My Hair Was Coming Out

"About a year ago my hair was coming out very fast. I bought a bottle of Ayer's Hair Vigor to stop this. It not only stopped the falling, but also made my hair grow very rapidly, until now it is 45 inches in length and very thick."—Mrs. A. Boydston, Atchison, Kans., July 25, 1899.

It Feeds the Hair

Have you ever thought why your hair is falling out? It is because you are starving your hair. If this starvation continues your hair will continue to fall. There is one good hair food. It is Ayer's Hair Vigor. It goes right to the roots of the hair and gives them just the food that they need. The hair stops falling, becomes healthy, and grows thick and long. Ayer's Hair Vigor will do another thing, also: it always restores color to faded or gray hair. \$1.00 a bottle. All druggists.

Write the Doctor
If you do not obtain all the benefits you desire from the use of the Vigor, write the doctor about it. He will tell you just the right thing to do, and will send you his book on the Hair and Scalp if you request it. Address: Dr. J. C. Ayer, Lowell, Mass.

FLOGGING IN BRITISH NAVY.

Still in Practice, as the Following Account Shows.

On Sept. 23 Thomas McGeehan, late second-class leading stoker of her majesty's ship Doris, was flogged at Simon's Town for the offense of malingering, says London Truth. The report of the circumstances, which appeared in the Western Morning News of Oct. 24, is not very lucid, but I gather from it that the malingering took place while the man was undergoing a sentence of imprisonment on the Penelope for striking a chief stoker. A "medical survey" was first held on the accused, which presumably resulted in a finding that he had been shamming sickness. On this a board of three officers sentenced the man to eighteen lashes. "After receiving eleven lashes," said the report, "the prisoner became insensible, and the medical officer present (the staff surgeon of the Monarch) stopped the cruel proceeding, and the wretched man was borne bleeding and senseless to his cell." There does not appear, therefore, to be any suggestion that he was malingering this time. The Western Morning News, in chronicling this incident, expresses the hope that it may lead to a renewed agitation for the abolition of flogging in the navy. I can hardly conceive it possible that any one possessed of ordinary human feeling will fail to join us in this hope. As to the desirability of corporal punishment, whether in the navy or elsewhere, for certain peculiarly brutal classes of crime, opinion may differ. But the idea of flogging a man senseless for such a trumpery offense as that of pretended sickness to evade prison discipline is revolting in the most elementary feelings of justice and humanity. The reader will note that this poor wretch was sentenced (by three officers commanding her majesty's ships, and with the approval of the commander-in-chief of the station) to receive eighteen lashes, and what that punishment would have meant, had it been carried out, may be judged from the fact that the man had become senseless from pain and a medical officer had to interfere before two-thirds of the sentence had been executed. Such a result, considered in conjunction with the paltry character of the "crime" for which this murderous penalty was imposed, should convince any one of the utter unfitness of many of our naval officers to be intrusted with such powers over their subordinates.

Deep Water Ports.
The growing interest in deep water seaports and cheap transportation by water, gives added importance to the building up of the city of La Porte, Texas. The high, dry ground of La Porte is in direct contrast with the greater portion of the Mexican Gulf Coast. Malaria, and fevers are unknown. La Porte is to be formally "opened" and introduced to the public January 14 to 17, when it is expected a great crowd of Northern and Texas people will be on hand to inspect the much talked of new seaport of the Gulf. So great is the interest shown that the American Land Co., 188 Madison St., Chicago, acting as Northern Manager, is deluged with letters of inquiry.

GAVE BOY A TONIC CAPSULE.

Reward for the Honesty and Check of a Zealous Bellboy.

From the New Orleans Times-Democrat: A well-known drug drummer, who is paying his regular holiday visit to New Orleans, took the train last Monday evening for a little side trip to Baton Rouge and in the hurry of his departure left a handsome bone-handled umbrella hanging on a hook in the lobby of the hotel. It was a tempting prize, but probably every kleptomaniac who saw it supposed the owner was seated near at hand. At any rate, it remained undisturbed and was still there yesterday when the drummer returned. "By the way," he remarked, after he exchanged greetings with the clerk, "I've managed somehow to lose my new bone-handled umbrella. Have any of you seen such a thing lying around the office?" A quick-witted bellboy heard the question and, glancing around, saw the missing article hanging within a foot of his head. Supposing it had been there for only a few moments, he promptly grasped the ferrule. "Is this the one?" he inquired. "Yes!" exclaimed the traveler, delighted, "and I must say I'm surprised nobody has nipped it!" "Aw, they couldn't do that," replied the bell boy. "I've been holdin' on to it fer y' ever since y' hung it up." The drug drummer stopped with his hand half way down his pocket and a whimsical smile overspread his countenance. "Well," he said slowly, "I was intending to give you half a dollar, but if you've been holding that umbrella for three consecutive days you're more in need of a tonic. Here is a capsule of quinine and iron." The gloom which settled down upon the bell boy might have been hewn with an ax.

