MORGAN & WRIGHT TIRES  
ARE GOOD TIRES

Do You Know why  
**TIRES DO NOT WEAR**

As Well as they used to?

It is because they deteriorate so fast when not in use—even faster than they would if used. When tires first came out, they could not be anything but fresh. Now the factories make a tire, and send it to their sales agent, they in time sell it to the jobber, and he to the dealer. By the time it reaches the rider, it is half worn out, although never used. I have just received

25 Pairs of First Quality  
**DOUBLE TUBE**

MORGAN & WRIGHT TIRES,

Direct from the factory. On these tires I have paid no middle men's profits. They will wear like "your first ones did," and will cost you

The Sunday school convention last Saturday night and Sunday afternoon and night at the Presbyterian church was quite well attended and all the sessions were interesting. The session Sunday night was especially interesting. The officers elected for the ensuing year, J. M. Careas, president; H. Lomax, vice-president; Libbie Brenizer, secretary; and W. W. Bishop, treasurer.  
The Burlington system is the latest convert to the advantages of "Pullman color" for the exterior of passenger cars. The four handsome trains just built for its use between Denver and Chicago are finished, not in the light yellow which is so familiar to western travelers, but in a rich shade of olive green. All the cars being of the same color, the new trains present an exceedingly attractive appearance.  
Red Letter Days in Black Hills.  
Hot Springs, Sylvan Lake and Spearfish are three Black Hills summer resorts that are as attractive in their way as any places of their kind in the West. And they are as different as any three places can be.  
Hot Springs is a health resort—a good place to get rid of one's rheumatism and to enjoy life while renewing one's youthful vigor.  
Sylvan Lake is a pretty nook in the heart of the Hills, an easy-going, cool, dreamy spot, where hot weather is unknown.  
Spearfish is a thrifty town of perhaps 1,500 people, not particularly notable except in one respect—the beauty of the railroad ride to it. You should make the trip to realize how fine it is.  
There is nothing more exhilarating, even in the Rockies.  
During July, the Burlington Route will run two cheap excursions to Hot Springs, Custer and Sylvan Lake, one on the 4th, the other on the 18th. One fare, plus \$2, for the round trip. Tickets good 30 days—long enough to enable you to visit every point of interest in the Black Hills, as well as to receive untold benefit from the crisp air and healing waters of this northern sanitarium.  
For tickets call at the nearest Burlington ticket office.  
For beautiful illustrated advertising matter about the Black Hills, write to J. Francis, Passenger Agent, Omaha, Neb.

Burlington Route—California Excursions Cheap; quick; comfortable.  
Leave Omaha 4:35 p. m. Lincoln 6:10 p. m. and Hastings 8:50 p. m. every Thursday, in clean, modern, not crowded tourist sleepers. No transfers; cars run right through to San Francisco and Los Angeles over the Scenic Route—through Denver and Salt Lake City. Cars are carpeted; upholstered in rattan; have spring seats and backs and are provided with curtains, bedding, towels, soap, etc. Uniformed porters and experienced excursion conductors accompany each excursion, relieving passengers of all bother about baggage, pointing out subjects of interest and in many other ways helping to make the overland trip a delightful experience. Second class tickets are honored. Berths \$5.  
For folder giving full information, call at nearest Burlington Route ticket office, or write to J. Francis, general passenger agent Omaha, Neb.

THE INSTITUTE CLOSES.  
The Teachers Institute which has been in session here for the last two weeks closed last night with a meeting at the M. E. Church in which teachers and patrons participated. It was in fact the close of a session which began yesterday morning and which was arranged for members of the school boards, patrons of our public schools and teachers. Nearly every conceivable topic was discussed pertaining to the work and the printed program previously arranged was in the main carried out. This has been a very successful institute; the enrollment reached 228; the largest attendance in the history of the county. Its eminent success is due largely to the untiring efforts of Superintendent Tooley, assisted by Messrs. Sutton, Atkinson, Lewis and Miss Burger; his able corps of instructors, and the hearty co-operation of the teachers in attendance. The meeting yesterday and last night was a fitting climax to a very successful institute.  
CATTLE FOR SALE.—At all times on my ranch six miles southwest of Broken Bow. JESSE GANDY.

