INDUSTRIAL LOOKING GLASS

By Allen W. Powell

An interesting side-light on the matter of labor unions in their relationship to Negro members was developed recently in Philadelphia that seems to be worthy of comment.

Philadelphia has long been acknowledged as the hub of the catering industry. From the city's earliest beginnings stems a long history of the catering services, many of which have been Negro owned and operated, and the unsurpassed quality of food dispensing afforded by these firms has been internationally known.

Through all of the years it has been considered the inviolable province of the Negro waiter and chef to contribute the backbone of the industry, whether it be in the hotel dining room, the exclusive restaurant, or the banquet hall.

In recent years, in view of the lucrativeness of the work and the comparative dignity of its status, white workers have seen fit to enter the field, and it was not too long before unionization was being set into operation.

As a result, the plight of the Negro worker in the industry is becoming increasingly serious, and while there are still a good proportion of Brown Americans in the trade, continued displacement will remove them from the potent status they have enjoyed.

NEGRO ON PHILLY FEPC COMMISSION

Philadelphia, April (NIPS) With the naming of the Commission which is to administer the recently passed FEPC legislation in Philadelphia, it is considered significant in local circles that a Negro member has been included in the person of Dr. Tanner Duckrey, prominent civic and educational figure.

Dr. Duckrey has had a wealth of experience in public affairs as assistant to the Board of Superintendents of public school system of Philadelphia has established an enviable reputation as an educator. Also, under consideration for the post was former area FEPC administrator during the life of the Federal order, G. James Fleming, presently engaged as an American Friends Service Committee aide.

The remaining members of the Commission include F. Curtis Davis, Judge Advocate American Veterans of World War II; Hon. Gerald F. Flood, Common Pleas Court judge and noted Catholic lay leader; Norman Blumberg, vice president of the Central Labor Union; and Louis B. Raycroft, former War Manpower Commission head, and now coordinator for veterans reemployment for the Labor Department.

CAN BLACK-DRAUGHT HELP SLEEPLESSNESS?

Yes, Black-Draught may help sleeplessness if the only reason you can't sleep is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations.

C. C. Galloway, 2418 Grant St. Omaha, Nebraska

Dear Friend:

On May 11, 1948, we will be confronted with the duty of selecting seven City Commissioners. The importance of every citizen participating in this selection cannot be overemphasized.

Administration of city affairs has a more immediate effect on our daily lives than administration of any other subdivision of government.

Your attention is invited to the candidacy of Richard W. Jepsen for City Commissioner. He is qualified for the office by training and experience. He has demonstrated his ability and general fitness for the office. Mr. Jepsen has a active interest in our welfare.

The following is suggested and recommended:

1. Urge every qualified voter in your household to vote at the city election May 11.

2. Vote for and urge the election of RICHARD W. JEPSEN for City Commissioner.

Very truly yours, Charles F. Davis

ONE MAN'S OPINION

(Continued from page 3)

Kundsen, for this improvement.

There are many other instances that I have approached (Continued on page 4)

Mr. Knudsen since he has been police commissioner. He never was a man to say "Yes"; but he was a man to say I will look into the matter and see what can be done about it, and he always did the right thing when he finished his investigation of the matter involved.

I wish to say to the voters of the Mid-City Section and of the citizens of Omaha, you can make no mistake by voting for and helping re-elect Harry Knudsen for your City Commissioner on Tuesday, May 11th, 1948.

C. C. Galloway, Publisher of Omaha Guide.
