Let us pray for the sick throughout the week whoever they may be wherever they may be.
We send our Pastor and his wife to the General conference convening in Kansas City, Kansas, well prepared to represent St. John's in Omaha and the A M E Church over the length and breadth of these broad United States and abroad. We send them with the utmost confidence that they will see along with the various progressive A M E. Churchmen that the A. M. E. Banner shall and will continue to fly throughout the world. We desire for them a most excellent trip to and from this history-making conference. We know our Father and the Son Jesus Christ goes to the conference with them giving them courage, strength and broad vision. We of St. John's send our sincere prayers with them knowing that they will credibly and ably represent us.
Sunday May 9th, is Mother's Day this is the day that the Twenty-century club will have their talent review and tea. This suspicious affair is to be given on at 3:30 p. m. at the church. The support of members and friends of St. John's is warmly solicited. Come out and support our Young Ladies in this Christian effort—won't you?
The Progressive 24 club desire 100 per cent cooperation and support of our church membership in their Hope Chest Contest now in Progress. Our support in this effort members and friends of St. John's will inturn mean support to the Progressive Christian Program of St. John, for this faithful and zealous club is working for St. John's. See various members of the auxiliary of our church and pledge your support to-day.

You Family Food . . . Nutrition Knowledge

It is generally agreed by authorities to-day that the average homemaker's knowledge of nutrition—and her ability to cook have much to do with the health and well being of her family.

To find out how much the typical homemaker knows about nutrition a survey was recently conducted by the U. S. Department of Agriculture in Richmond, Virginia. Questions were asked of four hundred representative homemakers in 200 city blocks.

The survey showed that—Half of the homemakers had little or no information on nutrition. Only four per cent had adequate information. The remaining 46 per cent had some. Only about half the homemakers were providing adequate daily meals for their families; that is, only about half included food from all the seven basic food groups in their daily menus.

Sources of Information
To learn the best means of getting facts about foods and nutrition information, to the average homemaker. The women were asked their sources of information. Their replies showed that:
Nine out of Ten had newspapers, magazines or radios in their homes. The majority took their ideas from newspapers or magazines and considered them most helpful. Next to the press, the radio was the chief source of ideas on foods and nutrition, but only one-sixth had ever attended.

Children influenced about half the mothers by what they learned at school about foods and nutrition.

THE SPORTS TRAIL

By Dick Lebbs
During the baseball season soon to open, Nebraska will have eight sons covorting on major league diamonds. Of the eight, five will undoubtedly see considerable service.

The newest addition in the ranks of the majors is Richie Ashburn, a native of Tilden. Destined originally for Toronto, Ashburn set a blistering pace during spring training. Result—Ben Chapan, Philadelphia Phillie manager, wrote a new contract.

A fast young ball hawk, Ashburn may blossom into stardom in the next two or three years.

Johnny Hopp, Hastings' contribution to baseball, has a new home for the '48 season. During the winter he was traded by the Boston Braves to the Pittsburgh Pirates. Hopp finished last season with a .288 batting average.

Omaha's Rex Barney is to be given another chance as a starting pitcher. Leo Duroch, er, Brooklyn manager, likes Barney's stuff. If Rex acquires more control, he will give NL batters a bad time. Doyle Lade of Fairbury made his inaugural in the majors last year with the Chicago Cubs. Because he posted a record of 11 wins and 10 losses, Lade will be a front-line flinger for Charlie Grimm's crew this year.

Sheldon Jones, born at Tecumseh but now residing in Calif., is a pitcher who may be Mel Ott's surprise package. A pitcher with lots on the ball, Jones lacked control and self-confidence last year with the New York Giants.
Among the remaining three Nebraskans now in the big time is Clifford Mapes, a reserve Yankee outfielder who was born at Sutherland. His home is now in California. The other two are James Dyck, ex-Omahian, another New York Yankee who now lives in Missouri, and Dale Jones, pitcher on the Philadelphia Phillie squad, who was born at Marquette but who now calls White Plains, N. Y., his home.

MOTHER'S DAY

By H. W. Smith
We find ourselves giving a high honor and praise to the one has very carefully cared for all of us, when we could not care for ourselves and used many efforts to guide her children to care for themselves in the future and evade any procedure that would be detrimental. We should let our thoughts of her teaching dwell within our minds and let it be known that we do highly honor Mother as we know how dearly she loved us. Let everyone show respect for the very highest and sweet thoughts of Mother.

RETURNS HOME

Mrs. Lillian Johnson, 119 So. 27th street, has returned from Portland, Oregon, where she spent the last three months attending her daughter, Mrs. Mercedes Hardy, who underwent an operation in February. Mrs. Hardy wishes her mother to express her deepest appreciation to her many friends who sent expressions of cheer to her during her illness. Mrs. Hardy is convalescing very nicely at the present time.

TRAFFIC NEWS
"Pedestrian fatalities for the State of Nebraska are on the increase," Dwight Havens, President of the Nebraska State Safety Council, said today.
He made this statement in view of the 9 per cent rise in pedestrian fatalities over last years average. As of April 28, 15 of the State's 56 fatalities were pedestrians.
"Every driver," Havens said "should exercise extra caution for children and elderly people, especially in school zones and residential areas."
"Our records show that 10 of 15 pedestrians killed so far this year were over 50 years of age. Nationally, 65 per cent of all pedestrians killed in 1947 were 65 or over."
twen intersections. This accounted for 28 per cent of all lives lost. Next high, was the crossing at unprotected intersections.
Havens concluded by urging Nebraska motorists to be prepared for the unexpected while driving through congested areas.
The President of the State Safety Council pointed out that 18 per cent of the traffic fatalities in 1947 were pedestrians while in 1948, 27 per cent were in that category.
Most frequent cause for pedestrian deaths was crossing be
