## THE CAPE COLONY DUTCH RISING

They Make Common Cause With Their Hardy Brethren in the Transvaal-Gen. White's Force is Still Shut Up Tightly at Ladysmith-Town is Complotely Invested.

LONDON, Nov. 3 .- (New York World Cablegram.'-The South African situation is again causing the deepest alarm. The stlence of the war office, which received today several dispatches from Capetown and Durban, the holding back of the list of casualties at Ladysmith and finally the announcement of the mobilization of the second army corps, the tenth of this month, all combine to show that the position of British power in South Africa is one of the greatest peril. The reported mobilization of the army corps is not officially confirmed, but is corroborated from Aldershot, where arrangements are actually in progress for the operation.

Your correspondent learns that the Dutch are rising in northern Capetown, and the revolt has assumed menacing proportions, owing to Boer successes, while native unrest all along the Transvaal and Orange Free State borders has become most menacing. The natives cannot be relied on by either side, but will probably fight for their own hand with sedition spreading among the Cape and Natal Dutch. The natives are only waiting to jump in on their own account. White's force is still beleagured at Ladysmith. This war has suddenly become the most momentous in which England has engaged in since the American revolu-

General Joubert's movement to cut off White from Colenso is being carried out and it is regarded as quite probable that Maritzburg, the capital of Natal, will fall into his hands before Buller and his reinforcements arrive.

Mr. Chamberlain, who had proposed to take his ease at his country seat near Birmingham while the Transvael was being conquered, has found it necessary to come to town and is in constant communication with Milner. Lord Lonsdale proposes to take out to South Africa 208 men of the Westmoreland and Cumberland yeomanry, of which he is colonel, also three Maxims and two fully equipped ambulance corps. He will place himself in the hands of the war office authorities, to whom he will make his offer almost immediately.

The Daily Mail correspondent at Pietermaritzburg, October 31, says: "It is reported that the Boer force from Koomatiport with guns is making its visit each magisterial district and hoist the Transvaal flag in it. The force is expected to reach Mavuna on Saturday. The authorities are entirely on the alert."

The Morning Leader's special from Ladysmith, October 31, 4:05 p. m., says: I have just been out to the spot where the Gloucestershires and Irish Fusileers were engaged yesterday. I found the Boers in possession and was accorded safe conduct over the field. The engagement took place on the top of a high mountain, where our infantry had thrown up entrenchments. The mule battery had stampeded earlier, while the Boers were engaging the Fusileers and the Gloucestershires from the hills facing the precipitous front of the mountain on which our men were entrenched. Another party of the enemy crept up a gentler slope of the same eminence and thus our men were virtually encircled. They surrendered at 2 p. m., after seven nours' continuous fighting. counted over twenty of ous fighting. I counted over twenty of which forms the summit of the hill. Quite a hundred wounded were collected during the morning. Eight hundred and seventy British prisoners were sent to Pretoria."

# ADVISES GERMANS TO PATIENCE.

Berlin Paper Says Samoa is Certain to Be Given Up. BERLIN, Nov. 3.-The Vossiche

Zeitung says:

"We learn from a well informed source that the Samona negotiations for a definitive settlement are drawing to a close. Germany has made strennous efforts to secure the main island, but the hopes for success are very slight. Germans must learn to reconcile themselves to the idea that it is impossible to keep Samoa. If Great Britain cedes the Gilbert and Solomon islands in compensation, the whole Micronesian group, except Guam, will be German, and the New Guinea protectorate, by the addition of this group, would become a valuable

possession which could not be ex-

AMES, Ia., Nov. 3 .- Word has reached here of a disastrous fire which raged in the southern part of the county all day Monday. The fire originated in a meadow on the farm of Van Young, and spread rapidly to the timber, in which it consumed over 200 cords of wood. The fire was communicated to a neighboring cornfield, in which it consumed about fifteen acres saved.

Mexico-China Treaty.

