Answer to Puzzle Number 51

Series B-47

Council Bluffs Iowa
If you want good government and an efficient business administration for your city, vote for George B. Sparks, for Mayor.

Council Bluffs Iowa
You as a voter are a part of your city government, meaning that each and every person's tax dollar should be equal and every person's rights and liberties should be protected. Then, and only then, can we have good city government. Vote for Albert L. Cleveland, 5th ward Alderman, Rep.

In March of 1946 the people of Council Bluffs elected me their City Engineer. I have served you in that position to the present time. As the people of Council Bluffs have not filed anyone to run against me in this coming election on either the Republican or Democratic ticket, they must be reasonably certain that I am attempting to do my best.

With the backing of the people of Council Bluffs and their projects that will come up cooperation in the different from time to time, I make one promise: To continue to work for you to the very best of my ability.

Forest E. Grover,
City Engineer
Council Bluffs, Iowa

I believe now, as I have always believed, that the Alderman-At-Large should know what is going on in all wards and be willing to assist the ward alderman, regardless of what party he may be a member of.

He should also be able to know whether or not the City is getting full value for the money being spent, and to investigate it before voting.

I feel that the Alderman should consider themselves as members of the Board of Directors of the largest business in our city—that of City Government—and vote accordingly.

I am not in favor of making a lot of promises to the public that I know I cannot be fulfilled, and I believe in fair at all times to my constituents.

Last, but by no means least, I DO NOT BELIEVE IN WASTING THE PEOPLES MONEY.

Joseph B. Katelman,
Republican Candidate

First Ring Champ
The first boxing champion of the world, Charles Freeman, was seven feet, three inches tall and weighed 333 pounds. No man ever stayed in the ring with him for more than one round.

HEY—NOBODY THROWS USED FAT AROUND! GO TURN IT IN TO YOUR MEAT DEALER!

Lacquer Made at Sea
The best Chinese lacquer is produced on junks lying out at sea, so as to avoid dust and to give it better drying qualities, which are materially aided by humidity.

MAUPIN RESTURANT IS SCENE OF MINISTER DINNER

On Saturday, March 13, 1948, the following ministers gathered at the Maupins Cafe for a Fellowship Dinner; Dr. Robbins of Tenn. minister of the 2nd Baptist Church guest of Rev. Z. W. Williams of the Morning Star Baptist Church. Reverend Dr. Robbins is half-which began on the 8th of March and running through the 19th. Dr. Fred T. Guy of Little Rock Ark., pastor of Zion Baptist Church, president of the Baptist State Convention Consolidated Guest speaker of the Bethel Baptist Church Men's Day Services Sunday, March 14th, He is the house-guest of Reverend and Mrs. McWilliams.

Reverend M. C. Williams of Bethel Baptist Church, Reverend J. C. Wade of Salem Baptist Church, and Reverend Z. W. Williams of the Morning Star Baptist Church.

A very fine repast was being well consumed by the group.

ELECTION MARCH 29, 1948

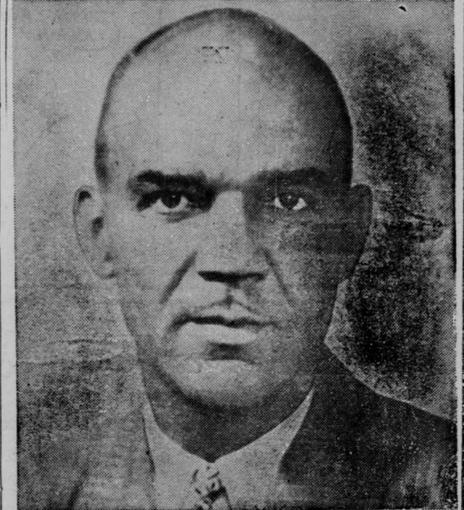

BROTHERHOOD OF SLEEPING CAR PORTERS
OMAHA DIVISION
2124 NORTH 24th STREET
Omaha Nebraska
George Althouse—President Taylor Murrell—Sec. Treas.
NEWSPAPER RELEASE

International Officers of the Brotherhood of Sleeping Car Porters will visit Omaha, Neb., from March 26th to March 31, 1948, and will hold a week of activities among the chair car attendants, train porters, and Pullman porters, maids, and attendants in the Omaha Territory.

