DID YOU EVER MAKE MONEY EASY?

Mr. Editor.—I have read how Mr. C. E. B. made so much money in the Dish Washer business and think I have had him. I am very young yet and have had little experience in selling goods, but have made over eight hundred dollars in ten weeks selling Dish Washers. It is simply wonderful how easy it is to sell them. All you have to do is to show the ladies how they work and they cannot help but buy one. For the benefit of others I will state that I got my start from the Mound City Dishwasher Co., St. Louis, Mo. Write to them and they will send you full details. I can clear over \$3,000 the coming year and I am not going to let the opportunity pass. Try it and publish your success for the benefit of others.
J. E. C.

Take Notice.

I will not be responsible for any debts contracted by my wife, Fidelia Colvin.

How the Dipper Saved the Farm.

Father was sick and the mortgage on the farm was coming due. I saw in the Christian Advocate where Miss A. M. Fritz, of Station A, St. Louis, Mo., would send a sample combination dipper for 18 two cent stamps, and I ordered one. I saw the dipper could be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a sick room warming pan and a pint measure. These eight different uses makes the dipper such a necessary article that I went to work with it and it sells at very near every house. And in four months I paid off the mortgage. I think I can clear as much as \$200 a month. If you need work you can do well by giving this trial. Miss A. M. Fritz, Station A, St. Louis, Mo., will send you a sample for 18 two cent stamps—write at once.

Local and Personal.

Rev. Golden made the HERALD a pleasant call today.

W. G. Simonson, of Alliance, was in the city yesterday.

Miss Rosa Parkin is teaching school in the Vaughn district.

W. J. Bean has placed an elegant new cigar case in his drug store.

Mrs. L. B. Fenner went to Lincoln Saturday to visit her husband.

James Mrachek returned to Edgemont this week to resume work with the bridge gang.

Mr. and Mrs. Frank Martin and Mrs. Golden, of Alliance, are attending the Bible Institute.

J. W. Baumgardner and D. C. Norris dropped a few "cart wheels" into the HERALD exchequer this week.

Co. Treasurer Miller went to Lincoln the first of the week to make settlement with the state treasurer.

A social hop was given at the home of Frank Book Friday evening and an enjoyable time is reported.

C. S. Raymond, of Omaha, the oldest and best known jeweler in the state, failed Wednesday. Liabilities \$70,000.

H. R. Nissley departed for Lincoln Monday night. He shipped his dry goods and sold his grocery stock to C. A. Burlew.

Oliver F. Crocker, of Stanton county, and Miss Anna Rissell, of Dunlap, were united in marriage by Judge Hewett, Tuesday.

Six head of cattle belonging to Theodore Johnson were killed on the railroad about seven miles southeast of Hemingford Saturday night.

Twenty-five farmers may secure that many yearly subscription, free, to the "Western Soil Culture" by applying to the B & M. agent.

Rev. Funk informs us that Dr. C. A. Holbrook, of Bayard, has decided to locate in Hemingford and intends to move here this month. We welcome the Scotts Bluff county people to our thriving city.

"If the party that took the pair of ladies' fine shoes last week from one of the Alliance business houses does not return them or send money for same inside of ten days, they will be arrested, for they are well known."

The year 1896 has been a most prosperous one for the Modern Woodmen of America. A total of 54,700 new certificates were written during the year against 52,005 in 1895. The benefit fund has never been in a more satisfactory condition.—Modern Woodman.

Rev. J. N. Funk, accompanied by his family and Mrs. Funk's sister, arrived from Gering Saturday and will make Hemingford their future home. They are occupying the Brandser residence, corner of Wyoming avenue and Custer street. Mr. Funk will have charge of the Baptist church and for the present services will be held every other Sunday.

Donald McLean says that the Short Line will surely be built and that contracts will be let next summer. There is no doubt but what the road will follow its old survey and Hemingford will be the division town. There are lots of good things in store for Hemingford and the day is not far distant when she will be one of the leading cities of Nebraska. Everything is coming her way.

Messrs. Emory, Cliff and Amos Abley came down from Deadwood Wednesday for a short visit at home. Tonight, Mr. and Mrs. Abley will give a social dance in honor of their sons and no doubt it will be a pleasant affair as Mr. and Mrs. Abley are exceptional entertainers.