WASHINGTON, D. C., Nov. 3 .- For some time negotiations have been in progress in Washington toward establishing treaty relations between China and Mexico. The negotiations Aspirox of Mexico and Minister Wil Ting Fang of China and are now so the University club. far along that the signing of the instrument is expected to occur early next week. Aside from its importance oted between the two countries, its to each of the contracting parties. | war.

## **BUILD TRENCHES IN PANAY.**

Filipines Actively at Work on Fortifica-

tions Near Itello. MANILA, Nov. 3.-Lieutenant Slaven of General MacArthur's staff reconnoitering with eighteen men in front of Angeles, discovered a Filipino outpost in a trench. The Fillpiness numbered about forty. As the Filipinos had sighted the Americans Lieutenart Slaven's only course was to charge and his party rushed to the trench, shooting and yelling. They killed three of the insurgents and wounded several, who, however, succeeded in escaping. Not one of the Americans was hit. The lieutenant secured valuable information about the enemy's position.

The feeling of disquiet aroused at Hoilo by the arrest of Santiago, a wealthy Filipino, who has been charged with forming a revolutionary junta, has subsided. The Filipinos inside the lines were heard chanting the death song at night, with the refrain, "The Americans sleep." A provost marshal's force surrounded the quarter and drove the suspicious looking natives outside the line.

Americans of Iloilo and adjoining towns of Jaro and Molo, consist of the Eighteenth and Twenty-sixth regiments, a detachment of the Sixth regiment, and a battery of the Sixth artillery. The Filipino force is supposed to be between 500 and 5,000 and many men unarmed. Their lines are about 900 yards from Jaro, which is occupied by the Twenty-sixth regiment. The insurgents are supposed to have five smooth-bore cannon. For a long time past they have been building trenches between Jaro and their stronghold, Santa Barbara, eight miles north.

Aguinaldo has issued a proclamation announcing that the American congress will meet in December to decide whether "the imperialistic policy" and "this bloody work are to be continued." He exhorts his soldiers to conduct themselves so that congress will consider them worthy of independence, and asks the priests to avoid politics.

A crisis in the Filipino cabinet is predicted as the result of the resignations of Paterno and Nuencamino, two Filipino leaders, who have lost the confidence of the revolutionists.

# FIFTEEN HUNDRED DEWEYS.

All Members of Dewey Family Will Hold

Reunion. TACOMA, Wash., Nov. 3.-A. M. Dewey, special agent of the government department of labor, announced here today that all members of the Dewey family related to Admiral Dewey would hold a reunion at the Waldorf-Astoria hotel in New York in January or February.

Dewey, who is a cousin of the admtral, has been one of the prime movers in the plan for a reunion. He says acceptances have been received from all parts of the country, indicating that 1,500 Deweys will gather in New York to meet the admiral and his bride. Over 100 Deweys from the way through Zululand. It intends to Pacific coast will be present, including Dr. Dewey of this city. Admiral Dewey has been requested to fix the date of this reunion.

Negro Exhibit at Paris. WASHINGTON, D. C., Nov. 3 .- Mr. Ferdinand W. Peck, the commissioner general of the United States to the Paris exposition, has had under consideration for some time the cuestion of a negro educational exhibit at the exposition. After consultation with the president today, Mr. Peck announced that he had decided to provide for the exhibit, and had appointed Thomas J. Calloway, a well known colored educationalist, to have direction of it. The Hampton and Tuskegee institutes and the Fisk and Vanderbilt universities will be represented in the exhibit, as well as prominent colored schools generally.

Bureau Will Care for Colonies.

WASHINGTON, Nov. 3.-It has practically been decided that a colonial bureau will be established to take directly in charge all matters pertaining to the outlying dependencies of the United States. The office will be a burean of the war department and not a separate department, as has been suggested, and the matter has so far advanced that the selection of a chief of the bureau is now under consideration.

Big Corner in Broom Corn. CHICAGO, Nov. 3.-The corner in broom corn, which has recently more than doubled the price of that commodity, was, it was learned today, engineered by W. L. Rosenboom and A. J. Klein, dealers in this city. They control 2,000 out of a possible 2,400 tons, worth about \$1,200,000 and expect to realize \$1,000,000 profit on the

Will Expel Senator Mason.

