**A CHILD'S
DISPOSITION**
May be ruined through existing defects in
eyesight. Child ren are often called stun-
nid and dull by teachers and parents,
through no fault of their own.
Perhaps born through a defect in sight,
they know of no different world than that
which they see through defective eyes.
Better be over cautious about having
your child's eyes examined, than to take
too much responsibility into your own
hands.
EXAMINATION FREE.

Mr. Stevens, of Miller, made this
office a social call Monday. He in-
formed us that J. A. Field is an
applicant for the postoffice at
Miller, which is soon to be vacated
by the present incumbent resigning.
The REPUBLICAN, with Mr. Field's
many friends of this city, hope that
he may secure the appointment, as
he is both worthy and competent.

The Manila relic department in
charge of W. D. Grant at the
county fair is proving one of the
most interesting features in the
floral hall. The school exhibit is
very creditable but the lack of
room for that class of work hinders
greatly in making a good display.
S. K. Haines has charge of the
agricultural hall. He has a fine
display of corn, potatoes, grasses
and small grains.

The contracting parties are both
residents of this city, and are re-
garded as among the most highly
respected young people of the com-
munity. The groom is a graduate
of the Broken Bow high schools,
and for several years has been a
clerk in the dry goods and clothing
establishment of Wilson & Drake,
of this city. He had his house
ready, and furnished for occupancy,
and they commenced house-keeping
at once. The REPUBLICAN joins
with their many friends in wishing
them a long, prosperous and happy
life.

W. W. Cowles and wife and Mrs.
A. F. Ingraham returned last Friday
evening from their visit of several
months east. Mr. Cowles says the
evidences of prosperity in the east-
ern states is very manifest on every
hand. He traveled in Illinois, Penn-
sylvania, Ohio, Virginia, Indiana
and Iowa, and said that on all roads
in every state the trains were crowd-
ed all the time. The demand for
laborers is great everywhere he vis-
ited. In Peoria, Illinois, not less
than a thousand more men could
find employment if they could be
had. In speaking of the railroads,
he says he found none on his trip
better equipped, or trainmen more
accommodating and painstaking
than on the B. & M.