The week of activities will start off with a conference of Union Pacific chair car attendants for the purpose of discussing the problems and the program for Union Pacific chair car attendants particularly and for attendants who are members of the Brotherhood generally. The conference will be attended by delegates for all Union Pacific Divisions, including Cheyenne Wyoming, Denver, Colorado, Pocatello, Idaho, Salt Lake City, Utah, Portland, Oregon, and Los Angeles, Calif. Arrangements for the conference will be handled by Mr. Sidney Burnett, Chairman of the Union Pacific chair car attendants in Omaha and Mr. T. S. On Sunday afternoon, March 28, 1948, at 3:00 P. M., a Public Labor Education Mass Meeting will be held under the auspices of the Brotherhood of Sleeping Car Porters at the Zion Baptist Church, 2115 Grant Street. The main speakers of this meeting will be Mr. A. Philip Randolph, International Council for Permanent F. E. P. C., and Mr. Milton P. Webster, First International Vice President, Brotherhood of Sleeping Car Porters, and a member of the wartime F. E. P. C. The musical program for the Mass Meeting will be rendered by the Salem Baptist

Church No. 2 Choir. Mr. George Althouse, president of the Local Division of the Brotherhood of Sleeping Car Porters, will preside at this meeting. Mr. Randolph, in his address, will discuss the foreign and domestic questions that confront the working people today with special attention to the progress that is being made for the passage of permanent legislation for a Permanent Fair Employment Practice Commission. Mr. Webster will speak on the subject of the Negro and Organized Labor with special emphasis on recent efforts to raid the Brotherhood by certain C.I.O. organizations. Both of these speakers are outstanding in the field of Labor and had wide experience in the handling of the basic economic questions affecting Negro workers particularly. The Brotherhood of Sleeping Car Porters extends a cordial invitation to the people in this area to attend this meeting. The admission is to be free, and there will be no collections.

During this week, the Brotherhood of Sleeping Car Porters will hold meetings for its men and women during the visit of its International Officers. Arrangements for this week of activities are under the direction of the Local President and the Secretary-Treasurer, Mr. Taylor Murrell, and a committee of aggressive Brotherhood members in Omaha. During the week of activities, the visiting officers and delegates will be honored at a dance given by the Local Brotherhood group, March 29, 1948 at the Elks Hall.

Rev. Richard V. Moore who last Thursday was inaugurated as the third President of Bethune-Cookman College at Daytona Beach, Florida.

Rise in Cancer
During the past 25 years, cancer has climbed from seventh to second place as a direct cause of death. It is now second to heart trouble as a cause of death. About 175,000 Americans will die of cancer this year and of the total population of 140 million now living, some 17 million will die of cancer.

Build Own Highways
Every citizen of Guatemala is required to contribute the equivalent of two weeks' work, either in money or in labor, toward upkeep of the country's road system. Guatemala, which grows a large part of the world's supply of bananas and therefore needs good roads, was among the first of the Central American republics to have a highway from border to border.

New Oyster Stuffing
Oysters long have been trading their shells for the protection of a tin can so they might move into the markets of the world. Now they're teaming up with bread and seasoning to make their bow as a stuffing for use with fowl, meat or fish. The meal planner merely has to empty the contents into a bowl, fluff with a fork and the stuffing is ready. Besides oyster shells, this dressing contains bread crumbs, salt, butter, nut meats, ham and bacon fat, suet, sage, onions, curry and pepper.

Caribou Becoming Rare
Fifteen caribou are reported in northern Minnesota, only two of which are natives. Maine's stock disappeared in 1908. The caribou are very good swimmers despite their slender legs due to buoyancy gained from their tubular hair which acts like a life preserver for them.

You Can Help The Easter Bunny
Make His Magic Fondant Eggs

BE sure the Easter bunny, when he visits your house has plenty of candy eggs. It isn't hard to replenish his supply, and even the children can help, if you make them with sweetened condensed milk fondant. The recipe is magically failure-proof—the fondant is always smooth and creamy, easy to handle, and never grainy or coarse.