CHICAGO, Nov. 3.—The political action committee of the Tippecanoe club, strong republican organization, has decided to expel United States Senator Mason from its membership. The action was taken on account of Senator Mason's opposition to the policy of the national administration in the Philippines.

Cuban War Claims Filed. WASHINGTON, Nov. 3 .- Prof. A. V.

Quesada has filed with the State department a claim for loss of property in Cuba during the war with Spain. He was informed by the secretary of the state that all claims of this charof shocked corn. By backfiring all the acter, amounting to about \$30,000,000, homes in the track of the fire were | would be referred to congress for action.

Memorial to Harvard Men.

CAMBRIDGE, Mass., Nov. 3.-Major Henry Lee Higgenson of the class of '65, who gave Soldiers' field to Harvard university, has given \$150,000 to be have been carried on by Ambassador used for the erection and equipment of a building suitable for the uses of

The corporation in turn offers the Warren property at the corner of Harvard and Quincy streets for the site being the first treaty ever negoti- of the building. If the building is erected it will be as a memorial to the terms are such as to yield large bens- Harvard men who fell in the Spanish

#### AS TO NEBRASKA BANKS.

Secretary Hall's Report Shows They Ar

in Excellent Shape. LINCOLN, Neb., Nov. 6.- The annual report of Secretary Hall of the State Banking Board has been received from the printers. The report shows that the number of banks transacting business under state jurisdiction at the close of the period covered by the report was 393, with a total paid-up capital of \$7,532,023.70. Of this number 314 were incorporated banks, sixty-nine were private banks and ten were savings banks.

The report covers the period from December 1, 1897, to November 30. 1898.

"I can safely make the assertion that never in the history of Nebraska were her banks in as solvent a condition as today," are the words of Secretary Hall in opening the report. Since the expiration of the time covered by the report the condition of the banks has improved and is now even better than then."

Exposition County Collective Exhibits. OMAHA, Nov. 6 .- A revision of the award or cash premiums in the county collective exhibit in agricultural building at the exposition has changed the position somewhat in the standing of the several countles as reported when the judges finished scoring the exhib-

This change has been brought about by a committee made by the exhibitors in the settlement of what the counties were entitled to for continuous display. Some counties put in their exhibits when the exposition opened July 1, while others came it later, varying in dates from the opening of the exposition to the later part of September. This was arranged by the exhibition

to apply as follows: "All counties appearing at the exposition in June and setting up an exhibit we allow an additional score of twenty points above what the judges may award in the score of the exhibits; this for continuous exhibit. Also to the counties appearing in July we allow a credit of ten points, and to counties in August a score of five points."

The proposition to harmonize the interests of the exhibitors, as to advantage claimed by time of putting up exhibits was adopted by the exhibitors and brings the standing as follows, for

settlement with the exposition: Pork county, Ia., 2,095 points, \$1,000; Delaware county, la., 2,030 points, \$700; Lancaster county, Neb., 2,020 points. \$700; Dubuque county, la., 2,015 points, \$700; Cuming county, Neb., 1,986 points, \$600; Dawson county, Neb., 1,-963 points, \$600; Lyon county, Kan., 1,945 points, \$600; Washington county, Neb., 1,945 points, \$600; Boone county, Neb, 1,887 points, \$600; Linn county, Kas., 1,856 points, \$500; Thurston county, Neb., 1,751 points, \$500; Thomas county, Neb., 1,627 points, \$500.

