thus, in two days, fifty-two miles north of Bloemfontein. Little power was spent. The British work was hard murching, the Boers retiring out of reach of the British shells. The correspondents supplement Lord Roberts' plain statement with a few details.

As General Hutton, with the first mounted infantry brigade, drew near Brandfort he caw a khaki-clad body of troops ahead of him. He was sur prised, but thought they must be British. Soon, however, they opened fire on the British, who replied heavfly. They were the Irlsh-American brigade from Lourenzo Marquez, and it is reported that the Irish lost se-

To Study American Methods.

SAN FRANCISCO, May 7 .-- R. Kondo, president of the Nippon Yusen Kaisha, one of the leading steamship companies of Japan, has come to this country to make a study of the methods of transportation by rail and water lines. He wil visit the Pacific coast centers and then go east to New York. "The building up of trade on the

Pacific coast from 1893 to 1898 justifies the prediction." he said, "that the progress of development during the next few years will be greater than ever before. We favor an open-door policy and I believe that if we can make a commercial compact with the United States we can control the trade of China. We need capital for the development of our manufacturing industries. If we can get it from America we can do the rest and make large profits for both countries. Personally, I do not believe that there is any danger of war with Russia."

PARIS, March 5 .- Cardinal Richard, the archbishop of Paris, today performed the ceremony of the dedication of the chapel in the Rue Jean Goujon, elected to the memory of the charity bazaar victims by Count and Countess Castellane. The monument is architecturally a fine piece of work and its sculptural decorations are singularly appropriate to the role of a commemorative chapel. A colos- | sal statue of the Mater Dolorosa, with face upturned and arms outstretching toward heaven, stands on a marble and bronze altar. The edifice was hung with sable trappings for today's eremony. Owing to the size of the chapel only two representatives of each family which suffered by the disaster were invited. The deflication cere mony consisted of a low requiem mass. There was no singing. The cardinal recited the profundis and finally blessed the chapel.
