

THREE GREAT VOICES

Three Great Voices  
Left to right: Sarah Vaughan, noted songstress; Billie Holiday, America's Greatest Song Stylist; Bily and June Eckstine, one of the top male singers of the nation. Occasion was Miss Holiday's opening night at Club Ebony, on Broad way, when she captivated her audiences and continues to be the greatest attraction of the Gay White Way.—Snelson.

What is so rare as a day in June?—Then if ever come perfect days.—and that's a cue for back yard suppers and picnic lunches in the park, on the beach, and your favorite woodland spot. Here's a trick to keep the sandwiches from coming apart—split the buns only three-fourth of the way through so that top and bot-

Christian Service

The Women's Society of the Christian Service sponsored a very interesting meeting at the Clair Memorial Methodist Church on Friday evening, on June 4 and served ice cream and cake.

Mr. Isiah Jones mercantile and shoe shining shop is going good.

Mr. Perry Taylor of North 24th Street Barber and Mt. Moriah baptist church Sunday School teacher returned home from Detroit Michigan, to attend a funeral of a relative on May 31st.

Reverend J. E. Wade is visiting relatives and friends in Oklahoma and the Reverend C. E. Hayes the new pastor of Clair Memorial Methodist Church is carrying on in a very fine way.

Are you a member of the N. AACP, your membership is very much needed.

Roy Milton Fan Club

**CHARITY AIM OF ROY MILTON FAN CLUB**  
Hollywood (NPP)—In an effort to present a constructive program to members, the National President of the Roy Milton Orchestra Fan Club, Lillian Cumber, announced here last week, that in addition to the popular club slogan, "No Dues, Just Blues," more emphasis will be stressed upon the business of aiding needy causes and charities in the particular communities where fan clubs are established.  
Cumber told newsmen, the Roy Milton Fan Clubs are mushrooming all over the nation. She said, these same clubs according to Mr. Milton's desires, can become a powerful

and helpful aid to their respective communities by supporting worthy charitable undertakings and needy families.

Thus far, she said, "a most heartening response has followed Roy's suggestions that the club do charity work". It is also planned that the band leader will cooperate with the community program by entertaining the fan clubs and their adopted charity group during his visits in their territory.

National headquarters are at 223 West Second Street, of Los Angeles, California, where additional information regarding setting up of Roy Milton Orchestra Fan Clubs may be obtained, the president told the newsmen.

How to Save Gas

A well-tuned engine and proper driving methods resulted in gasoline savings up to 70%, tests recently conducted by Plymouth Motor Corp. at Detroit showed. The testing team above checks recording equipment and notes results of the unusual experiment.

Driver Tests Show Conservation Easy

How to conserve precious gasoline and save money was recently demonstrated at Detroit when results of engineering tests showed savings as high as 70% possible through proper engine tune-up coordinated with correct driving techniques.

The tests were conducted by the Chrysler Engineering division at the instigation of W. B. Rice, director of service for the Plymouth division. They were made by technical experts with a 1948 Plymouth special deluxe sedan equipped with recording and measuring devices including a "fifth wheel" electric speedometer, gasometer, vacuum gauge, odometers, and batteries of stop watches.

No "trick" gasoline saving devices or special fuels were used. The secret of the savings obtained lay in (1) proper spring tune-up of the car, including ignition, carburation, cooling system, oil change and chassis lubrication, and steering and brake adjustments, and (2) employment of proper driving techniques in handling foot throttle and brakes.

A basic gas saving up to 10% may be secured by giving an out-of-tune car the approved dealer's spring tune-up, the tests showed. Past that point the driver himself holds the whip hand in achieving phenomenal gas savings.

The first test run was over a ten mile course in a section of Detroit where stop lights and stop signs were numerous. Here, reasonably moderate acceleration and braking showed a 60% greater gasoline mileage over the "quick stop and start artist."

Surprisingly, the safe driver who saved so much gas, arrived at the finish of the ten mile course only one and one-half minutes later than the "hurryup" man, made 50 percent fewer stops and spent 51% less of his time at those stops. He averaged only two per-cent slower speed and two per-cent greater elapsed time.

In a test run over the 165 mile highway from Detroit to Lansing, Michigan, the safe driver achieved a 50% saving in gasoline on the trip.

The surprising difference in gas economy was achieved by maintaining a normal speed of 50 m.p.h. on open highway as against one of 70 m.p.h.

Added to the advantages of conserving the nation's fuel supply for next winter's heating use and the saving in money accruing to the individual is the fact that safety statistics prove the "moderate" driver involved in fewer and less serious accidents than the speed-seeker Rice pointed out.

Easy Wash Days Now

CHICAGO — Dolores Gardner, Chez Paree "Adorable", shows how a smiling disposition and luxurious case have replaced the old-fashioned "blue" washday. She holds a new plastic Hand-D Washboard, with which she does personal laundry backstage in the famous Chicago night club. Styled by Barnes & Reinecke, the washboard is low-priced yet attractive and practical for homemakers. Corrugated scrubbing face gets quick action, and glove-like fit makes it simple and easy to use. It comes in colors to match kitchens or bathrooms.

MacArthur Men

MADISON, WIS.—(Soundphoto) —Two former governors of Wisconsin head a full slate of MacArthur for President delegate candidates in Wisconsin. They are Fred R. Zimmerman (right) now secretary of state, and Philip F. LaFollette (left), Madison attorney. They are shown at the capitol as "Zim" filed his nomination papers (as a candidate) with himself (as secretary of state).

Palestine in the Jewish History Is Only Temporary

(Biblical History)  
says Rev. James M. Webb, Evangelist, Prophet and Author of 'The Black Man's Part in the Bible'—his latest work is 'The Coming of the Third World War'.

Yes! Palestine was handed or delivered back to the Jewish people by Great Britain's political strategy the same as India was. The results of Great Britain's action is a gateway that will draw every government in the coming Third World War. The beginning and ending of this war is in Biblical Prophecy. Read Joel, 3rd chapter, 9th through 21st verses. There is a great crisis coming the Jewish people such as never has happened before. And also to all people of the world. The United Nations will come to naught as the League of Nations did. Read Biblical Prophecy on the matter (Isaiah, 8th chapter, 9th and 10th verses).

According to Biblical History God has prepared a Colored Man that was rocked in the Black Man's Cradle in Africa to conquer the coming Third World War at Jerusalem and all Palestine on the borders of the Mediterranean Sea.

I am preparing a series of newspaper articles on the subject. Look for them very soon. 'The world is set with Dynamite War equipment. The climatic explosion will be in the Mediterranean Sea'.

Not only is Omaha the leader, according to the US Division of Dairy Statistics, but it produces 40 per cent more butter than its nearest competitor—Kansas City.