Besieged by Coal Dealers. OMAHA, Neb., Nov. 6 .- Anticipating the rise in freight rates on coal from Chicago and the Mississippi river gateways November 15, coal dealers have been besieging the freight departments of the various railroads operating between Omaha and the east seeking early delivery of advance orders. The freight officials have not, however, been able to meet the demands for the reason that the coal traffic has been affected like all other branches of business owing to the car famine. Still they have moved the coal almost as rapidly a; the miners have been able to deliver it. For various reasons,, the principal one being the exceptionally large stocks which coal merchants have been laying in, the miners have found themselves unable to supply the demand anywhere near as rapidly as the dealers would desire. The coal situation has also become somewhat complicated owing to the strikes in the Kansas coal mines, resulting in the supply from that quarter being cut off and necessitating the patrons of the Kansas mines to look to the eastern miners for their coal.

Work of the Wreckers.

OMAHA, Nov. 6.-A carload of tools and wrecking machinery has come in from Chicago and is being unloaded on the exposition grounds. Work will begin early this week tearing down the buildings. Already 200 men have been put to work and at least 300 additional are to be given something to do during the next ten days. The furniture is all out of the buildings, the press building being empty and the telegraph offices closed. The furniture is stored in the transportation building, where an auction will be had within a month. The public comfort building, the Nebraska building and every other building has been emptied. All will be ready for the wrecker by Monday or Tuesday

New Elevator For Fremont.

FREMONT, Neb., Nov. 6.-The Omaha Elevator company is erecting a large elevator on the site of the one recently destroyed by fire near the Union Pacific tracks on Main street. The building will be 28x31 feet in size, with a driveway at the side, and will have eleven bins of a capacity of 20,-000 bushels. A brick office, engine room and scale house, 14x24, will front on Main street.

Dropped Dead at Moulton.

MOULTON, Nov. 6.-Mrs. A M. Stanley dropped dead Wednesday from the effects of heart trouble. Mrs. Stanley was the widow of the late A. M. Stanley, engineer on the Chicago, Burlington & Kansas City railway, who, more than a year ago, was fatally scalded by his engine turning over near Cincinnati, Ia.

No Money in Sight.

OMAHA, Nov. 6.-The financial conditions of the exposition association remain unchanged. No claims have been paid and the employees are still clamoring for their money. A large delegation of the men had arranged to meet at the Service building this morning and make a formal demand upon the members of the executive committee. However, only a few appeared and they did not find the parties they sought. The plan at this time is to assign all the labor claims to one man and then let him bring such and took charge of him. suit as may seem proper.

# CROWD OF CREDITORS

Trouble of the Exposition Managers Only Just Begun.

## SCORES OF SUITS ARE BROUGHT.

Wrecking Company Enjoined From Tearing Down the Buildings-Report of the Secretaries of the State Board of Health Made Public-Miscellaneous Nebraska Matters.

Exposition Aftermath.

OMAHA, Neb., Nev. 4.-The grounds of the Greater America exposition exhibit more activity now than during many of the days when the show was in full blast. All the gates with the exception of those on Manderson street have been closed against pedestrians. These however, are doing a good business, as through them pass all employes, the visitors and those parties who have claims which they seek to press against the exposition association. The number of creditors seems to be legion and they appear to be on the increase.

While an official statement has not been given out it is said that the unsecured debts of the exposition will aggregate about \$98,000. Of this sum, it is stated that about \$50,000 is due laborers and for material for the month of October. Scores of suits have been commenced, and more are being brought each day, nearly all of which are accompanied by injunction proceedings to restrain the Chicago Wrecking company from tearing down the main buildings which it purchased and on which it has made a partial

payment. The guards and gatemen are the latest to consider the bringing of suits to recover their wages. A plan is under consideration by them now, and if it matures a meeting of all of these creditors will be called within a day or two. The plan is to assign all the claims to one man and then let him bring his action in district court, at the same time attaching everything in sight, supplementing this with an injunction to prevent the wrecking company from tearing down or removing any of the buildings which it purchased from the exposition.

Board of Health Reports.

