

WITHDRAWAL OF GUNS

Ports at Pretoria Dismantled by Boers and Big Ordnances Hidden.

PROBABLE EVACUATION OF CAPITAL

Boers Said to Be Very Much Disconcerted Over the Situation—More Talk of Dismantling the Big Mines—Relief of Boer-occupied Town of Mafeking is Still Weeks Off.

LONDON, April 20.—A dispatch to the Daily News from Capetown says: "The Boers just arrived from the Transvaal assure me that not a single gun has been withdrawn from the Pretoria forts."

A message, dated Bloemfontein, April 19, 10:55 a. m., and bearing the signature of the Boer Press Censor, Bloemfontein, says: "The Boers are in an exchange of shots with the British at DeWetsdorp, where the Boers are said to be concentrating their forces. The withdrawal from Wepener is nothing else to indicate that the investment of Wepener has been abandoned by the Boers. Notwithstanding the rain, however, the British have made some progress, as DeWetsdorp has been occupied by them, probably by the advance of General Ruddle's division. DeWetsdorp is about twenty-four miles from Wepener."

An obscure message from Alwal North, dated April 19, says General Brabant has arrived there, but whether he returned alone or with his troops is not clear. Boer reports from Alwal North aver that from 8,000 to 10,000 Boers are at Wepener.

Extended reports of the Bloemfontein concern for the benefit of the widows and orphans have been cabled. No less than seven separate accounts have been published in London today. The concert, the weather and the bare statement that Lord Roberts is ready to move are about the only things that the censor has allowed to pass, and the correspondent who announces that Lord Roberts is ready to move does not specify the direction in which he is going.

A cablegram regarding the rains, dated Bloemfontein, April 19, says: "During the last ten days there has been constant rain and an enormous quantity of water has fallen. These conditions, although extremely uncomfortable, have had their advantages, for every dam in the country around about is filled and the question of water, which hitherto during the march of the army has been one of great difficulty, is now practically solved. The troops will be able to move in any direction with a certainty of finding a sufficiency of water."

The whole regular and volunteer drafts have arrived. General Hunter, from Natal, commanding the newly-formed division, arrived at Bloemfontein yesterday (Thursday) and left immediately after conferring with Lord Roberts. To what point he went is not mentioned, but it is expected he will operate west of Bloemfontein.

The lady's correspondent of the Daily Mail, in a dispatch dated Wednesday, says: "The news of the nature of the dispatch of Lord Roberts to the war office regarding the Spionkop operations has created much comment locally, but no resignations are mentioned."

The Bloemfontein correspondent of the Chronicle says: "The requisite reports have arrived and all the infantry divisions are now supplied with tents. The Boers in the immediate neighborhood are quiet, but both sides are steadily preparing for the coming struggle. Lord Roberts is now ready."

Several lots of concealed arms and ammunition have been discovered here this week. The epidemic of enteric fever is abating.

A dispatch to the Morning Post from Kimberley, dated Wednesday, says: "Lord Methuen has issued a proclamation forbidding civilians to carry arms without military permits and ordering rebels to surrender all serviceable modern arms by May 6."

REBUILDING OF DAWSON

Is Very Unsubstantial—Rush to Cape Nome Begins Early.

WASHINGTON, April 20.—Deputy Consul Adams reports to the state department from Dawson City, February 23, that in spite of danger and hardship, no less than 700 people left for Cape Nome during the winter, and that thousands are ready to leave as soon as spring opens. The winter was the coldest on record. The good output for this season is estimated at double that of a year ago, or from \$2,000,000 to \$25,000,000, due to improved methods of mining.

Wants to See England Win.

LONDON, April 20.—Bishop Hartzell, bishop of the American Methodist Episcopal church of Africa, who will sail for the United States Saturday by the St. Louis, says he considers Great Britain has been entirely right in the South African trouble from the outset and he expresses the hope that Dutch South Africa will be converted into British South Africa. "While speaking kindly of the Dutch leaders and erecting them with many fine and robust traits, he says: 'I wish to see England win because her victory will mean progress, better treatment for the blacks and greater welfare for the Boers.'"

BRYAN DENIES ANY ILLNESS

Says That He Has Never Felt Better and Will Continue Speeches.

REPORT OF CUBAN CENSUS

Whites Predominate, Instead of Colored Race, as Has Been Supposed.

