CURE CONSUMPTION.

T. A. Slocum, M. C., the Great Chemist and Scientist, Offers to Send Free, to the Afflicted, Three Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy in its wake than the offer of T. A. Slocum, M. C., of 183 Pearl street, New York City.

Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles (the Slocum new system of medicine) to any reader of the Herald who is suffering from chest, throat and lung troubles or consumption.

He invites those desirous of obtaining the remedies to simply send him their express and postoffice address, and receive in return the three free bottles.

Already this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases.

He considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, apart from its adherent strength, is enough to commend it, and more so is the perfect confidence of the great chemist making the offer.

He has proved consumption to be a curable disease beyond any doubt. There will be no mistake in sending—the mistake will be in overlooking the Doctor's generous invitation. He has on file in his American and European laboratories thousands of testimonials of experience from those cured, in all parts of the world.

Delays are dangerous; mail your address to T. A. Slocum, M. C., 183 Pearl street, New York, and when writing the Doctor, please mention reading this article in THE HERALD.

The new improved Aermotor, with glass cups, self feeding, Zor Oil, will feed in the coldest weather and mill will run for a month with one oiling. 8, 10, 12 and 16 ft. wheels. D. A. PAUL, Agent. Dunlap cheese is the best on the market. Try it.