Big eggs of fondant, after they have been chilled for several hours, can be dipped in cooled melted chocolate, then allowed to dry on waxed paper. Little eggs may be decorated with melted chocolate applied with a small paint brush. Another attractive way to decorate fondant Easter eggs is to work a little vegetable coloring—only a drop or two—into a small amount of fondant. Prepare pink, green, yellow and blue fondant, and then combine it in pastel tinted eggs.

Small baskets of tiny eggs for place favors may be ranged around a larger basket of larger eggs to make a centerpiece that the children will greet with joy, either at an Easter week party or at Easter Sunday dinner.

If you want another easy holiday candy, try chocolate nut balls. They, too, are made with sweetened condensed milk, and are as luscious and creamy as a confectioner's specialty.

Magic Fondant Eggs
2/3 cup sweetened condensed milk
1 teaspoon vanilla
4 cups sifted confectioners' sugar
Blend sweetened condensed milk and vanilla. Add confectioners' sugar gradually, mixing until smooth and creamy. Form into eggs, little and big.

Magic Chocolate Nut Balls
2 squares (2 oz.) unsweetened chocolate
1-1/2 cups (15-oz. can) sweetened condensed milk
Nut meats, chopped
Melt chocolate in double boiler. Add sweetened condensed milk and stir over boiling water 5 minutes until mixture thickens. Cool for 5 minutes. Drop by teaspoonfuls into finely chopped nut meats. Roll until well covered with nuts. Let stand in the refrigerator for two hours. A drop of two of peppermint may be added to part of the mixture to give variety.

JUST A WORD TO THE VOTERS OF COUNCIL BLUFFS, IOWA.

The following candidates on the Republican ticket, drop these few lines for your consideration. They are experienced, and have the full qualifications necessary to serve you. Give them a vote on election day.

Nels Hansen, auditor, I have been city clerk for six years and have been the head of this present office for two years. I have lived in Council Bluffs for the past 40 years, and I am interested in all civic improvements. I would appreciate your vote. Be assured that I will conduct the duties of this office to the best of my ability.

GEORGE A. SWAN
Alderman 6th Ward
I will appreciate your support and serve you to the best of my ability.

C. B. MELDRUM
Alderman 1st Ward
I will serve you to the best of my ability.

FRED R. SHAW, JR.
Park Board
Your vote will be sincerely appreciated.

WM. (BILL) PETERSEN
Alderman 4th Ward
Your support is solicited and appreciated.

T.L. MCGARRY
Alderman at Large
I will appreciate your support.

DR. H. R. KOLL
Alderman 2nd Ward
Your support will be sincerely appreciated.

GEO. H. MAYNE, II,
City Solicitor

The problems which have faced the office of City Solicitor during the past two years have been many and difficult. I have tried to handle these questions to the best interests of the people of Council Bluffs and trust that my conduct of this office has met with the approval of the people. In asking re-election to the office of City Solicitor, I can only say that if re-elected I will continue to serve the city and its people to the best of my ability. I am willing that my qualifications for the office shall be judged by my conduct of it during my experience in the practice of first term and feel that my long law, together with my familiarity, gained through experience, with the problems with which the city is going to be faced during the next two years, can be of material benefit to the City and its people.

WHEN I TAKE MY USED FAT TO THE MEAT DEALER—EVERYONE WANTS TO GET INTO THE ACT!

Nature of Wool
What is wool? It is the hair of the sheep, an animal fiber, a protein substance. It ranks topmost in its field and its varied utilization in the wearing apparel industry is so great as to assure its pre-eminence in the manufacture of both smart and utility clothing, especially where protection from cold is essential. There are substitutes for wool, one of the most successful being Lanital, an artificial fiber made in Italy in 1936. Another, produced in the United States in 1940, is called Aralac. Both substitutes are made from casein, a product of skimmed milk.

Platinum Foxes Possible
By depriving ordinary silver foxes of one of the "B" group of vitamins, it is possible to obtain a platinum fox. This discovery was made at University of California. However, the platinum foxes do not produce furs so durable as the Norwegian variety. The only fox that is being raised commercially to any great extent in the United States is the silver fox. Perhaps they lend themselves to confinement better than most wild animals. The grey fox is much slower than the red fox. The red fox has been known to cover a given distance at the rate of 30 miles per hour.