Ostrich Spoiled His Speech.

Anybody who heard Senator Allen of Nebraska, deliver his famous fifteen-hour speech against the bill for the repeal of the Sherman silver bill would hardly believe that anything could stump him. Yet there is an experience in the senator's life which shows that, after all, he is like unto other mortals, says the Washington Post. "I was campaigning in my state once," said the senator, "when I had occasion to speak at a fair grounds. The grand stand was full, and the occasion seemed to be full of promise for an orator overflowing as I was with political gospel. Just as I had commenced a man brought out an ostrich hitched to a sulky. I don't know whether you ever saw the trotting ostrich in the east, but out west he was a great attraction. Well, as soon as that bird began to run around the track I wasn't in it. The ostrich monopolized the attention of every man, woman and child. When the bird stopped the people listened to me, but when he threw out his long legs again there was a roar of laughter and applause which drowned every word I uttered. Finally, I gave it up. I let the trotting ostrich have everything his own way."

Wild With ECZEMA

Hands and Limbs Covered with Blisters and Great Red Blotches. Scratched Until Almost Wild. Burned Like Fire. Sleep Impossible. CUTICURA Remedies Bring Speedy Relief and a Permanent Cure at a Cost of Only \$2.

I was a sufferer for eight years from that most distressing of all diseases, Eczema. I tried some of the best physicians in the country, but they did me little good. The palms of my hands were covered and would become inflamed; little white blisters at first would appear, then they would peel off, leaving a red, smooth surface which would burn like fire and itch; well, there is no name for it. On the inside of the upper part of both my limbs great red blotches, not unlike hives, would appear, and as soon as I became warm the burning and itching would begin. Night after night I would lie awake all night and scratch and almost go wild. I heard of CUTICURA REMEDIES, got them and gave them a thorough trial, and after a few applications I noticed the redness and inflammation disappear. Before I had used one box there was not a sign of Eczema left. I can truthfully assert that \$2.00 worth of CUTICURA REMEDIES cured me. There has been no sign of its return anywhere upon my body since I wrote you I was cured, nearly four years ago. Hardly a month passes but what I receive a letter or some one calls and wishes to know how I got cured, if I had Eczema bad, and if the cure has been permanent, etc., etc. I always take pleasure in enlightening them the best I can.

JOHN D. PORTE, Pittsburg, March 1, 1899.
OF JOHN D. PORTE & Co., Real Estate and Insurance, 428 Fourth Avenue, Pittsburg, Pa.

The agonizing itching and burning of the skin, as in eczema, the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, letter, and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That

Cuticura

Remedies are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cure and humor remedies of the civilized world. The treatment is simple, direct, agreeable, and economical, and is adapted to the youngest infant as well as adults of every age. Bathe the affected parts with hot water and CUTICURA SOAP to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply CUTICURA Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal, and lastly take CUTICURA RESOLVENT to cool and cleanse the blood. This sweet and wholesome treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humors of the skin, scalp, and blood, and points to a speedy, permanent, and economical cure when all other remedies and even the best physicians fail. CUTICURA THE BEST, price \$1.25; or, CUTICURA SOAP, 25c. CUTICURA OINTMENT, 50c. CUTICURA RESOLVENT, 50c., sold throughout the world. "How to Cure Eczema," free of the Sole Props., POTTER DRUG AND CHEM. CORP., Boston, Mass.

MILLIONS OF MOTHERS

Use CUTICURA Soap exclusively for baby's skin, scalp, and hair. It is not only the purest, sweetest, and most refreshing of nursery soaps, but it contains delicate emollient properties, obtained from CUTICURA, the great skin cure, which preserve, purify, and beautify the skin, scalp, and hair, and prevent simple skin blemishes from becoming serious. For distressing heat rashes, chafings, inflammations, and eruptions, for cracked, itching irritations of the scalp, with dry, thin, and falling hair, for red, rough hands, and shapeless nails, and simple infantile humors, it is absolutely indispensable.