WASHINGTON, April 20.—General Sanger today made public the preliminary results of the Cuban census taken under his direction. The figures are very instructive and the officials are gratified to find that the native Cubans constitute so large a portion of the population, that the whites so greatly outnumber the blacks, and that so large a proportion of the native population can read and write. In their opinion there seems to be no room for the objection that the proposed basis of suffrage would result in the turning of the island over to Spain.

The total population of Cuba is 1,572,797, including 815,205 males and 757,592 females. There are 447,372 white males and 462,926 white females of native birth. The foreign whites number 115,700 males and 26,458 females. There are 11,898 male negroes and 122,749 female negroes. The mixed races number 125,500 males and 145,305 females. There are 14,694 male and 163 female Chinese.

The population of Havana is 235,981, and of the province of Havana 424,804. The population of the province of Matanzas is 292,444; of Pinar del Rio, 173,054; of Puerto Principe, 85,234; of Santa Clara, 356,536, and of Santiago, 327,715.

GOVERNOR TAYLOR INDICTED

Charged With Complicity in Killing of Goebel.

FRANKFORT, Ky., April 20.—It is persistently reported here tonight that Governor Taylor has been indicted by the grand jury and that the indictment was returned this morning, along with those against Captain Davis and Green Goldman, but that this indictment will not be given out until Governor Taylor returns from Washington.

Judge Cantrell has fixed April 30 for the arraignment of Harlan Whitaker and "Tallow Dick" Combs, indicted as principals in the Goebel assassination, and Secretary of State Caleb Powers and Captain John Davis, indicted as accessories. The attorneys on that day will ask for bail and file petitions and affidavits asking for a change of venue. The date of the arraignment of the others has not been fixed.

OUTLAW SHOT BY POSSE

Rustler Shot Down in Utah While Resisting Arrest.

SALT LAKE, Utah, April 20.—A special to the Tribune from Thompsons, Utah, says Mr. Fullerton, manager of the Webster City Cattle company, yesterday discovered the men mutilating brands on his cattle. They threatened to shoot and he retreated. With the assistance of Sheriff Preece and posse the thieves were overtaken seventy miles north of here and ordered to surrender. The thieves showed fight and were followed further north, all exchanging shots, one of the outlaws being instantly killed. The dead man answers the description of "Flat Nose George," and investigation proves almost conclusively that he is one of the men that robbed the train of the Union Pacific railroad about a year ago. The boy has been brought to Thompsons for identification. Men are now on the way from Cheyenne to identify him.

RUMORS DISPOSE OF GATES

NEW YORK, April 20.—The Herald says: "Wall street is full of rumors to the effect that John W. Gates is to be deposed as the head of the American Steel and Wire company. These rumors, which have been in circulation for some time, assumed tangible form yesterday, when it was said that a syndicate headed by Andrew Carnegie, Andrew C. Frick and the Seligman interests and the Moore Bros. has obtained control of the company and will put Mr. Frick in Mr. Gates' place."

The Turkish Minister Calls

WASHINGTON, April 20.—Among the callers on Acting Secretary Hill today was Ali Ferrouh Bey, the Turkish minister to Washington. It was understood that the occasion for this call was the publication of the intention of the United States government to bring to an immediate issue the negotiations with Turkey relative to the payment of the American missionary and other claims. It is understood that the purpose of the minister was primarily to gather information on this subject.

THAT HIGH SCHOOL LAW

Superintendent Jackson Addresses a Letter to Nebraska Educators.

ACTION OF THE COURT DISCUSSED

Practically Impossible to Frame a Law That Will Be Constitutional Unless the Constitution Itself Be Amended—Miscellaneous Nebraska Matters.

LINCOLN, Neb., April 23.—State Superintendent Jackson has addressed the following letter to Nebraska educators touching the recent decision of the supreme court in declaring the free high school attendance law unconstitutional:

In High School District, No. 137, of Havelock, Neb., against County of Lancaster, in an opinion prepared by Judge Norval, the high school law passed in 1899 was today declared unconstitutional. Briefly stated, the grounds of this decision are as follows:

The law provided for the attendance of persons of school age at any high school in the county where such person resided outside the limits of any high school district. The tuition for such attendance at the rate of 75 cents per week was required to be paid the high school district of the county. Norval held in the opinion referred to that if 75 cents per week was in excess of fair compensation it was, on the one hand, favorable to the high school district, and on the other hand in the same degree was unfair to the remainder of the county. If conditions were reversed and 75 cents was insufficient, the county profited and the high school district was discriminated against. It was assumed that the rate indicated must necessarily be unequal and an unfair discrimination, one way or the other; that therefore the law was unconstitutional because in contravention of sections 1, 4 and 6 of article ix of the constitution of Nebraska. These sections, for the purposes of the case, were epitomized in the following paragraph of the syllabus prepared by Judge Norval: "The constitution of this state requires not only that the valuation of property for taxation, but the rate as well, must be uniform."

