Kitchen Hygiene Hints

Modern American women have attained world-wide acclaim for their smart, fresh appearance and the sparkle of their neat, orderly kitchens.

Meticulous homemakers have found the easy way, the cleanest way, and the thrifty way to dispose of used cooking fats. They shy away from pouring fats down the drain because fats and oils harden and clog pipes. Neither will they pour fats into paper bags or garbage pails because fats seep through paper and stain garbage pails. Their accepted method for fat disposal is to pour used cooking fat into a tin container which they fill and send to their meat dealers.

Long Hibernation

The hibernation of the northern Rockies spends the longest time in hibernation. He is the first to go into hibernation in the fall and the last to come out in the spring in a region where the winters are long.

YOUR FAMILY'S FOOD

Red Cross Nutrition Director By Mrs. Evelyn Halm,

JUNE-DAIRY MONTH

Milk Cheese and Ice cream are three popular foods on which nutritionists are directing the spotlight in June. They are all-year round leaders in many nutritious foods, and especially during the summer months when cooling, filling, nourishing foods are needed for simple menus. Compared with other food groups this trio is economical. No other one food gives us so much for the money in good essentials as does milk. Every family member—including Grandma and Grandpa need from a pint to a quart each day. "But I can't afford that much milk," is the cry of homemakers with modest food budgets. This is a very real problem in nutrition and I wish I could help all families figure out a way to get enough milk or everyone.

The Milk Budget

The best method of stretching money for milk is to buy milk in less expensive forms. For a family of five, as much as \$5.00 a month can be saved on the milk bill without decreasing the amount we need to use. Fresh whole milk or buttermilk is recommended for drinking, but evaporated, skimmed, or nonfat dry-milk can be used for all cooking purposes. To have more money for milk—it's a good plan to check over food expenditures regularly for "budget leaks." It's surprising the number of small day by day expenditures that are made on non-beverages which give limited or no food value should go for milk when incomes are low. Like milk, cheese and ice cream are valuable foods. This amous trio should be used generously in summer menus.

Eats Up Coal

Lighting the average home for a year eats up 600 pounds of coal at the powerhouse.

The spectacular new song by Eden Abbez "Nature Boy" has caused comment about actual spelling. In some places they have made it Nature's Boy. The correct title is Nature Boy without the S. This song is now being outstandingly performed by Nat Cole of the King Cole Trio. Nat was featured last month on We the People, along with Eden Abbez, composer of Nature Boy. Eden went east from Los Angeles for the broadcast, while Nat made the trip from a certain location he was playing in the middle west.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN—This luxurious French Provincial commode is a fashion highlight—probably because it is both decorative and informal. The rich amber coloring of beautifully selected walnut contrasts luxuriously with the choice brass fittings and the new deep toned wall colors so much in favor this season. Nine drawer double commode by Bodart is not only especially convenient, but is an excellent example of fine French Provincial—a style which demonstrates the expert designing, fine woodworking and careful attention to detail of Grand Rapids craftsmen.

Washable Slack Suit

THIS young gardener can get as dirty as she likes, because her attractive slack suit is washable. It's in a lovely smooth fabric, made of 80% Avisco spun rayon and 20% wool. As a result of skillful blending of the yarn, the fabric has an unusual receptiveness to tailoring... and it can even be sent to the laundry. With children, soil and stain removal is an ever-present problem. If you would like a handy free leaflet, "How to Remove Spots and Stains from Rayons," just send a stamped, self-addressed envelope to the Women's Editor of this newspaper.

The National Beauty Culturist League, Local 101, will hold its regular meeting Monday evening, June 7, at 7:30 p.m. at the home of Mrs. Crose Murrell, 2423 Erskine Street. All Beauticians please be present.

JOHNSON-COOPER

Mrs. Susie Graziar Johnson and Mr. William L. Cooper, both of Omaha, were united in Holy Matrimony, Saturday, May 29, at the home of the brides mother, Mrs. Agnes Frazier.

Mr. and Mrs. Cooper are both active members of Salem Baptist Church. Mr. Cooper is well known throughout the city for his activity in B.T.U. work, having served as director of both Salem and the City B.T.U. for many years. Mr. Cooper has also served as Deacon for many years, while Mr. Cooper is active in the Sunday School, B.T.U. and Young Matrons groups. Mrs. Cooper is also a member of the second choir.

An open house wedding reception will be held at their newly acquired home, 2623 Wirt Street Saturday evening, June 5, during the hours of 8 to 10 p. m.

WEDDING PUNCH (Serves 30)

5 cups sugar
2 cups lemon juice
4 cups canned pineapple, cubed
1 1/2 quarts ice water
18 quart strawberries, fresh or frozen
2 bottles Roma Champagne
1 bottle Roma Sauterne

Chill Champagne and Sauterne thoroughly. Dissolve sugar in lemon juice. Combine in a punch bowl with pineapple. Add a square block of ice. Add chilled Sauterne and ice water. Just before serving, add strawberries and chilled Champagne.

TOAST THE BRIDE

This wedding party is as romantic as the music of Lohengrin, with its charming centerpiece arrangement of fragrant gardenias and bouvardia set in tiers on an inverted pedestal cake plate. Classic table service for a wedding breakfast, luncheon or dinner calls for formal china, a stemmed water glass and the champagne goblet, so that guests may toast the bride couple.

TODAY'S WOMAN FINDS

2-Way Help For Old Problem

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in Caprot's 2-way help. You see, Caprot may make things lots easier for you in either of two ways: (1) started 8 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. Caprot is scientifically prepared and scientifically tested. If you suffer "at those certain times," get Caprot today.