LINCOLN, Neb., Nov. 4.-The secretaries of the state board of health filed a report with the state board recommending that the certificate of Dr. Oren Oneal be revoked on the ground of unprofessional and dishonorable conduct. No action was taken by the board of health. The secretaries also rejected the application of Dr. B. W. Drasky of Brainard for a certificate on the ground that he had not complied with the Nebraska statute which requires a four years' course in collebefore a certificate can be issued to a

The secretaries were made the defendants in the matter of a restraining order secured by Dr. Benjamin F. Tolson of Omaha, who is connected with a magnetic healing institution in that city and who does not want the secretaries to hear certain charges against him. A temporary restraining order was issued by Judge Holmes and he will hear the case November 6.

Dr. Oneal had refused to appear befor the secretaries to show cause why his certificate should not be revoked, He contended that the secretaries had no jurisdiction and it was intimated by him that he would appear before the board proper when the secretaries filed their findings and recommendations.

Murdered For Money.

CALLAWAY, Neb., Nov. 3.-Arthur Bird, a brother of Ted Bird, who is a highly esteemed and successful merchant of this place, was waylaid and murdered in Oklahoma territory. The news has caused much distress in the Bird family, as they were always much attached to their brother. Arthur Bird the victim, was a traveling collector for some firm in the territory, and ofttimes had from fifteen hundred to two thousand dollars on his person; in fact at this time he had over two thousand dollars on his person which had been taken when found, establishing to a certainty that he was murdered for his money. Arthur Bird is a member of the Masonic and K. of P. lodges and reports received from his home say that the two lodges will leave no stone unturned towards runing down the guilty parties.

Highwayman in a Hotel Yard. RUSHVILLE, Neb., Nov. 4 .- Shortly after the arrival of the passenger train at work taking down the truss bridge a daring robbery was committed here. W. E. Kimball, a commercial traveler, had alighted from the train and gone to a local hotel. Instead of going to bed at once he had occasion to go to the yard, where he was atacked by some one who struck him two violent blows with a blunt instrument, knocking him down. Kimball was robbed of about \$50 in bills and silver. Mr. Kimball remained unconscious for nearly half an hour, when the landlord went in search of him. No clew was left by the robber, though every effort was made to discover his whereabouts.

Committed Suicide.

FORT MADISON In., Nov. 4.-Robt. Hoffman, son of Mrs. Katherine Hoffman, died at the residence just north of the city limits Monday afternoon from the effects of a dose of paris green, taken with suicidal intent.

Young Man Becomes Insane.

TECUMSEH, Neb., Nov. 4.-Philip Strohaus, a young Polander, was taken to the insane asylum at Lincoln. Strohaus has been laboring with many strange hallucinations of late notably among others that he believed he had been commissioned by Christ to take the life of Rev. Frederic Sperlien, pastor of the Catholic church here, as that gentleman was not preaching the Catholic doctrine correctly. The authorities considered him a dangerous man

#### DEATH OF ALVIN SAUNDERS.

OMAHA, Neb., Nov. 3 .- Ex-Governor

The Governor of Nebraska in Territorial Days Passes Away.

Alvin Saunders died at his home in this city at the age of 85 years. He passed away easy and naturally and his death seemed to the members of the family gathered around the bedside as though he had merely gone from perfect consciousness into a gentle sleep. His end has been expected almost hourly for the last ten days. His strength first began failing about six months ago, when his heart showed signs of giving out, and the members of the family knew that his death could not be long delayed. Governor Saunders was appointed by President Lincoln territorial governor of Nebraska March 26, 1861. At that time the exigencies of the civil war and the hostility of some of the Indian tribes on the borders of the territory made the office of governor one of exceptional responsibility. When most of the able-bodied men of the territory were in the union army the Indians desolated the frontier and massacred men, women and children. Governor Saunders promptly issued a proclamation calling for volunteers to protect the frontier and his energetic measures were cheerfully supported. The difficulty was emphasized by the fact that there were no funds in the territorial treasury. but all the difficulties were overcome and the savages were effectually repulsed. Governor Saunders was one of the

earliest and most enthusiastic advocates of a trans-continental railway and in his first message to the territorial legislature in 1861, he said: "A mere glance at the map of the country will convince every intelligent mind that the great Platte valley, which passes through the heart and runs nearly through the entire length of Nebraska, is to become the route of the great central railway that is to connect the Atlantic with the Pacific states and territories."