It would seem in the face of the foregoing that it will be practically impossible to frame a law that will be constitutional unless the constitution itself be amended.

We hope that no young man or young woman will feel that a high school education, or even a more advanced education, is out off because of this decision. The self-reliant young man or young woman who has the perseverance and determination to get an education will be able to overcome obstacles and make ways, and indeed it is a question whether it is not unfortunate for a young man to have his tuition paid if he is able to pay his way by his own efforts. We shall hope that there will continue to be the same interest and enthusiasm in the high schools of our state that has so fully characterized them during the present year.

State Entitled to a Share

LINCOLN, Neb., April 23.—A copy of the decision of the United States circuit court of appeals in the case of the State of Nebraska against J. W. McDonald, receiver of the defunct Capital National bank, was filed with the authorities at the state house. This suit was instituted to recover the state's deposit in the broken bank, amounting to \$285,351.85, and the decision of the court of appeals holds that the state has a legal claim to the money and should be paid pro rata with other depositors. The receiver is scored rather severely for refusing to allow the claim, which the court holds to be confessedly just and meritorious.

The opinion in the case is quite extensive and contains much matter of interest to Nebraska lawyers. The supreme court is complimented very highly in the following terms: "The state of Nebraska early adopted the reform system of pleading, and there is probably no state in the union whose courts have given to that system a more liberal and enlightened interpretation or one more in harmony with its obvious end, and we may say, expressed purpose and intent. The code of that state abolishes all common law forms of actions."

NEBRASKA'S NEW CHANCELLOR

Take a Rest and Then Enter Upon His Duties July 1st.

CHICAGO, Ill., April 20.—(Special to the Omaha World-Herald.)—Dr. E. Benjamin Andrews severed his connection with the public schools of Chicago tonight. He did not resign, but simply notified the board of education at its meeting that he intended to accept the position of chancellor of the University of Nebraska, and would therefore not be a candidate for re-election as superintendent of Chicago's schools. He also asked for two months' leave of absence without pay.

The board granted the leave, but insisted on giving him pay until the end of his term, which expires in the last week of June.

The letter amounted to a resignation and the granting of the leave will only give Dr. Andrews two more weeks as head of the schools. At the end of the month he will retire and go south to recuperate, according to his physician's orders.

The letter of Dr. Andrews, announcing that he intended to accept the Nebraska position, came as a surprise to the members of the board. The trustees thought Dr. Andrews had not made up his mind and would not do so until he had heard from his wife, who is to arrive in Chicago in the morning. The communication from Dr. Andrews read tonight was as follows:

"Graham H. Harris, President Board of Education—Dear Sir: Having been elected chancellor of the University of Nebraska, and meaning to assume the said office after the close of my present term of service with the board, I hereby respectfully notify you that I am not and shall not be a candidate for re-election as superintendent of schools.

"Further, the condition of my health and eyesight constrains me to request leave of absence without salary for the entire months of May and June, if possible, or if this is too much, for such or as large parts of those months as may be deemed suitable. Very respectfully,

E. BENJ. ANDREWS

No comments were made by the trustees. A motion was made and carried that Dr. Andrews be given two months leave with pay. No voice was heard in dissent to this proposition. Then a motion was made for the appointment of a committee to draw up resolutions expressing the regret of the trustees at the disappearance of Dr. Andrews from the Chicago public schools. The resolutions will be elaborately engrossed.

Free High School Law

LINCOLN, Neb., April 20.—The supreme court, in an opinion written by Chief Justice Sullivan, declared the free high school law, enacted by the last legislature, to be unconstitutional.

The case was that of the Havelock High school district against Lancaster county, and was brought for the purpose of testing the validity of the act. The law is held unconstitutional because of its provision that pupils from without the district may attend the High school free of cost, the district to be reimbursed out of the general fund of the county, at the rate of 75 cents per week for each pupil. This arbitrary rate, the court holds, may fall below or exceed the cost of tuition, contravening sections 1, 4 and 6, article 9, of the state constitution.

Harriman, chairman of the executive board, and Jacob Schiff, one of the directors, who has heavy Union Pacific holdings of his own; along with President Burt, General Manager Dickinson and Chief Engineer Berry.
