to pump and carry it by hand. If the farm had running water and electric pumps the same family would use probably twice as much water and have none of the effort of transporting tons of water by hand.

C. P. Raines, Pastor
Jeanie English, Reporter
Rev. Raines and Choir exchanged pulpits and choir stands with Rev. J. C. Wade and choir, of Salem Baptist church, this morning. We heard some inspirational singing and enjoyed a fine sermon by Rev. Wade and choir. His sermon was taken from St. Matthew 22:42. Jesus is more than a community boy. He is the first and last of all that is noble and sublime. Without Christ there is no Christianity. The word of God will stand forever. Jesus is the word of God. Jesus is more than a psychiatrist, more than an oculist, and more than a philanthropist. He is the last word in oratory.
The spirit was really with us. All the pews were filled and I hardly think there was one person who did not feel the presence of God.
There were several visitors present, please return.
Let us remember to pray for and visit the shut-ins.
You and your friends are invited and urged to attend the Leap Year Supper sponsored by the Pastor Pride Board on Friday, February 27, 1948. Hrs. 8-10 p. m.
Plan to attend a Pre-Easter Tea given by the Forward Step Club, Sunday, March 21, 1948. Hrs. 3-7 p. m. in the church dining room.