Finances of Exposition. OMAHA, Neb., Nov. 3.-The World-Herald says of the late exposition: It

is impossible to state the exact total

receipts. The paid stock was \$89,300; sale of buildings and material about \$50,000; water plant, \$18,000; concessions, about \$70,000; admissions, something over \$130,000, making a total of something less than \$420,000 as received by the management. Of this amount \$420,000 has been paid out for labor, music, freight, improvements on grounds and buildings, amusement features, advertising, fuel, lumber, salaries, printing and so forth. At the opening of the gates the corporation was in debt something like \$60,000, this being borrowed money and salaries then due. At the time of the reorganization, a month later, the situation was very little, if any, better. The new management, by hard work, was able to secure loans to the amount of about \$40,000 within ten days after taking control, and the work of keeping the enterprise affoat has been one of struggle and difficulty-the hand-to-moutn policy prevailing in every department. The gates closed with a debt due of something in excess of \$130,000, not counting the \$89,300 capital stock paid up. No statement of the real condition has been made public for six weeks or more. No one knows the exact financial situation, except the management and a few individuals. From different and various sources, however, some re liable figures have been obtained. The bills due at this time and unpaid are: Lumber, Cady Lumber company, \$3,-500; other lumber dealers, \$1,000; paint, lime and material used in repairs about buildings, about \$2,000; printing and advertising, \$5,000; labor to date, \$12,000 or \$13,000; coal, one firm, \$4,500; another firm, \$600; dians, salary for September, \$1,000; meat and provisions for Indians and hospital, \$600 or \$700; Thomson-Houston Light company, \$10,000; balance on rent on six boilers, \$1,000; use of brick about Grand Court, \$1,200; rent on dynamos, \$3,500 or \$4,000; salary to county exhibitors, \$1,000 or \$1,200; premiums awarded agricultural exhibit, \$15,000 or \$18,000; borrowed money. \$25,000; miscellaneous debts, \$8,000, making a total of \$96,600. These figures are approximately correct, but if wrong in any direction they are too low, rather than too high. Interested ones say that the total debt account will run \$8,000 or \$10,000 above these

figures. Other details will bring the total figures several additional thousand dollars, which will make the money neces-Evry at this time to close the snow free of debt at least \$125,000 or \$130,000, added to which is the capital stock, making a total of \$210,000.

Go Down With the Bridge.

NEBRASKA CITY, Neb., Nov. 3,-While Contractor John Whalen with his son and William E. Schmidt were across South Table creek, in this city preparatory to putting in a new steel bridge, the whole structure gave way and went down into the bed of the creek, some twenty-five feet below. The three men went down with the bridge. Mr. Schmidt was cut on the leg and head and had a sprained ankle. Mr. Whalen was injured some internally, but not dangerously, and the son suffered a slight wrench of the hip. How the men escaped more serious injury in a mystery. The contractor had been warned that it was dangerous to attempt taking the bridge down in this manner, but did not heed the warning.

Old Resident Killed by Fall.

HASTINGS, Neb., Nov. 3.—News was received here of the death at Lincoln of Mrs. Mary Stevens from injuries received by falling down a stairway. Mrs. Stevens is well known in Hastings, having resided here for many years, and is the mother of Attorney J. C. Stevens of this city. Mr. Stevens went to Lincoln on the early morning train, but did not arrive until after his mother's death. The body was brought to Hastings for interment.

A recapitulation of the casualties in actions and deaths in the regular and volunteer armies, between May 1, 1898, and June 30, 1899, contained in the annual report of the adjutant general of the army shows a grand total of 10,076 men. The casualty list alone aggregates 3,454, of whom thirty-five officers and 458 enlisted men were killed and 197 officers and 2,764 enlisted men wounded. The death list, numbering 6,619, was made up of 224 officers and 6,395 enlisted men. Of this total but thirty-eight officers and 458 enlisted men were killed, the remainder of the deaths resulting from various causes.