According to the World Herald, Prof. L. B. Fenner was appointed as teacher in the reform school at Kearney, and will take his place at the time the new superintendent goes in, Feb. 1st. While we have not heard of his appointment being officially announced, we believe he is sure of the place.

J. S. Anderson, the Veterinarian, of Seward, spent three days in Hemingford this week and was kept very busy. He performed some difficult surgical operations and convinced everyone that he thoroughly understands his business. Mr. Anderson is an old friend of Harry Pierce, who, with Mr. Gerber, is responsible for his visit to this city.

A certain farmer of this county recently went into the Alliance Grocery store at Alliance to enquire the price of produce. After being told that eggs were worth 10 cents per dozen and butter 12 cents per pound, looked upon the wall and inquired who that picture represented. Mr. Stewart with much emphasis informed him that it was the picture of William McKinley the advanced agent of prosperity, when the farmer remarked that with such prices it would seem that this advanced agent was a head of a long way ahead of his show.

The Bible Institute which is in session here now and conducted by Rev. Frady is well attended, there being an enrollment of fifty. Those assisting Rev. Frady in work of Institute are, Rev. Rominger, of Crawford; Rev. Golden, of Alliance, and Rev. Preston of Hemingford. Rev. Funk acts as chairman and Mr. E. F. Woodruff of Chadron adds a great deal of enthusiasm to the Institute. The lectures given by Rev. Rominger both Wednesday and Thursday evening on Palestine were interesting. A complete report of the proceedings will appear in our next issue.

The Edgemont Express of last week contains a very interesting eight page write up of that enterprising and rapidly growing city and the Black Hills in general. Thirty half tone cuts decorate its pages and typographically it is a beauty. When H. Goddard, the present editor, assumed charge of the Express two years ago it was of small dimensions as was also the town; but Mr. Goddard who has been a resident of the Black Hills for twenty years, foresaw Edgemont's future and set to work to build up the town and now every one can see what has been accomplished. Hon. A. L. Sharrock, the bustling mayor of the city and Mr. Goddard make a very strong team. Edgemont, with her irrigation canal, which furnishes water for irrigating 10,000 acres of land; a large woolen mill, one of the finest grind-stone factories in the world and a \$300,000 smelter, iron works, electric light plant, water works, etc., which are to be put in at once, is destined to become the leading city of the Northwest.

There will be services at the Catholic church on Sunday Jan. 24th, also on Sunday, 31st.

EDITOR HERALD:—Birthday surprise parties are getting to be the social pastime here in Box Butte.

On the evening of January 14th about forty of the friends of Mrs. Ole Gilbert gathered at her residence to celebrate the 46th anniversary of her birth. It was in the form of a surprise. Mr. and Mrs. Gilbert had gone to spend the night with a sick neighbor, but were told they were provided for. On returning home they found their house illuminated and filled with their friends and to say that Mrs. Gilbert was surprised would be mildly express it. An elegant supper was partaken of (as the Box Butte ladies know so well how to provide and serve) and a very nice birthday basket was presented to Mrs. Gilbert. All went home feeling that they had spent a very enjoyable evening and bearing with them expressions of pleasure from Mr. and Mrs. Gilbert in being thus kindly remembered.

Buy This Girl Quick.

I saw in your paper that a 13 year old boy made \$1.25 the first hour he worked selling the Perfection Metal Tip Lampwick. I ordered a sample and went to work and the first week I cleared \$10, the second week I cleared \$15. I expect to run up to \$25 a week in the near future, as the Perfection Metal Tip Lampwick makes such a beautiful white light and does away with smoky chimneys and bad odor and saves oil, it is easy to sell. If you wish to try it send 13 2-cent stamps to Miss A. M. Fritz, Station A, St. Louis, Mo., and she will send you a sample outfit, this is a good way to make money around home.

Cal Wildy says Sweeney is the sheriff and if you don't pay up you will know him better.

Your butter, eggs, cheese and potatoes should always go to the big double store.

Cal Wildy wants dressed poultry every week—sure.

The New Hook Spoons for All.

I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.
Very truly,
JE. S.

Make Your Own Lantern.

Your home is incomplete without it, and the price is within reach of all. I ordered one for my own use—and it was so handy and convenient I went to work taking orders for them and sold 51 in one day making over \$5 clear. It gives a beautiful white light, chimneys never break from heat, it is always clean and ready. Francis Casey, St. Louis, Mo., will send sample for 13 two cent stamps, write for one. I got my start with him.