Burlington Route—Another Excursion To The Black Hills.  
Date, Tuesday, August 8th. Rate, one fare for the round trip Limit, 30 days from date of sale.  
The summer resorts of Black Hills are filled as never before. Hot Springs and Sylvan Lake are crowded with pleasure seekers. The hotels and sanitariums are doing the biggest business in their history, but there are still room for more. Hot Springs thermal waters have lost none of their old time efficacy is proven by the fact that more people have been cured or benefitted this year than at any time in the past. Remember the date of this low rate excursion Tuesday August 8th. Remember, too, that the Burlington Route runs a through sleeping car to Hot Springs. Get aboard it at Lincoln or any where north of there and go through without change or delay of any kind. J. Francis Passenger Agent, Omaha, Nebraska

The REPUBLICAN was the first to receive the news Sunday morning of the arrival of the Hancock in the San Francisco harbor Saturday night, from our special correspondent F. A. Harrison. In the afternoon of the same day we received a second message containing the glad intelligence that none of company M were seriously sick and that they sent greetings to all at home. On reception of the news flags were swung to the breeze in honor of the occasion and but little else was talked of during the day, but the arrival of Company M on American soil.

J. B. Empfield, our faithful correspondent of Byno, made this office a friendly call Monday. August 1st was Mr. Empfield's sixty-seventh birthday, twelve of which he has passed in Custer county, having come here from Pennsylvania twelve years ago last St. Patrick's Day. His friends tried to persuade him, when he started, that he would not live to see Nebraska, but after twenty years residence here he is in better health than when he came, and if possible is a stronger republican although he dates his abolition views back to when he was eight years old. May he live to enjoy many more birthdays, and see many more republican victories, is our wish.

HUNTERS ATTENTION!—Under the game law the killing of grouse or prairie chickens is prohibited before September 1st, 1899 and is punishable of \$5.00 per bird. As good citizens, we should respect and obey the law and should insist that others do the same. By September 1st, the birds will be old enough to stand some chance for their lives, and thus prevent wholesale slaughter, and then those who wish to hunt can do so legally. Under the law it is made my duty to enforce the game law and I intend as far as possible to do so, and ask and shall hope for the co-operation of all citizens in enforcing the same.

**ON AMERICAN SOIL.**

The Glorious First Nebraska is Safely Landed on American Soil.  
Only Fourteen Sick, and They Not Seriously.

The long prayed for day of the safe arrival of the heroes of Nebraska from Manila has finally been realized. The transport Hancock, which safely carried them over, pulled into harbor at San Francisco Saturday night, at 10:30. When sighted in the harbor Saturday evening, the REPUBLICAN correspondent at San Francisco telegraphed the news to us, it reaching here early Sunday morning. It merely stated "That the Hancock was entering the harbor." But that bit of news caused rejoicing in every loyal heart. At 3:30 p. m. Sunday a second dispatch was received by the REPUBLICAN, stating, "That the Nebraska boys are looking fine; they are in good spirits; no complaining, only fourteen sick, all slight. They send greetings to all at home," signed, "F. A. Harrison." About the same hour, Dr. R. C. Talbot received a telegram from Capt. V. C. Talbot, conveying the news that he was well, that none of Company M were seriously sick, and that his brother, W. E. Talbot, had remained in Manila. Not being satisfied with the meager news received, Major Skelton telegraphed to Capt. Wilson inquiring about his son Ray. Monday morning early he received a telegram from Capt. Wilson, stating that Ray was well, but Browning, Shultz, Williams, Forsythe and Steers were in the hospital." W. H. Osborne also received a telegram from his son, Lieut. W. H. Osborne, announcing the arrival of the First Nebraska, stating that Stewart Lanterman was left at Manila with a fever.

Thus was our community generally well informed of the arrival and condition of the boys several hours before any information could be obtained from the state dailies. The reception given the Nebraska boys when they landed at San Francisco is reported as having been a grand affair, and highly fitting in honor of the great record the boys have made for themselves and their country. They were not permitted to go ashore until Monday, and it was then the great demonstration took place. The date for mustering out the First Nebraska has been fixed for August 23d. They will not be able to get home before the 27th or 28th, which will necessarily put off their reception a week later than was planned. John Perrin, of Sargent, it is reported, is among the number who stayed.
