# CONTROL OF NEXT SENATE

# WORKING · REPUBLICAN MA-JORITY NOT LIKELY.

MR. GALLINGER'S FIGURES.

The Teller-Dubois-Mantle-Cannon-Carter Combine Likely to Be Strengthened by Endical Silver Ken ' com Colorado, Utah and Other States, and Be Able to Block the Tariff.

Concorp, N. H., June 29 .- United States Senator Gallinger said yesterday: "I fear for Republican control of the Senate. The full senate now numbers ninety members, and we shall need forty-six for a majority, though, nasmuch as the existing vacancy in Kentucky will continue until 1899, we can get along during the next congress with forty-five. We have now forty four senators who are nominally Republicans, but of these, five-Sen ators Teller, Dubois, Carter, Mantle and Cannon-refused to act with us in the passage of the Dingley emergency tariff last winter, and I suppose we must now add to them Senator Pettigrew of South Dakota, because he left the St. Louis convention with other seceders. This reduces us to thirty-eight straightout Republicans who are for protection as against protection yoked with free silver, and we shall need seven more to enable us to pass the revenue bill, which the country demands. Some of our gains are already made, as in Maryland and Ohio, and we shall elect in New York, Illinois and Wisconsin. This will give us forty-three, or two short of a majority. Among our danger spots we must include North Carolina Senaity. tor Pritchard's seat is likely to be lost, because he was first chosen by a fusion movement, which propably will be hard to effect again. In Uta' also, there is danger of losing senator Brown, who refused to act with the silver men in deadlocking the Dingley bill, and who now has been confronted with an issue in his fight for re-election, which will either defeat or cause him to coalesce with Senator Cannon in a policy of opposition. In Colorado Senator Wolcott is in similar danger, as he has been subject to venomous criticism because he would not go so far as Senator Teller in his devotion to the white metal. Add to this the not altogether remote chance of losing a Republican Senator in North Dakota and California, and the claims of the Democrats that we cannot elect in either Kansas or Illinois, and the outlook is not rosy. I must admit that I cannot now satisfactorily outline the method by which we shall be able to hold the Senate for a protec-

#### tive tariff without a free silver rider. FILIBUSTER SHIPS SEIZED.

The City of Richmond left here Wednesday night with a large quartity of arms and supplies for the Cubans and the Three Friends slipped out of Jacksonville ten days ago with supplies for the rebels.

The captures created great excitement here, a great crowd gathering on the wharf and cubans and Americans alike expressing deep nd gnation.

What will be done with the two seized vessels is not yet known, but it is believed that both will be confiscated by the United States government.

Distilleries to Close. LOUISVILLE, Ky., June 29 .- A meeting of the Kentucky Distillers' Association was held to-day to hear the reports of committees appointed to solicit signatures agreeing to suspend operations for eighteen months from July 1. All but six distillers in the State have signed. These have held out because of contracts. It is proposed to overcome this by apportioning 12% per cent of the capacity of the State, or 5,500,000 gallons, and this may be kept down to 3,000,000 or 4,000,000 gallons. It is assured that there will be a suspension, with allotments only where contracts cannot be abrogated. The Governor Renominated as the Idol and Leader of Democracy-The Nomination Forced Upon Him Against His Protest-Every Vote Cast for Hin Amidst a Furure of Enthusiasm.

#### The Illinois Democracy. PEORIA, Ill., June 25 .- John P. Altgeld is the nominee of the Demo-

ratic party for governor of Illinois. He was unanimously placed at the head of the ticket. He had no opponent, and a few moments before the honor was thrust upon him, declared he did not want it. He said so at the conclusion of one of the most impressive speeches ever made before a Democratic convention. He said he was physically anable to lead the fight, and his financial affairs were in bad shape and needed his attention. No sooner had he mentioned his desire to retire from public life than there came an impassioned shout of disapproval, not only from the delegates, but from thousands of people who were crowded in the hall. was a strange convention, and will not soon be forgotten. It was in session only a little over five hours. Nearly all the candidates were nominated by acclamation. There was no strife. There were no necrimonious speeches save those directed against the enemy.

The convention came out strongly for free silver, and so instructed its delegates-at-large to the National convention. The platform was almost diametrically opposite in all its parts to that of the Republican party, and the 1,005 delegates voted unanimously for its adoption.

The following delegates-at-large to the convention at Chicago were then reported: John P. Altgeld and Samuel P. McConnell, Chicago; W. H. Henrichsen, Jacksonville, and George W. Fithian of Jasper county. No instructions were given for Pres-

#### Governor Altgeld's Address.

While waiting for the committee on resolutions to report Governor Altgeld stepped upon the platform, and for several minutes there was the most enthusiastic uproar that had yet been witnessed. He was called for, when he stepped forward and said, in part:

"Four years ago our people met under brighter skies. We swept the country by such a majority that fidelity to Democratic principles would have insured supremacy for a quarter of a century. But before the inaugural festivities had ceased at Wash ington the head of the administration sought strange gods and espoused alien principles. The interests of money were placed above those of humanity. Organized greed was fed with golden spoons, while the cry of the husbandman was unheeded and the sweat of the toilor brought him no bread.

#### Mark Hanna's Trust. "Last week there was held in St.

Louis a convention which will be known in history as 'Mark Hanna's trust.' Railroad attorneys, corpora-tion agents, loobyists and those men who have made millions out of the government, and are looking for another harvest by governmental aid, were not only in control, but filled every place from chairman to page. It was the most brazen effort on the part of organized greed that was ever witnessed in this country. If the Democratic party will be true to its mission, if it will not weaken itself with compromises, or destroy its strength by adopting a neutral course, then the ticket placed in nomination at St. Louis will be dead long before the frosts of November come. if the Democratic party will declare for an American policy, if it will boldly declare that we must be true to ourselves, and look after American interests first, we will sweep this country.
